The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(19042)

Appropriation—For Assembly Hall and Gymnasium—Healy School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board stating that at the meeting of the Board of Education held on July 10th, 1912, report number 18446 was adopted, recommending that an assembly hall and gymnasium be built in connection with the Healy School, Wallace St. near 30th St., and recommending that an appropriation of \$50,000 be made for the erection of this addition, and that the President and Secretary of the Board be instructed to request the concurrence of the City Council in this action.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(19043)

Additional Work—Structural Iron—New Hyde Park High School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board stating that at the new Hyde Park High School, 62nd St. & Stony Island Ave., additional structural iron work is required, for which A. Bolter's Sons, contractors for structural iron work at this school building, have submitted bids as follows:

Structural iron work in connection with pent house enclosure around blower, etc., in connection with induced draft\$786.00
Steel door for transformer room to be built in ash room 44.00
Four additional pieces of cast iron for chimney cap, including bolts and setting 100.00

and further stating that the above bids have been carefully checked and found reasonable, and recommending that the same be accepted and the work ordered done.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(19046)

*Extend Smoke Stack—Grant Authority For
—May School.*

Your Committee on Buildings and Grounds reports that it found that the draught at the May School building, South 50th Avenue, and West Harrison Street, could be considerably improved by the extension of smoke stack, and recommends that authority be granted for extending said smoke stack ten feet in the approximate sum of \$450.00.

(19047)

*Extra Work—Plumbing—Ravenswood
School.*

Your Committee on Buildings and Grounds reports that it has provided for temporary closet facilities in connection with the addition to the Ravenswood School building, North Paulina Street and Montrose Avenue, for which bill in the sum of \$35.09, from Murphy-Keeley Company, the original contractor for plumbing at this building, and inasmuch as the same has been checked and found to be reasonable your Committee recommends that it be added to the original contract price.

(19048)

*Voucher—Issue Special—Plumbing and Gas
Fitting—Morse School.*

Your Committee on Buildings and Grounds reports that it has received request from Hanley-Casey Company, contractor for plumbing and gas fitting at the Morse School building, North Sawyer Avenue and Ohio Street, for payment in the sum of \$500.00, which is in excess of the 85 per cent allowed by the rules of the Board. Your Committee advises that this will leave a balance of \$318.22, which is more than ample to complete the unfinished portion of the work, and, inasmuch as this contractor is unable to complete the work owing to the fact that the Household Arts room is being used for class purposes, and the surety company being agreeable to the same, waiving all claims for release of obligation assumed as surety by reason of such payment, your Committee recommends that voucher be allowed in the amount requested.

(19049)

*Office and Business Employees—Additional
Fireman—Lane Technical High School.*

Your Committee on Buildings and Grounds reports that owing to the increased work at the A. G. Lane Technical High School building, Sedgwick and Division Streets, it is necessary that two additional firemen be placed to work earlier than has been the custom heretofore, and recommends that authority be granted for the assignment of two additional firemen to the above mentioned building as of date October 15, 1912.

(19050)

*Office and Business Employees—Re-arrange
Operating Force—R. T. Crane
Technical High School.*

Your Committee on Buildings and Grounds reports that it has received resignation from William J. Ogden, janitor, R. T. Crane Technical High School, Oakley Avenue and West Van Buren Street, the resignation being accepted as of date October 1, 1912. Your Committee further reports that the operating engineer, Frans O. Anderson, was notified to assume charge of the janitor work as of that date, employing such help as would be necessary to comply with the requirements, and that the salary heretofore allowed the janitor would be added to his salary, and asks concurrence in the action taken inasmuch as it is in compliance with the spirit and purpose of Report No. 11574-D adopted by the Board at its meeting held July 7, 1909, which provided for the assignment of one responsible Civil Service employe at each school building.

(19051)

*Electric Service—Award Contract—Wiring
and Fixtures—Smyth School.*

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids for the installation of adequate electric lighting facilities to insure sufficient illumination for Social Centers to be conducted at the Smyth School building, 13th Street and Blue Island Avenue, and recommends award of contract to the Howe Electric Company in the sum of \$279.00, it being the lowest bidder.

(19052)

*Electric Service—Grant Authority—Instal-
lation of Lighting Facilities—Engle-
wood High School.*

Your Committee on Buildings and Grounds reports that it has received request for the installation of additional electric lighting facilities in three rooms used in the evening school at the Englewood High School building, Stewart Avenue and 62nd Street, and asks that authority be granted for the installation thereof in the approximate sum of \$60.00.

(19053)

*Electric Service—Award Contract for Ex-
tending Electric Wiring, Calumet
High School.*

Your Committee on Buildings and Grounds reports that the Commonwealth Edison Company submits proposition in the sum of \$47.00 for the extension of three-phase current to the Calumet High School, Normal Avenue and 81st Street and recommends that this proposition be accepted with the understanding that the cost therefor be satisfied as stipulated in contract now in force which provides that the current consumed for a period of two years shall apply towards the expense involved in making the extension.

(19054)

Electric Service—Award Contract—R. T. Craue Technical High School.

Your Committee on Buildings and Grounds reports that it has received request for the installation of lighting facilities in Electrical Shop at the R. T. Craue Technical High School, Oakley Avenue and West Van Buren Street, for evening school purposes, and notified H. A. Framburg & Co. to proceed with this work immediately in the approximate sum of \$25.00 inasmuch as the facilities desired were needed at once for the accommodation of evening school sessions, and your Committee asks concurrence in the action taken.

(19055)

Request Granted—Install Electric Poles—Cleveland School.

Your Committee on Buildings and Grounds reports that it has received request from the Commonwealth Edison Company, asking for permission to replace one 30-foot 8-inch pole with a 35-foot 9-inch pole on Board of Education property east of Troy Street, being the second pole south of Byron Street, the same being necessary to provide electric service for the Cleveland School, Albany Avenue and Byron Street, and recommends that permission be granted with the understanding that ladders be not placed on pole and that the Board of Education have the right to order the removal of said pole at any time upon thirty days' notice without expense.

(19056)

Request Granted—Install Electric Poles—Haugan School.

Your Committee on Buildings and Grounds reports that it has received communication from the Commonwealth Edison Company asking for permission to erect two 35-foot 8-inch and one 30-foot 7-inch poles on Board of Education property east of Avers Avenue, to be the first three poles north of Sunnyside Avenue. Also one 35-foot 8-inch pole on Board of Education property north of Sunnyside Avenue, to be the second pole east of Avers Avenue, with right of access thereto for the maintenance thereof. These poles are to be erected for the purpose of supplying current to the Haugan School, Hamlin and Avers Avenues, and your Committee recommends that permission be granted with the understanding that steps and ladders be not placed on the poles and that the poles shall be removed at any time upon thirty days' notice without cost to the Board of Education.

(19057)

Contract—Award of—Repairs to Furnaces, Stoves and Ducts Brentano School Branch.

Your Committee on Buildings and Grounds reports that in accordance with authority heretofore granted, Report No. 18805, spe-

cifications have been prepared and bids received covering essential repairs to furnaces, stoves and ducts at the Brentano School Branch building, Diversey Boulevard and California Avenue, and recommends award of contract to R. Wiersig, he being the lowest bidder, in the sum of \$348.00, and further recommends in view of the urgency of having this building put in condition for reception of school sessions, and the delay generally experienced in having castings delivered, that R. Wiersig be notified to proceed with this work immediately.

(19058)

Contract—Award of—Wire Guards—Amend Report.

Your Committee on Buildings and Grounds reports that at a meeting of the Board of Education held on September 4, 1912, Report No. 18718 was adopted awarding contract to the Columbia Wire and Iron Works in the sum of \$29.00 for the installation of wire guards to afford protection to those whose presence is required in the engine room at the Wentworth School building. This was typographical error inasmuch as the work mentioned was intended for the Wadsworth School building, Lexington Avenue and 64th Street, and your Committee recommends that the original report be amended accordingly.

(19059)

Contract—Award of—Carving Table—Waller High School.

Your Committee on Buildings and Grounds reports that it has received bids in accordance with specifications for the furnishing and installing carving table as authorized by the Board, Report No. 18917 at the Waller High School building, Orchard and Center Streets, and recommends award of contract to Ricketts, Bartlett Range Company in the sum of \$65.00, it being the lowest bidder.

(19060)

Contract—Award of—Portable Boiler—Wells School.

Your Committee on Buildings and Grounds reports that delay was experience in obtaining boiler for the Wells School building, North Ashland Avenue and Augusta Street, and it was therefore deemed expedient to at once rent portable boiler and make essential connections to insure the adequate heating of the two school buildings. Proposition was received from the Henry Pratt Company in the sum of \$3.00 per day for the rent of boiler, and from the American Heating and Plumbing Corporation in the sum of \$300.00 which includes the hauling of boiler to and from building, smoke pipe and installation which provides for the placing of all necessary

connections. This work was ordered done immediately in view of the necessity for heat that classes might be conducted without interruption, and your Committee recommends concurrence in the action taken.

(19061)

Contract—Award of—Pipe Covering.
Your Committee on Buildings and Grounds

reports that it has received bids in accordance with specifications for pipe covering for the ensuing year. In scheduling the bids received the Francis Parkman School building, 51st Street and 50th Avenue, was used as a sample, and from the figures thereby obtained the H. F. Watson Company was found to be the lowest bidder, and your Committee recommends the acceptance of its proposition as follows:

Architect's Report for the Month of September, 1912.

Your Committee on Buildings and Grounds reports the following in relation to buildings in course of construction and to work on plans, etc., in drafting room:

Carter—

58th St. and Michigan Ave., 24 class rooms.

Mason work completed except lining swimming tank with enamel brick, patching and cleaning down of face brick. Cut stone work completed. Carpenter has completed floor strips and grounds in second and third stories and now at work on roof over assembly hall. Cinder concrete being put in class rooms on third story. Composition roof being put on main building. Plasterer making mortar and preparing to start plastering in third story class rooms. Fireproofers at work on partitions in first story. Iron stairs being installed.

Clarke Addition—

Ashland Ave. and 13th St. 12 class rooms.

Alterations of the old building have been very much delayed by the contractor for structural steel work, who claims he has been unable to get steel beams either from the steel mills or from stock in Chicago. This interfered with practically every other trade on the building. Work on iron stairs has been delayed on account of the inability of the contractor to get the necessary castings promptly. Work in the old building is now progressing so that the old building can be used for school

purposes about October 9th, 1912. New addition has foundations and basement walls completed and first story iron in place. The walls in first story are practically all built waiting for steel beams, etc. Contractor for structural iron work is again being delayed on account of inability to secure steel beams.

Delano—

Adams St. and Springfield Ave. 24 class rooms.

Lathers at work lathing third story ceiling, also walls, and walls of second story. Fireproofing practically completed. Cement contractor filling in with cinders under first floor; also laying cinder concrete between deafening strips on second and third stories. Iron setters putting up suspended iron work of false ceiling in first story. Sheet metal contractor glazing skylights. Painter priming sash. Glazing contractor glazing sash. Ventilation contractor building walls around chambers; also setting engines, etc. Steam heating contractor at work connecting up radiators, pumps and engines.

Emmet Addition—

Madison St. and Pine Ave. 12 class rooms.

Composition roofs completed on new addition except assembly hall. All iron set for assembly hall roof. Fireproofers setting book tile for same. Carpenters fitting sash. Contractor laying cement floors in first story.

Farson Addition—

95th St. and Prospect Ave. 12 class rooms.

Carpenter work in old building now completed and painters at work on the varnishing and painting. New building occupied Sept. 3rd, 1912.

Gresham Addition—

Green and 85th Sts. 4 class rooms.

Plastering completed. Carpenter work all completed except putting on of some hardware; carpenter now at work on same. Inside glass in doors and transoms not yet set.

Hammond Addition—

21st Pl. and California Ave. 12 class rooms.

The plastering is practically completed on third story, and lathing is nearly completed on second story of new addition. Fireproofers finishing partitions and false ceilings on first story of new addition. The concrete work is finished except the cement curb. Sheet metal contractor covering trusses on assembly hall and decks over entrances. Carpenter getting first story ready for plastering.

Haugan—

Hamlin and Sunnyside Aves. 24 class rooms.

Building completed and occupied for school purposes Sept. 3rd, 1912. The hanging of large sliding doors in assembly hall and a few minor items not finished.

Howland Addition—

Spanland Ave. and 16th St. 8 class rooms.

Mason work practically completed on new addition. Cut stone setters, at work setting stone coping. Fireproofing contractor putting in book tile of main roof. Sheet metal men at work putting on skylights, etc., over boiler room. Stair contractor erecting iron stair cases. Cement contractor completing floors in boiler room, passages to boiler room, air chambers, etc. Structural iron practically completed. Old building occupied Sept. 3rd, 1912. Fire was started under boilers to dry out walls Saturday, Sept. 28th, 1912.

Hyde Park High—

62nd St. and Stony Island Ave.

Plastering of building except assembly hall, swimming tank room east corridor, is practically completed. Masonry except cleaning face brick and setting of terra cotta cap on stack, is practically completed. Carpenter is trimming in west wing; same is practically completed in second and third stories. Maple floors are laid in east wing, second and third stories. Painter is filling and shel-lacing trim. Asphalt floors are laid in west wing and second floor of east wing; also in toilets. Cement floors are laid and entrance sills are in place. Work on iron stairs, except fire escape and stairs in assembly hall, is practically completed.

Irving Addition—

Lexington St. and Hoyne Ave. 15 class rooms.

Mason work of new addition ready for third story ceiling beams. Iron setters have set third story ceiling beams. Carpenter has set third story window frames. Work in old building practically completed. Fireproofers have put in first and second floor tile arches and working on partitions in same floor. West stairs completed; also main stairs except hand rails. East stairs in place except railings. Asphalt and cement floors completed in old building; also in boiler and coal rooms and main stairs, landings and corridors. Plasterer completed with work in old building. Composition roofs of boiler house completed. Painting practically completed in old building. Glazing completed in old building. Sheet metal work on west entrance completed; also skylight, downspouts, etc., in boiler house roof.

Kenwood Addition—

Lake Ave. and 50th St. 6 class rooms.

Carpenters at work on alterations in the old building and finishing woodwork in the assembly hall. Plastering in connecting corridors between old and new buildings completed. Bricklayers at work on the smoke stack. Painters at work on wood work of alterations in old building and filling and varnishing wood work in the assembly hall. New building occupied Sept. 3rd, 1912.

Morse Addition—

Sawyer Ave. and Ohio St. 12 class rooms.

Plastering completed in new additions except assembly hall. Carpenters finishing north and south additions. Cement and asphalt work completed. Iron setters setting tee irons for ceiling in assembly hall.

Nettelhorst Addition—

Evanston and Aldine Aves. 9 class rooms.

All class rooms in new and old buildings occupied for school purposes Sept. 3rd, 1912. Painting and glazing of this building has been delayed on account of labor difficulties, which have been adjusted and work being proceeded with. Carpenters laying floor in assembly hall and finishing same.

Ravenswood Addition—

Paulina St. and Montrose Ave. 12 class rooms.

Foundations are all completed and cut stone base course set around entire building. Masonry of first story, south wing, is completed and second story beams are being set. First story masonry of north wing is about half completed.

Ryder—

Lowe Ave. and Wallace St. 12 class rooms.

Brick work of building practically completed. Smoke stack will be completed by October 8th, 1912. Carpenters now at work on grounds and getting ready for plasterer. Sheet metal men at work on galvanized iron coping. Fireproof tile arches all in place and men now at work on ceiling tile and partitions in third story. Iron stairs all in place except hand rails. Cut stone work completed.

Senn High—

Southport Ave. and Francis St.

The jurisdictional trade disputes have been settled and all trades resumed work, with the addition of iron stair setters and roofers. Mason contractor has completed all structural work except piers under assembly hall floors. There remains to be done the enamel brick lining of swimming tank and duct walls in toilet rooms. Stone setting and terra cotta setting is practically completed. Sheet metal contractor at work on gutters, roof-boxes, overflows and skylights. Work of composition roofing commenced. Structural iron setting completed except ceiling tees, assembly ball floor and ceiling, gymnasium hangers and stairs, etc. Iron stair work commenced in west entrance. All roof carpentry practically completed. Fireproofing of all floors and roofs practically completed and partition work under way. Concrete floors being laid in tunnel under west first story corridor.

Seward Addition—

Re-New Authority for Appointment of Investigating Attorney and Appoint Assistant Attorney.

The Committee on Finance respectfully reports that in accordance with the request of the Attorney of the Board for the renewal of authority for the employment of George Steinbrecher, Investigating Attorney of the Board, from October 18, 1912, and upon suggestion that the position thereafter be a permanent one.

The Committee recommends that George Steinbrecher's employment be extended to November 18, 1912, and that thereafter the position be filled until July 1, 1913, by A. E. Guerin at a salary of \$100.00 per month.

No objection having been made to any of the recommendations contained in the

several reports submitted, on motion of Mr. Reinberg to the reports were received and the recommendations contained therein were adopted, each adoption being declared to have been the action of the Board on each individual recommendation.

Yeas—Messrs. Cameron, Urion, Dr. Guerin, Dean Sumner, Judge Sears; Messrs. Lipsky, Huttman, Dibelka, Pfaelzer, Sethness, Reinberg, Sonstebly, Kelly and Dr. McFatrish. 14.

Nays—0.

On motion of Mr. Cameron, the Board adjourned.

L. E. Larson
Secretary.

(19091)

Teacher—Salary for Absence on Account of Train Delay.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools:

The Superintendent of Schools reports that the following request has been received from Daisy D. Hewitt, teacher in the Avondale School, for a refund of salary deducted for absence the first morning of school.

"Eight dollars and eighty cents (\$8.80) were deducted from my check this month, because I was absent the first Tuesday

morning that school began.

"I was in northern Wisconsin, and was delayed by the washouts on the Chicago, Milwaukee & St. Paul. The train I was on was to arrive here at nine o'clock on Monday morning, instead of that, it reached Chicago at twelve-fifteen Tuesday noon. I tried to make other connections along the way, but the North-Western had a wreck because of the washouts, and no trains were running there either.

"It was the first time in over twenty years that I ever missed the first morning of school.

"If there is any rule by which I can get part of that money back, I will be very grateful to you if you will favor me."

The Superintendent refers the request to the Committee.

The Committee recommends that the same rule be applied in the case of Miss Hewitt as that applied to teachers delayed when returning from Europe.

(19092)

Grant Extension of Pay Beyond Two Weeks to Teacher Because of Quarantine.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that Clara Chapman, teacher in the Wentworth School, has been quarantined five weeks because of scarlet fever in her home. She received under the rules of the Board full pay for two weeks. She now asks that she be paid for the remaining three weeks. As there is no rule governing such cases the Superintendent refers the request to the Committee, with the recommendation that this and similar cases be classified under the proviso in the third sentence in Section 89, which reads as follows:

"In case of serious illness of a teacher continuing after an absence of two weeks, a refund consisting of the difference between the amount of the teacher's salary and the amount paid the substitute shall upon written order from the superintendent be paid the teacher for a period of ten consecutive weeks following the close of the absence of the first two weeks."

(19093)

Leave of Absence to Principal and Teacher Without Loss of Pay.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that Mary F. Willard, Principal of the Burley School, be given leave of absence for four days in November, without loss of pay, provided no substitute is required, in order to go as a delegate to the meeting of the Association of Collegiate Alumnae at Ann Arbor; that William N. Clute, teacher in the Flower Technical High School, be given leave of absence for one day in November, without loss of pay, provided no substitute is required, in order to address the meeting of the High School Principals at Urbana on the subject of School Gardens.

(19094)

Leave of Absence Without Loss of Pay to Principals and Teachers.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that B. F. Buck, Principal of the Lake View High School be given leave of absence without loss of pay on October 23 to 26th to attend the National Conference on Vocational Guidance; that George W.

Eggers, Instructor in Teachers College, be given leave of absence without loss of pay on November 8th, for the purpose of taking part in the program of the Wisconsin Teachers Association in Milwaukee; that W. F. Willard, teacher in the Schurz High School be given leave of absence without loss of pay on November 22nd, for the purpose of presenting to the High School Conference, to be held at the University of Illinois, the course of mechanical and machine drawing as offered by the Chicago Public High Schools; that Fulton B. Ormsby, Principal of the Bass School, and Morgan G. Hogge, Principal of the Harper School, be given leave of absence without loss of pay, on Friday afternoon, October 28, to represent the Principal's Club at the meeting of the Schoolmasters' Club in Peoria; that Dudley Grant Hays, Principal of the Newberry School, be given leave of absence, without loss of pay, for three and one-half days in November, to attend the National meeting of the Illinois Farmers' National Congress in New Orleans, of which he is president; that Grace E. Barbour, Kindergarten teacher in the Schiller School, be given leave of absence, without loss of pay, on October 29, in order that she may address the Rockford Woman's Club on "Play in Education"; these leaves of absence to be granted provided no expense is incurred by the Board."

(19095)

Admissions to Normal School.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that Frances R. Duffey, a graduate of Rockford College (B. A. Degree), with two years' post graduate work in the University of Chicago, and Evelyn Frederickson who was successful in the academic examination for entrance to Chicago Teachers College, applied for admission to Teachers College some time after the opening of the term, and were admitted by the principal pending the receipt of formal cards of admission from the Superintendent's office. They have both shown themselves qualified to continue with the classes, and as they have passed the required physical examination, the Superintendent has given them cards of admission.

Request of Principal of Forestville School to Allow Pupils to Bring Old Garments For the Needy at Thanksgiving Time.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools: The Superintendent of Schools refers to the Committee the following request from the Principal of the Forestville School:

"For many years Forestville Children have brought garments to school Thanksgiving Day—clean, mended and fit for wear.

"We have no contagious diseases and it seems a pity to waste good garments which would fit needy little ones to withstand our dreary weather and enable them to attend school.

"Mrs. Bradburn, our warm hearted truant officer, always attends to fitting the garments to the child. The Principals of schools nearby are anxious to have our gifts. May we not continue?

"I know there may be the danger of contagion if clothes were taken from homes where illness exists, but on the other hand, the children need the clothes to keep them from getting colds, etc., and a real opportunity—not manufactured—for deeds of kindness would be lost."

The Committee recommends that the request be concurred in.

(19098)

Authorize Announcement of Children's Day at the International Live Stock Exposition.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

Adopt Resolution with Reference to Establishment of School for Epileptics.

The Committee on School Management reports that it is in receipt of the following resolution, presented by Mr. Lipsky, and recommends the adoption of the same:

Chicago, Ill., October 24, 1912.

To the Committee on School Management, Board of Education. A Resolution—

Whereas, the reports of the compulsory education department show that there are in this city 290 children of school age who are epileptics, and,

Whereas, the records of the child study department show that 64 children, between the ages of 6½ and 14½ years have been excluded from the Public Schools since January 1, 1911, because they are epileptics and,

Whereas, these cases are neither of the mild or temporary type nor of the type requiring hospital care but are educable cases and,

Whereas, neither the City, County, nor State makes any provision for the care of such cases, therefore be it RESOLVED that the Superintendent of Schools be requested to report on the feasibility of the establishment by the Board of Education of a School where such cases may be segregated, such School to provide dormitory and boarding facilities for the pupils so that the education and the special treatment required for such cases may be under the direct supervision of the Board.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary.

(19127)

Use of Playground Adjoining Doolittle School.

The Committee on Buildings and Grounds reports that, it is desirable that the Board of Education obtain as soon as possible the use of the land adjoining the Doolittle School site which is being acquired by direct purchase from the State of Illinois for playground purposes as authorized by the Board at its meeting held July 24, 1912, Report No. 18582, and that it is in receipt of a communication from Col. John R. Marshall, President Armory Commission, Eighth Infantry, Illinois National Guard, under date of October 18, 1912, which reads as follows.

"The Armory Commission has authorized me to inform you that the Board of Education can use the property of the Eighth Infantry, east of the Doolittle School, for a playground and can make such improvements as are necessary for their purpose.

The billboard on the property belongs to the American Posting Service, No. 757 W. Jackson Blvd., and I am notifying them to remove the same for your convenience."

The Committee recommends that the Board of Education authorize the Special Park Commission to proceed with the installation of apparatus on the above property to equip the same for a Municipal Playground on the basis of the above permission, pending the transfer of title to the property from the State, the license for the use of the ground by the Special Park Commission to be prepared by the General Counsel of the Board.

(19128)

Changes in Rules Governing Forfeiture of Deposits.

The Committee on Buildings and Grounds reports that it has had under consideration the matter of a change in the Rules of the Board whereby the forfeiture of deposits submitted by contractors with proposals for material, supplies or contract work shall be made applicable to any bidder to whom contracts are awarded; that it referred the matter to the General Counsel of the Board for a written report suggesting the necessary modifications in the Rules of the Board and specifications covering the above change and submits herewith the communication from the General Counsel with reference thereto and recommends concurrence by the Board in the suggestions contained therein as follows:

"I beg to acknowledge receipt of your letter of October 1st, in which you ask for a written report to be given to the Committee on Buildings and Grounds, suggesting changes in the specifications, whereby the forfeiture of deposits shall be made applicable to any bidder to whom contracts are awarded. Upon the receipt of your letter I procured the form of speci-

cations used and identified as Form R-No. 27. I assumed that this form is the one generally used by the Board in letting contracts. If, however, any other forms are in use, upon notification I will examine the same and suggest any changes which may seem to be necessary therein.

With reference to the specifications in question in the second paragraph of Section 47, I would suggest that the first sentence thereof be modified to read as follows:

"All proposals of every kind must be accompanied by appropriate deposits to remain with the Board of Education as hereinafter provided."

And in the same paragraph, in the 13th line of the section I would suggest that the sentence beginning "all deposits accompanying the etc.," shall be modified to read as follows:

"All deposits accompanying the proposals, which shall not be accepted, shall be returned to the bidders, but only after the written contract with the successful bidder has been executed, together with satisfactory bond approved in accordance with the provisions hereof, and the return of the deposits shall be in strict conformity with the written directions given when the deposits were made."

The remainder of the paragraph can remain as at present.

It will be necessary also to modify your rules accordingly, inasmuch as Section 47 of said specifications appears to be a statement of the rules of the Board.

I recommend that the last clause of said specifications as found in the paragraph headed "Note," and beginning as follows: "Bidders are requested, etc.," be stricken out and the following clauses submitted in lieu thereof:

"The Board of Education of the City of Chicago reserves the right to hold the deposit of any bidder or the deposits of all bidders herein until a written contract has been duly executed by the successful bidder and proper and sufficient bond has been executed and approved as herein provided.

"The Board of Education also reserves the right (in the event of the failure of the bidder to whom the award is made to qualify as hereinbefore required), to re-let in due course, the contract, to any one who has submitted a proposal, and to forfeit the deposit of any bidder or bidders who fail to qualify, upon being awarded the contract, after notice as hereinbefore mentioned, or after failure to execute a contract and bond within the ten days as provided herein."

With these modifications I think it will be possible to forfeit the deposit of any bidder whose bid has been accepted, and who declines to qualify.

October 25, 1912.

Committee on Buildings and Grounds, Board of Education of the City of Chicago.

GENTLEMEN:—

In condemnation proceeding Gen. No. 315,632, in the Circuit Court of Cook County, entitled "City of Chicago, In Trust for the Use of Schools, vs. Carl Christensen, et al.," a trial has been had and verdict rendered.

In this proceeding Lots six (6), seven (7), eight (8), nine (9), ten (10), eleven (11), twelve (12), thirteen (13), fourteen (14), and the south ten feet of Lot fifteen (15), in the W. B. Kennedy's Re-Subdivision of Lots one (1) to eight (8), inclusive, twenty-two (22) to twenty-seven (27), inclusive, twenty-nine (29) and thirty (30) in Block fifteen (15), in West Auburn Subdivision of Blocks one (1) to four (4) and thirteen (13) to sixteen (16), inclusive, in the Subdivision of the South East quarter of Section twenty-nine (29), Township thirty-eight (38) North, Range Fourteen (14), East of the Third Principal Meridian, situated in the City of Chicago, County of Cook and State of Illinois, are condemned.

Said property is comprised of thirty (30) foot lots having a frontage of 120 feet on South Green Street and 160 feet on South Peoria Street, south of West 76th Street, running back to a sixteen-foot alley, and adjoins the Oglesby School. The jury awarded the respondents the following sums:

To the owner of and parties interested in Lot 6 aforesaid, the sum of	\$2,200.00
To the owner of and parties interested in Lot 9 aforesaid, the sum of	1,100.00
To the owner of and parties interested in Lots 7, 8, 10, 11, 12, 13, 14, and the south 10 feet of Lot 15 aforesaid, the sum of	9,167.00
Costs of suit	9.00

Total\$12,476.00

This verdict is, in our opinion, just and reasonable and we request that your Committee recommend to the Board of Education of the City of Chicago the issuance of a proper warrant in the sum of \$12,476.00, payable to the County Treasurer of Cook County, for the use of the respondents in the case. Upon the payment of the said sum to the County Treasurer, a good title to the above described property will vest in the City of Chicago, in trust for the use of Schools, for the uses and purposes set forth in the petition filed in said cause.

Accompanying this report is a blueprint of the survey of the property in question.

Respectfully submitted,

(Signed) A. R. SHANNON,
Attorney, Board of Education.

Equipment—Award Contract—Lunch Room—Hyde Park High School.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids as authorized by the Board for lunch room equipment at the new Hyde Park High School building, 32nd Street and Stoney Island Avenue, and recommends award of contract to the lowest bidder in each instance as follows:

Ricketts & Bartlett's Range Company—

Item No. 1. Two Carving

Tables \$130.00

Item No. 2. Two 10-

Gallon Chocolate Urns. 90.00

\$220.00

Stearns Steel Range Company—

Item No. 3. Range 125.00

(19156)

Electric Service—Extend Wiring—Senn High School.

Your Committee on Buildings and Grounds reports that it has received proposition from the Commonwealth Edison Company in the sum of \$715.40 for the extension of electric service to the Senn High School building, Ridge and Francis Avenues, of sufficient capacity for light and power there required, and recommends its acceptance with the understanding that payment therefor will be made as stipulated in existing contract which provides that payment for current consumed within a period of two years shall apply towards the cost of extension.

(19157)

Electric Service—Waller High School.

Your Committee on Buildings and Grounds reports that bids were received some time since, Report No. 17266, for changing lighting facilities in assembly hall at the Waller High School Building, Orchard and Center Sts., but were unsatisfactory and for that reason rejected. Your Committee further reports that the electrician working under the jurisdiction of the Board can make the changes more economically than as indicated by the bids received, and recommends that authority be granted to have the work performed by him.

(19158)

Electric Service—Extend Electric Service—Farson School.

Your Committee on Buildings and Grounds reports that it has received communication from the Commonwealth Edi-

son Company in the sum of \$52.00 for placing a 2 in. conduit containing three No. 1 double braid stranded wires, and two No. 10 double braid rubber covered wires, southwest corner of building, same to be located at the highest point possible on the side of boiler room wall; furthermore that the three sets of lighting wires now extended through rear wall of building to be connected to the No. 1 set of wires, and the two power wires to be connected to the pair of No. 10 wires, at the John Farson School Building, 95th St. and Prospect Avenue. Inasmuch as this was an emergency matter, the building being desired for political purposes, the Commonwealth Edison Company was notified to proceed immediately with the work, and your Committee asks concurrence in the action taken.

(19159)

Electric Service—Hyde Park High School—Award Contract.

Your Committee on Buildings and Grounds reports that it has received proposition in the sum of \$63.00 from the Pierce Electric Company, the original contractor, for wiring, setting and connecting one 3 h. p. motor to operate band saw in east end of wood shop at the Hyde Park High School Building, 62nd St. and Stoney Island Ave. Your Committee further reports that this was not included in the original specifications for the reason that this is an additional band saw, but the proposition received for the work mentioned has been checked and found to be reasonable, and recommends its acceptance.

(19160)

Electric Service—Award Contract—Extra Electric Wiring—Phillips High School.

Your Committee on Buildings and Grounds reports that it has received proposition from A. H. Ingraham in the sum of \$223.00 for the installation of 4-wire, 3-phase No. 6 feeder, from a point of entrance of Commonwealth Edison Company service to switchboard located in the Electrical Department on the third floor of the Wendell Phillips High School Building, 39th St. and Prairie Avenue, all to be extended in conduit. This is an extra in addition to the contract heretofore awarded inasmuch as it was understood at the time the original specifications were prepared that it would be possible to have service provided by the Commonwealth Edison Company overhead as this school is on the delivery line. However when bid was received from the Commonwealth Edison Company it was ascertained that overhead service could not be obtained, which necessitated the extra on the part of the original contractor. Proposition received from the contractor in question has been very carefully checked and found to be reasonable, and your Committee recommends its acceptance.

(19161)

Equipment—Award Contract—Forge and Foundry Machinery—Hyde Park and Senn High Schools.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids for essential forge and foundry machinery required to provide adequate equipment for the new Hyde Park High School, 62nd Street and Stoney Island Avenue, and the Senn High School building, Ridge and Francis Avenues. The bids were referred to a Special Committee which has thoroughly examined the merits of the various machines, and, while its recommendations do not provide for award of contract to the lowest bidder in each instance, it does provide for the acceptance of machinery best adapted to the needs of the schools, and your Committee recommends concurrence therein as follows:

S. Obermayer Company—

HYDE PARK HIGH SCHOOL.

Item No. 19. Brass furnaces	\$285.00
Item No. 20. Core oven . . .	162.00
Item No. 21. Core machine.	70.00
Item No. 22. One cupola . .	900.00
	\$1,417.00

SENN HIGH SCHOOL.

Item No. 19. Brass furnaces	\$285.00
Item No. 20. Core oven . . .	162.00
Item No. 21. Core machine.	70.00
Item No. 22. Cupola	800.00
	\$1,317.00

(19162)

Electric Service—Award Contract—Electric Wiring—Austing High School.

Your Committee on Buildings and Grounds reports that authority was granted by the Board, Report No. 17935 and No. 18339, for tools, machinery, etc., Manual Training Department, Austin High School building, Frink Street and Willow Avenue, and that specifications have been prepared and bids received for essential electric wiring, and recommends award of contract to the Howe Electric Company, it being the lowest bidder, in the sum of \$748.00.

(19163)

Contract—Award of—Construction of Catch Basin—Clarke School.

Your Committee on Buildings and Grounds reports that it has received proposition from P. Nacey Company in the sum of \$50.00 for the construction of catch basin in court at the Clarke School building, Ashland Avenue and 13th Street. This was not included in the original specifications and inasmuch as certain other work was being delayed owing to the catch basin not being installed, P. Nacey Company was notified to proceed with the work, and inasmuch as the bid has been checked and found to be reasonable, your Committee asks concurrence in the action taken.

(19164)

*Contract—Award of—Drainage—Scale Pit
—Whittier School.*

Your Committee on Buildings and Grounds reports that owing to the installation of scale at the Whittier School building, 23rd and Lincoln Streets, essential drainage facilities were needed for which specifications were prepared and bids received and contract awarded to C. J. Boyd, he being the lowest bidder, in the sum of \$51.25. Your Committee recommends concurrence in the action taken inasmuch as this was considered an emergency matter.

(19165)

*Contract—Award of—Motors to Operate
Machinery—Hyde Park High School
and Senn High School.*

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids for the installation of electric motors, compensating starters, etc., to operate machinery at the new Hyde Park High School building, 62nd Street and Stone Island Avenue, and at the Senn High School building, Ridge and Francis Avenues, and recommends award of contract to the lowest bidder in each instance as follows:

Jas. Clark, Jr., Electric Company—
Hyde Park High School, \$1,350.00
Senn High School 1,397.00
\$2,747.00

(19166)

*Contract—Award of—Water Filters—Nor-
mal Arts and Gymnasium School.*

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids for the installation of water filters in connection with swimming pools at the Normal Arts and Gymnasium School buildings, 68th Street and Stewart Avenue, and recommends award of contract to the Roberts Filter Manufacturing Co. in the sum of \$890.00, it being the lowest bidder.

(19167)

*Contract—Award of—Heat Regulation—
Von Humboldt School.*

Your Committee on Buildings and Grounds reports that the assembly hall at the Von Humboldt School building, Rockwell and Hirsch Streets, is being divided into four class rooms for which heat regulation consisting of thermostats, etc., is essential. Proposition has been received from the Powers Regulator Company in the sum of \$50.00 for the work involved, and inasmuch as this proposition has been checked and found reasonable and this firm installed the original heat regulation apparatus at this building, your Committee recommends its acceptance.

(19168)

*Contract—Award of—Plumbing, Gas Fit-
ting, etc., Sundry Schools.*

Your Committee on Buildings and Grounds reports that it has received requests for the installation of new sinks, etc., for portable at the Earle School Branch, 57th Street and Seeley Avenue, for water supplies to provide adequate drinking facilities at the Haugan School building, Hamlin and Wilson Avenues; necessary gas extension to provide gas lighting facilities at the Sherman School building, Morgan and 51st Streets, and bubbling cup drinking facilities in corridors at the Smyth School building, 13th Street and Blue Island Avenue, and water tanks for lunch rooms at the Schurz High School building, Milwaukee Avenue and W. Addison Street, and recommends award of contract to the lowest bidder in each instance as follows:

B. E. Lynam—
Haugan School \$180.00
Murphy-Kecley Company—
Sherman School 197.00
Schurz High School 84.00
\$281.00
John Delehant—
Earle Branch 90.75
W. W. Watson—
Smyth School 61.00

(19169)

*Contract—Award of—Ventilating Sundry

(19170)

*Contract—Award of—Water Pipe Extension
—Normal School.*

Your Committee on Buildings and Grounds

reports that it has received from the Superintendent of Water Pipe Extension an estimate in the sum of \$450.00 for the extension of 297 feet of 6-inch main, complete with hydrants, basins, etc., from Butler Street eastward, to provide ample water facilities for the new Normal School building, 68th Street and Stewart Avenue, for which contract was recently awarded. The estimate in question includes all work, except replacing any pavement which may be damaged in crossing Butler Street, and the permit for making opening in street is to be taken out by the Board of Education. This estimate has been checked and found to be reasonable, and in view of the urgency of having said facilities provided, your Committee recommends its immediate acceptance that the installation may be completed before the setting in of frost.

(19171)

Contract—Award of—Gas Service—Delano School.

Your Committee on Buildings and Grounds reports that it has received communication from the Peoples Gas Light and Coke Company stating that it will require approximately 105 feet of pipe in excess of the 50 feet extended by it free of charge to provide gas lighting facilities at the Delano School building, Adams Street and Springfield Avenue, said pipe to be billed at the rate of 80 cents per foot. In addition thereto it will be necessary to make an opening in the street for which the approximate sum of \$25.00 will be required to repave after extension of gas pipe will have been made, and your Committee recommends that authority be granted for the acceptance of this proposition with the understanding that the Board of Education will pay the extras as above stated.

(19172)

Report No. 19172 recommitted.

Direct Purchase.

Hirsch Street, Leavitt Street and Irving Avenue.

Your Committee on Buildings and Grounds reports that it is in receipt of a communication from the Attorney of the Board, recommending the direct purchase from Morris Perlman, the owner of Lots thirty-seven (37) and thirty-eight (38) in Davis' Subdivision of Block eight (8) of Watson, Tower and Davis' Subdivision of the West half of the Northwest quarter of Section six (6), Township thirty-nine (39) North, Range fourteen (14), East of the Third Principal Meridian, together with the improvements thereon, for the sum of Six Thousand Seven Hundred and Fifty Dollars (\$6,750.00); said premises having a frontage of 48 feet on Hirsch Street and 127.5 feet on Leavitt Street, to a 16 foot alley, and are located on the northwest corner of said streets. They are improved with an old dilapidated brick building.

Your Committee has given said recommendation consideration, and recommends that the Board purchase from said Morris Perlman said Lots thirty-seven (37) and thirty-eight (38) in Davis' Subdivision of Block eight (8) of Watson, Tower & Davis' Subdivision of the West half of the Northwest quarter of Section six (6), Township thirty-nine (39) North, Range fourteen (14) East of the Third Principal Meridian, subject to the taxes subsequent to the year 1912, for the sum of Six Thousand Seven Hundred and Fifty Dollars (\$6,750.00), in accordance with the proposal of said Morris Perlman dated October 25, 1912, and that the President and Secretary of this Board be authorized, and they are authorized, to request the concurrence of the City Council in said purchase, the same being a part of the new site at Hirsch Street, Leavitt Street and Irving Avenue.

No objections having been made to any of the recommendations contained in the several reports submitted, on motion of Mr. Sethness the reports were received and the recommendation contained therein were adopted, such adoption being declared to have been the action of the Board on each individual recommendation.

FINANCE.

Mr. Reinberg, Chairman of the Committee on Finance, presented reports of the Committee, as follows:

Fix Salary of Stenographers.

Your Committee on Finance respectfully reports that it is in receipt of the attached report from the Superintendent of Schools.

Your Committee further reports that it has carefully considered this matter and recommends concurrence in the recommendation of the Superintendent.

To the Committee on Finance:

The Superintendent of Schools reports that information has been received that a Civil Service employe who has been recommended for the maximum salary of any group for which an examination has been taken, is obliged to advance gradually, thereby not receiving the increase recommended for several years, and is also debarred from taking future promotional examinations for a period of years. The Superintendent not having information in regard to the above decision of the Civil Service Commission, made recommendation that the salary of Lillian V. Clement be fixed at \$1,680.00, the maximum of the group for which she has taken an examination. If the recommendation suggested placing the salary at \$1,800.00, the minimum of the next group, Miss Clement would have opportunity to take an examination. The Superintendent therefore recommends that the recommendation fixing the salary of Lillian V. Clement at \$1,680.00 be changed to \$1,800.00, beginning January, 1912.

Respectfully submitted,

ELLA FLAGG YOUNG,

Superintendent of Schools.

Chicago, October 30, 1912.

Recommendation Regarding Extra Teacher at Lane High School.

The Committee on Finance recommends concurrence in the following report from the Superintendent:

To the Committee on Finance:

The Superintendent of Schools reports that the clerk, more definitely termed the extra teacher, at the Lane Technical High School, presented to your Committee a request for an increase in salary, which request was referred to the Superintendent of Schools. The demand at the present time of the principals of Chicago is for the appointment of an extra teacher for whole or for part time in each and every school in the city. Until the Board can meet this absolute need, I think it would be a serious mistake to place those who are in the service on a higher schedule, and to refuse to furnish extra teachers for about two hundred schools that need them. The Superintendent believes it possible to fill the position of extra teacher with teachers whose salaries fall within the limits of the schedule of salaries for lower group elementary teachers. Doubtless every principal would like to keep an experienced clerk in the office of the school, but the Superintendent does not believe it possible to furnish competent experienced stenographers for the schools.

The Superintendent recommends that Miss Donovan be transferred to a position as teacher in accordance with the certificate which she holds, and that the principal of the Lane Technical High School be requested to select another extra teacher for his office.

Pay Bill of Accountant.

Your Committee on Finance presents herewith the report of William A. Chase, certified public accountant, covering the audit made by him, together with his bill for the performance of said audit in the sum of \$150.00, and recommends that the report be ordered printed in the proceedings and that said bill be ordered paid.

Chicago, October 23, 1912.

The President of the Board of Education, Chicago, Ill.:

DEAR SIR:

I beg leave to report that I have completed the audit of the accounts of the Board of Education of Chicago, in accordance with the instructions furnished me, as follows:

An audit of all cash received or collected by officers and Heads of Departments for the year ended June 30, 1912.

An audit of the Petty Cash Payments made by the Business Manager together with the verification of his Register of Deposits in connection with bids.

Verification of the Board of Education Auditor's balances with the balances shown on the books of the City Comptroller and the City Treasurer.

The examination in connection with the Finance Committee of the Board of Education of securities owned by the Board and held by its depository.

Monroe Street Warehouse—

An examination of the manner in which the Stock Accounts are being kept and of

Repair Department—

An Investigation of the accounts relating to the Repair Department for the fiscal year, 1911, scrutinizing the inventory at December 31, 1911, checking the footings and a selection of the extensions, and the preparation of a statement for the year 1911 showing the cost of labor, materials and indirect expense of out-put.

Parental School—

Auditing the Profit and Loss Account for the year ended December 31, 1911, and reconciling the balance shown with the Auditor's account.

Auditor's Office—

Checking the tabulated statement of the expenses of each school to be prepared, and seeing that it agrees with the School Ledger Accounts.

Business Manager's Department—

I counted the cash in the hands of the Business Manager on July 15, 1912, and continued the audit of the receipts and expenditures to the date on which the balance was arrived at, and found that it agreed with the amount called for thus.

The registered cheques and cash deposited with bids during the year were produced to me except such as had been returned to the depositors, receipts for which were forthcoming.

The City Treasurer's receipts for the cash received during the year and deposited with him were produced and I compared the various items with the carbon duplicates of the receipts given to each individual. Further, where applicable, I compared the amounts with the printed

copy of the Board's proceedings.

I checked the additions of the Cash Receipts and Disbursements Books and found them to be correct, and also compared the sundry items of cash charged against this department during the year by the Auditor's office with the Auditor's books and found them to be in agreement.

For the various expenditures, vouchers were produced, and, as on the occasion of my previous audits, I found that all documents and vouchers were arranged in excellent order and readily available for the purpose of the audit.

Secretary's Office—

For the various items of revenue received in this department, the City Treasurer's receipts were produced, and I compared these receipts with the items charged against the Secretary in the Auditor's books, and found that they agreed therewith. Further, the Assistant-Secretary's receipts for tuition fees from non-resident pupils and the amounts refunded were produced, that is to say, the duplicate carbon copies of said receipts, and I was pleased to find that these carbon receipts had been adopted in accordance with a suggestion I had made on the occasion of a previous audit.

I note that in the Secretary's receipts, the numbers from 2426 to 2525 had been omitted, doubtless through the omission of these numbers by the numbering machine.

I agreed the balances outstanding on the Auditor's books at June 30, 1912, with those of the City Comptroller and with those of the City Treasurer at this date. The agreement with the latter was as follows:

When I made my first investigation of

the accounts and systems of the Board of Education in June, 1907, it was considered by the President that it would be very desirable that an account should be kept in the Auditor's office showing the bills outstanding against the various departments still unpaid, so as to give the free balance of each appropriation. With this opinion I heartily agreed, and I was pleased to find that such an account is now kept.

In fact, I may say here that on the occasion of the present audit I found that all the suggestions I then made have now been carried out by the various officials in an able and efficient manner covering the points I then had in mind, and each will be alluded to in its proper place.

Repair Department—

I attach to this Report a Statement for the Fiscal Year ended December 31, 1911, showing the distribution of the Labor, Material and Indirect Expense of this Department.

I had formerly suggested that these accounts should be kept in the Auditor's office and found this was now being done.

It will be noted that there is a shortage in the distribution of the Indirect Expense of \$27,211.71. This matter of the percentage to be added to the cost of the labor and materials so as to get the full cost of the Permanent Improvements, the General Repairs and the Furniture manufactured has been much discussed.

I understand that during the year 1911, 20 per cent of the labor charges was added, and that during the current year, 1912, 25 per cent is being added. I doubt whether this will prove sufficient, and think that, taking the figures for 1911 as a basis, 30 per cent will be found to be necessary at least.

These indirect charges as now made do not include those for livery expense, and it is a question for consideration whether these should not also be included.

In order to facilitate the work of the Auditor's Department in relation to the Repair Department, I suggest that the person who keeps the stock of raw material should mark the original invoices as he checks off the goods so as to show whether the material has gone into stock or has been charged directly to some other account. These accounts are now being very intelligently kept in the Auditor's Department and any suggestion issuing therefrom should receive due weight.

I checked the footings and a selection of the extensions of the Inventory of the Repair Department, but I desire to say that I do not regard the check which the present system affords as to the stock on hand in this department as satisfactory. I think the same check ought to be in existence in this department which obtains in the Monroe Street Warehouse as to School Supplies, a check which I shall show in its proper place has proved its efficiency. But at present, I do not think this is practicable, for the simple reason that at Monroe Street you have not room enough for the work there being carried on.

However, you are now building a new warehouse, and when this is completed, this will give you more room for your Repair Department, and it will then be possible

by means of Stock Cards to obtain a reasonable security that the materials are being properly accounted for.

I may say that I have discussed this matter fully with your Secretary who has made a special study of these conditions, and we are in entire accord regarding this matter.

Statement of Expenses by Schools—

I checked these as drawn off with the School Ledgers and found them to be in agreement therewith.

Here, too, the idea to which I gave expression in former audits I found is being carried out. These statements are now printed, as they should be. Moreover, they are found to agree very closely with the General Books of Account.

The statements as formerly issued from the Superintendent's office were not brought to a balance with the Auditor's books, and, therefore, could only be regarded as more or less accurate estimates.

Parental School—

I attach to this Report a Profit and Loss Account showing the income and expenditure of this School for the year ended December 31, 1911. I have been furnished with a certificate of the accuracy of the inventory by the Superintendent as there-in shown.

In previous Reports to the Board I drew attention to the desirability of keeping the accounts of this School in such a way that the balance in the Auditor's books relating thereto could be readily arrived at. This, I found, is now being done in a very satisfactory manner, and the said agreement is shown in the statement herewith submitted.

I have one suggestion to make, and that is that in the School Ledger a Cash Account should be opened showing charges, credits, and the balance of cash on hand.

Monroe Street Warehouse—

I checked the footings and a selection of the extensions of the inventory as at December 31, 1911, the last inventory taken. I found there was a close agreement with the Ledger balances relating to the inventory and the physical inventory as actually taken, this being a most valuable check. The result was as follows:

Ledger Balances	\$91,426.67
Inventory as taken	92,569.37

Difference	1,142.70
------------------	----------

The above difference being a variance of only 1¼ per cent, which is considered very good for this class of data.

I found that the Stock Cards were being efficiently kept up, and as before intimated, their value was strikingly shown, as owing to this system being in operation speculations on the part of one of the employees were discovered and put a stop to.

Had the system not been installed, this sort of thing might have gone on for years without discovery, as has undoubtedly been the case in many, if not in most, of the municipalities of this country.

A further valuable result of the accounting methods now followed in relation to the various School Supplies is, a check is

afforded on the consumption of these supplies by the various schools, and consequently, a reasonable economy in their use is enforced.

In addition to the foregoing matters, on October 22, 1912, I, in conjunction with the members of the Finance Committee and the Secretary and Auditor of the Board, examined certain securities the property of the Board in the custody of the Union Trust Company of Chicago, and ascertained that the totals agreed with the sums called for by the Auditor's books. Said total included an item of \$650,000.00, being a mortgage executed by John P. Neal and the Great Western R. R. Company, which was produced to me by the City Comptroller, it being in his custody.

The amounts, as shown by the Auditor's books, were as follows:

School Fund Principal Account—

Securities	\$1,250,650.00
Real Estate	19,350.00
	\$1,270,000.00

Special Funds Principal Account—

Securities	\$ 39,350.00
------------------	--------------

The title deeds to the above mentioned Real Estate are, I understand, in the custody of the Secretary, their examination not falling within the scope of the audit.

As stated in former Reports, so on the present occasion, my audit did not include the Teachers' or Employees' pension funds, these funds not being the property of the Board of Education, and being managed by an Association of the teachers themselves.

I am, dear Sir,

Your obedient servant,
WILLIAM ARTHUR CHASE,
Certified Public Accountant.

Recommendation Regarding Schools for the Deaf.

The Secretary presented the following report from the Superintendent of Schools:

In accordance with instructions given the Superintendent of Schools at the last meeting of the Board of Education, the Superintendent begs leave to report that there are enrolled in the public schools 262 deaf children; that they are taught in twelve different centers; that the chief reasons for making the deaf schools a part of the public school system in Chicago were, first, the desire of the parents to have their children in the home and not in an institution; second, the advisability, and almost necessity, for children who were taught by what is known as the "oral method" to associate and recite with hearing children. These two reasons are as valid today as when those schools were taken into the public school system. There is, however, necessity for larger groups of children in each center, in order that the classification may be such as to offer consecutive work in all the grades of the elementary school, also that the teachers shall be relieved of large numbers of classes containing often only one or two pupils each. The question of transportation, however, is in many families a pressing one. The expense of sending a child by way of the street cars and also sending a hearing child to accompany the deaf one makes serious inroads into the finances of families having slight incomes.

The Superintendent recommends that authority be given to arrange centers so that there shall be fewer of them and all grades in a center; that teachers shall be relieved

of the effort to conduct a school organized in many grades and taught by one person; and that the expense of transportation shall be met by the Board of Education. The Superintendent suggests that it would not be necessary to transport deaf children in omnibusses, as the Board transports crippled children; that it would, however, be necessary to meet the expense of carfare for the hearing child that accompanies the deaf one.

Respectfully submitted,

ELLA FLAGG YOUNG,

Superintendent of Schools.

Mr. Dibelka moved the adoption of the report. Seconded by Mr. Kelly and so ordered by the following roll call:

Mr. Sonstebly moved as a substitute that action be deferred for two weeks and it was so ordered.

Resolution to Appoint Committee to Confer On Civil Service Matters.

Mr. Reinberg presented the following resolution:

Whereas, In the past the Board of Education has had to be represented in various conferences with the Civil Service Commission on questions of Civil Service relating to the Board's employees, and there has been no regular committee appointed for that purpose; and

Whereas, There will be a continuous need of such representation;

Now, Therefore Be It Resolved, That a committee of three members of the Board be appointed by the President for the purpose of representing the Board of Education at all future conferences with the Civil Service Commission on Civil Service matters.

On motion of Mr. Reinberg, the resolution was adopted by the following roll call:

Yeas—Mr. Cameron, Dr. Guerin, Dean Sumner, Messrs. Smietanka, Sears, Vincent, Lipsky, Harding, Mrs. MacMahon, Messrs. Huttman, Dibelka, Sethness, Reinberg, Sonstebly, Kelly, Erikson, Rothmann and Dr. McFatrigh. 18.

Nays—None.

In accordance with the above action, the President appointed Messrs Reinberg, Harding and Sonstebly as such special Committee.

Appoint Committee to Confer on Sale of Certain Property.

The Secretary presented the following communication from the Attorney of the Board:

October 30, 1912.

DR. JAMES B. MCFATRICH,

President of the Board of Education.

DEAR SIR:—

In the matter of the sale of lots or blocks in School Trustees' Subdivision of the north part of Section sixteen (16), Township thirty-nine (39) North, Range thirteen (13), East of the third Principal Meridian, and of the vacation of streets necessary to complete said sale, and of all questions involving special assessments or

other payment for street improvements to be placed in said Section, it is necessary that a committee of three or five be appointed by the Board to hold the various conferences which will be necessary, and to agree, as a committee, upon what the Board is willing to do in the premises. The order to sell and the request for vacation were passed at the last meeting of the Board and are now before the Council, and it is essential that the committee be appointed at the meeting of the Board to be held on the 30th inst.

It was my thought that, because of the importance of this matter and the far-reaching effect which will be caused by any conclusion reached by the Board in the matter of the payment for street improvements abutting school fund property, such as is the case here, the President of the Board, the Chairman of each of the standing committees of the Board and the Chairman of the Lease and Sites Committee should be upon this committee. This, of course, is given simply as a suggestion, but there undoubtedly will be innumerable conferences with the Mayor of the City of Chicago, with other officials of the City, and with various committees of the City Council, and it has seemed to me that every branch of the activities of

the Board of Education should be represented on the Committee.

I trust that the committee may be appointed this afternoon.

Yours very truly,
(Signed) A. R. SHANNON,
Attorney.

Judge Vincent moved the adoption of the communication. Seconded by Mr. Kelly, and so ordered by the following roll call:
Yeas—Mr. Cameron, Dr. Guerin, Dean Sumner, Messrs. Smietanka, Sears, Vincent, Lipsky, Harding, Mrs. MacMahon, Messrs. Huttman, Dibelka, Sethness, Reinberg, Sonstebly, Kelly, Erikson, Rothmann and Dr. McFatrach. 18.

Nays—0.

The Chair announced that the Committee mentioned in the communication would consider itself the committee to confer on the sale of the property referred to.

The Board adjourned.

L. E. Larson
Secretary.

BOARD OF EDUCATION

ADJOURNED REGULAR MEETING

OFFICIAL REPORT

CHICAGO, NOV. 15th, 1912

In the absence of the President, the Vice-President, Mr. Reinberg, took the Chair and the meeting being called to order there were then

Present—Messrs. Cameron, Smietanka, Vincent, Harding, Mrs. MacMahon, Messrs. Huttman, Dibelka, Erikson, Kelly, Rothmann, and Reinberg. 11.

Absent—Messrs. Urion, Greifenhagen, Doctor Guerin, Dean Sumner, Messrs. Sears, Lipsky, Pfaelzer, Sethness, Sonstebly and Doctor McPatrick. 10.

Approval of Record of Proceedings.

On motion of Judge Vincent, the reading of the record of the regular meeting held October 30, 1912, was dispensed with and

the record thereof, as printed, was approved.

Boys Paroled and Discharged From Parental School.

The Secretary presented a communication from the President, as follows:

(19188A)

Chicago, Nov. 13, 1912.

To the Board of Education of the City of Chicago.

LADIES AND GENTLEMEN:—

Mr. Peter A. Mortenson, superintendent of the Chicago Parental School, reports that

he is satisfied from the conduct of the following named boys that if paroled they will attend regularly the public or private school to which they may be sent, and recommends their parole:

Roman Barczak,
Sol Braverman,
Stanislaus Budak,
Carmen DeSalvo,
John Enright,
Judson Halsted,
Robert Hare,
Martin Kolodziejczak,
Stanley Kuchenny,
Charles Morgan,
Joseph Notson,
Tom Pender,
William Snell,
James Sacino,
Louis L. Siedband
Joseph Sadlowski.

I respectfully ask concurrence in the recommendation of Mr. Mortenson.

Yours very truly,
J. B. McFATRICH,
President.

On motion of Judge Vincent, the action of the President was concurred in.

UNFINISHED BUSINESS.

Under the head of unfinished business, the Secretary read Report No. 19186 in reference to the recommendation regarding schools for the deaf, action on which had

been deferred for two weeks on motion of Mr. Sonstebly.

Mr. Harding moved that in the absence of Mr. Sonstebly action on the report be deferred temporarily.

It was so ordered.

STANDING COMMITTEES.

The Chair stated that, in case no objection was made by any member present, it was agreed that the reports of the several Standing Committee be sent to the desk of the Secretary in the order of the committees, as provided for in the regular order of business; that they be read by the Secretary, and in case no objection is made during the reading thereof, that at the conclusion of the reading of the reports of each committee a vote be taken on the acceptance of the reports submitted, and the adoption of the recommendations contained therein as a whole; if during the reading of such reports any objection is made to any report or any part of any report presented, such report or reports objected to shall be passed and the consideration thereof taken up separately.

SCHOOL MANAGEMENT.

Judge Vincent, member of the Committee on School Management, presented reports of the Committee, as follows:

(19189)

Award Full Certificates.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that the teachers named on the attached list, who have served successfully for at least three years following the date of their first appointment, be granted full certificates, in accordance with the rules.

The Superintendent further recommends that a full certificate as teacher in high school be also awarded to Laura M. Bucholz, a teacher of the Lake High School. Through error, on November 16, 1910, (Report No. 14563) Mrs. Bucholz was awarded a full certificate as teacher of domestic science in high schools, instead of the general certificate.

Elect Head Assistant and Heads of Branches—Advance Salaries.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that the Board of Education at its meeting on October 16, 1912, authorized the establishment of a new branch of the George Howland School, known as the Albany Avenue Branch.

The Superintendent recommends that Laura E. Kresse, teacher in the Howland School, who has the necessary qualifications, be appointed head of this branch, with the additional salary of \$75.00 per annum, dating from November, 1912.

The Superintendent further recommends that the salary of Irene Reeve, head of the branch of the Phil Sheridan School, be advanced \$75.00 per annum beyond the regular elementary schedule, to date from October, 1912; that the salary of May E. Henry, head of branch 2 of the Lloyd School be advanced \$75.00 per annum beyond the regular elementary schedule to date from September, 1912.

The Superintendent further recommends that Kate Tehan, teacher in the West Pullman School, be elected head assistant of that school, to date from September, 1912, and that Nellie H. Cheney, teacher in the Field School, be elected head assistant of the Auburn Park School, to date from November, 1912.

(19201)

Grant Leaves of Absence to Members of Education Division.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that William B. Owen, principal of the Chicago Normal School, be given leave of absence, without loss of pay, on November 14, in order to attend a meeting of the Presidents of the State Normal Schools of Illinois, at Carbondale; that William J. Bogan, principal of the Lane Technical High School, and Spencer R. Smith, principal Phillips High School, be given leave of absence, without loss of pay, for two

weeks in December, in order to appear on the program of the Philadelphia meeting of the National Society for the Promotion of the Industrial Education, and to visit vocational and trade schools in the East; that W. W. Hatfield, teacher in the Parker High School, he given leave of absence, without loss of pay, on November 22, in order to appear on the program at the High School Conference in Urbana; provided no expense he incurred by the Board of Education.

(19202)

Adhere to Present Policy Requiring Teachers to Pay Their Own Expenses While in Attendance at Conferences.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that a letter addressed to the President of the Board of Education from Dr. Edmund J. James, president of the University of Illinois, replying to inquiries regarding expenses of teachers attending associations, and suggesting that all expenses of representatives of the Education Department to the High School Conference held annually at the University be paid by the Board of Education, has been referred to the Superintendent for recommendation.

Inasmuch as the salaries paid to high school teachers of the city are larger than those paid to high school instructors of smaller cities, the Superintendent recommends that the Board of Education adhere to its present policy, granting leaves of absence, without loss of pay, to teachers who ask the privilege of attending this Conference, and that in accordance with the usual custom the representatives pay their own personal expenses.

(19203)

Grant Diploma of Graduation From High School.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that Bessie Levit, who has complied with the requirements for graduation, be awarded a diploma of graduation from the Medill High School, under date of October 16, 1912.

(19204)

Excuse Pupil From Attendance in Chicago Public Schools.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that in accordance with the judgment of the Child Study Department, Helen Frawley, a pupil in the Fallon School for Crippled Children, be excused from further attendance in the Chicago public schools. The child has developed decided epileptic attacks, which are quite frequent.

The Superintendent of Schools reports that the Committee on Simplification of Grammatical Terminology, consisting of five members from the National Educational Association, five members from the National Society of Modern Languages, and five members from the American Philological Society, will meet in Chicago three days of Thanksgiving week.

The Superintendent recommends that this Committee be invited to meet in the office of the Superintendent of Schools.

(19206)

Authorize No Change in Methods of School Children's Aid Society.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that a careful investigation of the methods pursued by the School Children's Aid Society in the distribution of the Thanksgiving collection taken in the public schools, shows the work as organized on a systematic and equitable basis; that the desire of the Society to provide itself with supplies before the first of December is commendable, and yet that it would be unreasonable to refuse aid in the spring of 1913 if there is money remaining from the contribution taken in November, 1912.

The Superintendent recommends that no change in the methods of the Society be authorized by this Board.

(19207)

Thanksgiving Collection for School Children's Aid Society.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that the usual requeste has been received from the School Children's Aid Society for permission to send to the schools for distribution to pupils, a circular containing information concerning the work of the Society, and to receive contributions from the pupils at Thanksgiving time.

The Superintendent recommends that their request be granted with the understanding that the circular shall be in the same form as that approved last year; that the principals and teachers be authorized to accept from public school pupils on Monday, Tuesday and Wednesday of Thanksgiving week, their annual offering for the benefit of this Society; that the Superintendent have authority to receive these contributions from the principals and transmit them to the proper official of the Society.

(19208)

Grant Request for Names and Addresses of School Children.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools:

The Superintendent of Schools reports that the following request has been received from Israel Klein for the names and addresses of school children of Jewish parentage:

"The Jewish Sabbath School Teachers' Association of Chicago has appointed a Committee on Census, with the view of providing religious instruction wherever proper facilities do not exist at present for said purpose.

"To accomplish this work, we are desirous of learning the number and addresses of all children attending the public schools as they are the ones most sought after, because of their needs along this line. I have the honor of being chairman of the Census Committee and have concluded that the most convenient and comprehensive plan would be to invoke the assistance of the teachers in the various schools—a plan used elsewhere with great success, and with the most willing co-operation of the teachers whose interest was solicited.

"As is well known, almost all Jewish children are absent from school on the Jewish New Year's day, which fell this year on Thursday, September 12th. By securing from the teachers throughout the city the list of absentees on this date and their addresses, through the good will of the various principals of the schools, we could easily investigate present religious agencies, determine their adequacy and add to their number if necessary, and further do missionary work among our own people.

"To the success of this highly important movement, in the interests of good citizenship, we crave, and shall duly appreciate your assistance. May the Census Committee be favored with a list of the principals of the public schools, both common and high, so that we may invoke their aid and through them obtain the complete returns sought?

"May I have along with the principals' names, the location of their respective schools?

"Thanking you in the name of the organization as well as in my own, and trusting that the public school decorum and work may ere long show proofs of benefits derived from this helated and necessary care for the formerly neglected children, I am."

The Committee recommends that the above request be granted.

(19209)

Purchase Books From the Perkins Bass Special Fund for Bass School.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

*Committee on Buildings and Grounds,
Board of Education of the
City of Chicago.*

GENTLEMEN:—

In condemnation proceeding Gen. No. 316,321 in the Circuit Court of Cook County, entitled "City of Chicago, in Trust for the Use of Schools, vs. Martha H. Gage, et al," a trial has been had and verdict rendered.

In this proceeding Lots forty-three (43), forty-four (44), forty-five (45) and forty-six (46), in Schaefer & Dolder's Addition to Cornell, a Subdivision of the West Half of the South West quarter of the South East quarter of the North East quarter of Section twenty-six (26), Township thirty-eight (38) North, Range fourteen (14), East of the Third Principal Meridian, together with the improvements thereon, the same comprising 100 feet frontage on Madison Avenue by 125.78 feet of 74th Street, at the Southeast corner thereof, to a fourteen-foot alley, and being a part of the Madison School site, are condemned. The jury awarded the respondents the following sums:

To the owner of and parties interested in Lots 43, 44, 45 and 46 aforesaid, together with the improvements thereon	\$5,000.00
One Dollar (\$1.00) to one tenant residing on said premises	1.00
Costs of suit	3.00
Total	\$5,004.00

This verdict is, in our opinion, just and reasonable, and we request that your Committee recommend to the Board of Education of the City of Chicago the issuance of a proper warrant in the sum of \$5,004.00, payable to the County Treasurer of Cook County, for the use of the respondents in the case. Upon the payment of the said amount to the County Treasurer, a good title to the above described property will vest in the City of Chicago, in trust for the use of schools, for the uses and purposes set forth in the petition filed in said cause.

Accompanying this report is a blue print of the survey of the property in question.

Respectfully submitted.

(Signed) A. R. SHANNON,
Attorney.

Being advised by the Business Manager's Department that Benjamin Lowenmeyer and Bessie, his wife, the owners of the South half of Lot thirty-nine (39) and all of Lot thirty-eight (38) (excepting the South 5 feet thereof) of the Subdivision of Lots thirteen (13) and fourteen (14) in L. C. Paine Freer's (Receiver) Subdivision of the West half of the Southwest quarter of Section thirty-two (32), Township forty-one (41) North, Range fourteen (14), East of the Third Principal Meridian, had commenced the construction of a residence thereon, and that said property was a part of a site located by the Board for school purposes, being the entire block in Rogers Park bounded by North Shore, Perry, Albion and Bosworth Avenues, I immediately served notice upon said owners of the Board's intention so to take, and thereafter was able to secure from them a proposition to sell the above described property for the sum of \$2,750.00, \$1,790.00 of the same being for the land and the balance for the building operations thus far completed, they to have the right to remove the building materials on the grounds, also subject to building restrictions of record.

It appears that in their deed only detached residences can be constructed, and it will be necessary to file condemnation proceedings against the grantors of the present owners in order that the Board may acquire reversionary rights and remove the conditions created by the provisions of the deed to the present owners.

The offer of the present owners is a reasonable one, and if the Board intends to take this site, as I am advised has been finally determined, I recommend the direct purchase of this property for the sum of \$2,750.00, and suggest a report to the Board to that effect, authorizing the President and Secretary to request the concurrence of the City Council in said purchase.

Sell School Fund Property—Quincy Street and 53rd Avenue.

The Committee on Buildings and Grounds reports that it is in receipt of the following communication from the Attorney of the Board and recommends concurrence in the suggestions therein contained:

I transmit herewith the offer of William F. Higgins to purchase Lot ninety (90) (exclusive of that part thereof now used for streets), in School Trustees' Subdivision of the North part of Section sixteen (16), Township thirty-nine (39) North, Range thirteen (13), East of the Third Principal Meridian, for the sum of \$8,000.00. Said property has a frontage of 530.58 feet, more or less, on Quincy Street, by 131.95 feet, more or less, on South 53rd Avenue, and 115.64 feet, more or less, west of Robinson Avenue, or South 52nd Avenue.

This property is opposite that now owned by William F. Higgins, and is a substitute offer to the Board of Education to the proposition made by Mr. Higgins that the Board pay one-half of the private sewer he is being required to place in Quincy Street to drain that street from Central Avenue to South 52nd Avenue. The price offered is at the rate of a little less than \$4,000.00 an acre if the streets are included, and, if eliminated, slightly more than that figure.

If the Committee concluded to act upon this offer, I recommend that a report be drawn that said Lot ninety (90) be sold at an up-set price of \$8,000.00, and that the President and Secretary be authorized and directed to request the Council to pass an ordinance to sell said property under ordinance containing \$8,000.00 as an up-set price.

*Suspension of John L. McNamara—Engineer—Harper School—Deferred
Two Weeks.*

The Committee on Buildings and Grounds reports that it is in receipt of the following communication from the Trial Committee with reference to charges preferred against John L. McNamara, engineer at the Harper School, and recommend concurrence in the suggestions contained therein:

To the Committee on Buildings and Grounds.

Your trial committee reports that it has had under consideration, charges preferred against John L. McNamara, engineer at the Harper School. Upon investigation, we find that a notice of the time and place of hearing, together with a copy of the charges, was duly served on the said John L. McNamara, and that he waived in writing, the necessary five days' notice required to be given before trial, and appeared in person and by counsel and presented evidence and offered testimony in his own behalf.

We find that the said John L. McNamara is guilty of conduct unbecoming an employe of the Board of Education, and guilty of offensive actions and the use of offensive language in the Board rooms on September 4th, 1912.

We therefore recommend that the said John L. McNamara be suspended from duty from the Board of Education for a period of fifteen days from the date hereof, without pay, and that he be reprimanded.

(Signed)

JOHN C. HARDING,
CHAS F. ERIKSON,
WILLIAM ROTHMANN,
ALFRED URION,
THOMAS KELLY,

Trial Committee.

On motion of Mr. Dibelka, action on this report was deferred for two weeks.

*Condemnation Proceedings—Counter Offers.***NEW SCHOOL SITE,**

On South 42nd Ave., between 18th and 19th Streets.

The Committee on Buildings and Grounds reports that in accordance with the action of this committee, upon the recommendation of the sub-committee on sites, the owners of property herein described have been requested to file proposals for the sale of same to the Board of Education for school and playground purposes.

The property under consideration is legally described as follows:

Sub Lot five (5), in the Executor's Sub-division of Lot three (3) in Partition of the Assessor's Division of the Southeast quarter (S. E. $\frac{1}{4}$) of Section twenty-two (22), Township thirty-nine (39) North, Range thirteen (13), East of the Third Principal Meridian, having an area of ten (10) acres, more or less, fronting on South 42nd Avenue, between 18th and 19th Streets.

Proposal of sale has been filed as follows:

For approximately eleven and nineteen hundredths (11.19) acres at \$5,500.00 per acre.

The Committee further reports that it is of the opinion that the price asked is excessive, and recommends that the Secretary be directed to notify the said owner in writing that should he desire to submit an amended proposal for the sale of said property in the sum of \$800.00 an acre, the Board will give such proposal consideration.

Office and Business Employes—Resignation Of Assistant Business Manager.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board submitting a letter from the Business Manager under date of November 8, 1912, which reads as follows, and recommending concurrence:

"I present herewith the resignation of Mr. S. M. Frankland, Assistant Business Manager, effective at the close of business December 31, 1912.

"I recommend the acceptance of the resignation. I would further recommend that Mr. John J. Cummins be assigned as Acting Assistant Business Manager to succeed Mr. Frankland, the assignment taking effect on the date of Mr. Frankland's retirement. I make this recommendation because Mr. Cummins has had the benefit of Mr. Frankland's advice and instruction, having been his right hand man for many years. Mr. Cummins in time of service, ability and fitness for the position is the logical successor to Mr. Frankland."

The Committee recommends concurrence by the Board in the above suggestions of the Secretary.

After nearly twenty-two years of continued service, Mr. Samuel Mitchell Frankland, Assistant Business Manager of the Board, has tendered his resignation.

Mr. Frankland entered our service on the first day of May, 1890, as office boy in the Department of School Census. Through his industry, faithfulness, ability and merit he was advanced, step by step, from lower to higher positions until in 1906 he became the Assistant Business Manager of the Board, a position requiring business qualities of a high order, and a position he well filled. In all his labors he has been always alert to all measures for the good of the service, careful to the smallest details and honest and conscientious in all. His worth as well as his amiable methods have won a hearty word of good will from those who have labored with him as well as from those whom he served.

The Board of Education of Chicago regretfully has accepted his resignation, and now wishes to express to him its full appreciation of his faithful and valuable work during his long term of service, and to wish him all success in his new venture.

Resolved, that the above be entered upon the records of the Board and that an engrossed copy be sent to Mr. Frankland.

Payment for Property Adjoining Logan School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Attorney of the Board relative to proceedings to condemn certain property therein described for school purposes, being 48 feet on Pleasant Place by a depth of 100 feet and 76 feet on Rhine Street by a depth of 100 feet, both to a 16-foot alley, west of the John A. Logan School premises, a copy of which communication is hereto attached and made a part hereof.

The Committee recommends that a warrant be drawn to the order of the County Treasurer of Cook County in the sum of \$11,717.00, in accordance with the recommendation contained in said communication from the Attorney of the Board.

(COPY)

November 8th, 1912.

Committee on Buildings and Grounds,
Board of Education of the
City of Chicago.

GENTLEMEN:—

In condemnation proceeding Gen. No. 313,394, in the Circuit Court of Cook County, entitled "City of Chicago, in Trust for the Use of School, vs. Thomas J. Fitzpatrick, et al," a trial has been had and verdict rendered.

In this proceeding Lots twenty-two (22), twenty-three (23), twenty-four (24), thirty-five (35) and thirty-six (36), in Block six (6), in Holstein, a subdivision of the West half of the Northwest quarter of Section thirty-one (31), Township forty (40) North, Range fourteen (14), East of the Third Principal Meridian, together with the improvements thereon, being 48 feet on Pleasant Place by a depth of 100 feet, and 76 feet on Rhine Street by a depth of 100 feet, both to a 16-foot alley, west of the John A. Logan School, are condemned. The jury awarded the respondents the following sums:

To the owner of and parties interested in Lot 22 aforesaid, together with the improvements thereon	\$2,600.00
To the owner of and parties interested in Lot 23 aforesaid, together with the improvements thereon	2,000.00
To the owner of and parties interested in Lot 24 aforesaid ...	1,100.00
To the owner of and parties interested in Lot 35 aforesaid, together with the improvements thereon	3,000.00
To the owner of and parties interested in Lot 36 aforesaid, together with the improvements thereon	3,000.00
One Dollar (\$1.00) to each of two tenants, residing on said premises	2.00
Costs of suit	15.00
Total	\$11,717.00

This verdict is, in our opinion, just and reasonable and we request that your Committee recommend to the Board of Education of the City of Chicago the issuance of a proper warrant in the sum of \$11,717.00 payable to the County Treasurer of Cook County, for the use of the respondents in the case. Upon the payment of the said amount to the County Treasurer, a good title to the above described property will vest in the City of Chicago, in trust for the use of the schools, for the use and purposes set forth in the petition filed in said cause.

Accompanying this report, is a blue print of the survey of the property in question.

Respectfully submitted,

(Signed)

A. R. SHANNON,
Attorney.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary recommending the employment of an additional scale repairer, and that the President of the Board of Education be authorized to request the

Civil Service Commission to certify this mechanic.

The Committee recommends concurrence in the above suggestions of the Secretary.

(19269)

Office and Business Employees Additional Help—Bureau of Repairs.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary, recommending the employment of an additional junior clerk in the Bureau of Repairs to take the place of Fred E. Welch, who has been transferred to the Bureau of Audit, and that the President of the Board of Education be authorized to make the necessary requisition on the Civil Service Commission for such clerk.

The Committee recommends concurrence in the above suggestions of the Secretary.

(19270)

Office and Business Employees—Assistant Engineer—Crane Technical High School.

Your Committee on Buildings and Grounds recommends that authority be granted the operating engineer at the R. T. Crane Technical High School, West Van Buren Street and Oakley Boulevard, to employ an additional assistant engineer during the session of evening schools on the basis of \$90.00 a month, same to become effective as of date November 5, 1912.

(19271)

Office and Business Employees—Adjust Salary Operating Engineer—Lane Technical High School.

Your Committee on Buildings and Grounds recommends that authority be granted to allow electrician on duty evenings at the Lane Technical High School, Sedgwick and Division Streets, salary on the basis of \$1.50 an evening in lieu of \$1.00 heretofore allowed, said rate to become effective as of date November 1, 1912.

(19272)

Electric Service—Fulton School Building.

Your Committee on Buildings and Grounds reports that it has received proposition in the sum of \$120.00 from Rush, Otis & Co. for placing lighting facilities with essential brackets, etc., on outside wall of north entrance to assembly hall at the Fulton School building, 53rd Street and Hermitage Avenue, to provide proper illumination to the entrance. Said proposition has been checked and found to be reasonable and inasmuch as it was submitted by the original contractor at this building, your Committee recommends its acceptance.

(19273)

Electric Service—Extra Work—Award Contract Electric Wiring—Senn High School.

Your Committee on Buildings and Grounds reports that it has received proposition from the United Electrical Construction Company in the sum of \$18.75 for the

installation of one complete circuit, 10 ampere, with proper connections to blue print machine, Senn High School building, Ridge and Francis Avenues. This machine was not included in the original specifications, but proposition has been checked and found to be reasonable, and your Committee recommends its acceptance.

(19274)

Extra Work—Award Contract—Plumbing—Senn High School.

Your Committee on Buildings and Grounds reports that it has received proposition from Hanley-Casey Company in the sum of \$32.00 for labor and material essential to install back water gate and bell trap at rear of boilers at the Senn High School, Ridge and Francis Avenues. This extra has been found necessary subsequent to the preparation of the original specifications. The proposition has been checked and found to be reasonable and your Committee recommends its acceptance.

(19275)

Vouchers—Issue Special—Steam Heating—Hanley-Casey Company—Sundry Schools.

Your Committee on Buildings and Grounds reports that it has received request from Hanley-Casey Company, contractor for steam heating, sundry school buildings, for special payments on account of its contracts, as follows:

Carter School—

61st St. and Wabash Ave.

Amount of contract		\$11,589.00
Amount heretofore paid	\$ 9,500.00	
Amount now requested	1,190.00	
		<u>10,690.00</u>

Leaving a balance of \$ 899.00

Amount heretofore paid	8,000.00	
Amount now requested	2,369.00	
		<u>10,369.00</u>

Leaving a balance of 500.00

In each instance the contractor is unable to complete the work owing to condition over which it has no control, and inasmuch as the surety company is agreeable to these payments without waiving any of the obligations of its bond, your Committee recommends concurrence in the request of this contractor.

(19276)

Request Granted Vacuum Cleaning Device—Install—Supply Department.

Your Committee on Buildings and Grounds reports that it has received communica-

tion from the Kellogg-Mackay Company asking permission to install its vacuum cleaning device (movable) for the purpose of demonstrating its efficiency. Your Committee has considered the matter and recommends that permission be granted to install a device of this character in the new Supply Department building, Robey and

Polk Streets, with the understanding that the Board of Education will be subjected to absolutely no expense whatsoever in connection with the use thereof, and furthermore, that the Board of Education will not be obligated to purchase irrespective of this test or use of this machine.

(19277)

Contract—Award of—Alterations—Steam Heating Apparatus—Kenwood School Building.

Your Committee on Buildings and Grounds reports that in connection with the installation of new heating system at the Kenwood School building, Lake Avenue and 50th Street, it was necessary to retain the direct radiators and piping in old portion of building, and proposition has been received from F. W. Lamb & Co., the original contractor, agreeing to leave this system in place and make all necessary connections, extensions, etc., to new system for the sum of \$250.00. This proposition has been checked and found to be reasonable and your Committee recommends its acceptance.

Franklin School—Erect Assembly Hall and Gymnasium.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools stating that, through some misunderstanding, a recommendation for a combination assembly hall and gymnasium building at the Franklin School, Goethe Street, near Wells, was not presented last year; that conditions have arisen through the spread of the open air and low temperature rooms that make it necessary to furnish a hall to the school in the immediate future and recommending that such a building be erected for the Franklin School.

The Committee recommends concurrence by the Board in the above suggestion of the Superintendent.

(19287)

Payment for Property Adjoining Goudy School.

Your Committee on Buildings and Grounds reports that it is in receipt of a communication from the Attorney of the Board relative to the proceeding to condemn certain property therein described for school purposes having a frontage of 30 feet on Winthrop Avenue, by a depth of 150 feet to a 15-foot alley, adjoining the Edgewater Branch of the Goudy School, a copy of which communication is hereto attached and made a part hereof.

Your Committee recommends that a warrant be drawn to the order of the County Treasurer of Cook County, Illinois, in the sum of \$7,653.00, in accordance with the recommendation contained in said communication.

*Committee on Buildings and Grounds, Board
 of Education of the City of Chicago.*

GENTLEMEN:—

In condemnation proceeding Gen. No. 314,738 of the Circuit Court of Cook County, entitled "City of Chicago, in Trust

for the Use of School, vs. Ada I. Nobe, et al," a trial has been had and verdict rendered.

In this proceeding Lots one (1), two (2), three (3), four (4), five (5), six (6) and the north 30 feet of Lot seven (7), in Block twenty (20), Cochran's Second Addition Edgewater, a Subdivision of the East fractional half of Section five (5), Township forty (40) North, Range fourteen (14), East of the Third Principal Meridian, together with the improvements thereon, situated in the City of Chicago, County of Cook and State of Illinois, are condemned. These lots face on Winthrop Avenue and have a depth of 150 feet to a fifteen-foot alley, and adjoin the Edgewater Branch of the Goudy School. The jury awarded the respondents the following sums:

To the owner of and parties interested in the North 30 feet of Lot 7 aforesaid, exclusive of the improvements thereon, said improvements having been purchased back by the owner for \$1,500.00, the sum of	\$7,650.00
Costs of suit	3.00
Total	\$7,653.00

This verdict is, in our opinion, just and reasonable, and we request that your Committee recommend to the Board of Education of the City of Chicago the issuance of a proper warrant in the sum of \$7,653.00, payable to the County Treasurer of Cook County, for the use of the respondents in the case. Upon the payment of the said amount to the County Treasurer, a good title to the above described property will vest in the City of Chicago, in trust for the use of school, for the uses and purposes set forth in the petition filed in said cause.

Accompanying this report is a blue print of the survey of the property in question.

Respectfully submitted.

(Signed)

ANGUS ROY SHANNON,
Attorney, Board of Education.

(19288)

Appoint Special Committee to Visit the East For Inspection of School Buildings and Yards.

The Committee on Buildings and Grounds respectfully reports that the matter of yard improvements, yard beautification and similar matters, have been under consideration by your Committee for some time past.

Your Committee further reports that it has appointed a Special Committee to visit the larger cities of the East, for the purpose of ascertaining what methods are pursued elsewhere, and such other information as will be of benefit to our schools.

Your Committee recommends that said Special Committee, together with the City Forester and the Secretary of the Board, be authorized to make such inspection, reporting their findings to the Committee on Buildings and Grounds, and that the expense of said trip be paid by the Board of Education.

On motion of Judge Vincent, the action on the report was deferred temporarily.

No objections having been made to any of the recommendations contained in the several reports submitted, on motion of Mr. Harding the reports were received and the recommendations contained therein were adopted, such adoption being declared to have been the action of the Board on each individual recommendation.

Yeas—Messrs. Cameron, Smietanka, Vincent, Harding, Mrs. MacMahon, Messrs. Huttman, Dibelka, Kelly, Erikson, Rothmann and Reinberg. 11.

Nays—None.

FINANCE.

Mr. Erikson, member of the Committee on Finance, presented reports of the Committee, as follows:

(19289)

Issue Duplicate Warrant.

The Committee on Finance reports that it is in receipt of a request from Agnes A. Smyth, for a duplicate warrant in lieu of the original No. 23822, in the sum of \$20.00, issued to her for substitute services rendered in December, 1905, which was lost or destroyed.

The Committee further reports that it has considered this request, and recommends that a duplicate warrant be issued to Miss Smyth when she shall have filed with the Secretary the necessary indemnity bond.

Office and Business Employee—Adjust Salary of Stenographer.

(19290)

Your Committee on Finance respectfully reports that it is in receipt of the following communication from the General Counsel of the Board:

"Your General Counsel respectfully reports that Albert E. Icely has been acting as law clerk in addition to his work as stenographer in my department since July 1st, 1912; that his duties have been arduous and his work well done. Therefore, your General Counsel respectfully recommends that the recommendation heretofore made, fixing the salary of Albert E. Icely at \$1,680.00 per annum, be changed to \$1,800.00 per annum, beginning January 1st, 1912."

Your Committee further reports that it has carefully considered this matter, and recommends concurrence in the recommendation of the General Counsel.

Office and Business Employee—Adjust Salaries.

(19291)

Your Committee on Finance respectfully reports that it has received the following communication from the Superintendent of Schools:

Recommendation is made that Mr. Horace C. Hoskins, a civil service employe of the Board of Education at the Parental School, be advanced to Class C., Grade V; salary \$1,800.00.

It is further recommended that Frederick Sykes, a civil service employe at the same school, be advanced to Class C., Grade IV, as his name is reached on the list, and that his salary be advanced to \$1,320.00."

Your Committee further reports that it has carefully considered this matter, and recommends concurrence in the recommendation of the Superintendent of Schools.

(19292)

Charge Rent to Uncollectible Accounts.

The Committee on Finance reports that it is in receipt of the following communication from the Secretary of the Board and recommends concurrence therein:

"I respectfully recommend that unpaid rental due from F. B. Abbott, in the sum of thirty-five (\$35.00) dollars, be charged to the uncollectible accounts."

(19293)

Issue Duplicate Warrant.

The Committee on Finance reports that it is in receipt of a request from James H. Rafferty, engineer in the Oglesby School, for a duplicate warrant in lieu of the original sub-warrant No. 13086, in the sum of \$7.08, issued to him for services rendered during August, 1912, which was lost or destroyed.

The Committee further reports that it has considered this request, and recommends that a duplicate sub-warrant be issued to Mr. Rafferty when he shall have filed with the Secretary of the Board the necessary indemnity bond.

(19294)

Report of the Secretary for the Month of October, 1912.

The Committee on Finance reports that it is in receipt of the attached report from the Secretary of the Board of Education showing the amounts of money received by him and deposited with the City Treasurer during the month of October, 1912.

The Committee further reports that this report has been O.K'd by the Auditor and approved by the Committee.

No objections having been made to any of the recommendations contained in the several reports submitted, on motion of Mr. Erikson, the reports were received and the recommendations contained therein were adopted, such adoption being declared to have been the action of the Board on each individual recommendation.

Yeas—Messrs. Cameron, Smietanka, Vincent, Harding, Mrs. MacMahon, Messrs. Huttman, Dibelka, Kelly, Erikson, Rothmann and Reinberg. 11.

Nays—None.

Mr. Sonstehy entered.

DEFERRED REPORTS.

Recommendation Regarding Schools for the Deaf.

The Secretary read Report No. 19186 re-

garding recommendation for the schools for the deaf, action on which had been deferred temporarily on motion of Mr. Harding.

Mr. Sonstehy withdrew his objections to the report and moved the adoption of the same.

Seconded by Mr. Dibelka and so ordered.

Nays—None.

Report to Appoint Special Committee to Visit the East for Inspection of School Buildings and Yards Deferred.

Under the head of "Deferred reports"

the Secretary read Report No. 19288 in reference to the appointment of a special committee to visit the East, action on which had been deferred temporarily on motion of Judge Vincent.

Judge Vincent moved that separate roll call be taken on adoption of the report.

Mr. Huttman moved as a substitute that action on the report be deferred for two weeks.

Seconded by Mr. Harding, and so ordered.

On motion of Judge Vincent the Board adjourned.

L. E. Larson

Secretary.

Received and ordered printed in the Proceedings.

Report From Attorney on School Fund Litigation.

The Secretary presented the following communication from the Attorney of the Board:

(19295-C)

November 7th, 1912.

HON. JAMES B. MCFATRICH,

President of the Board of Education.

DEAR SIR:

In the year 1905, immediately after the report of the appraisers under school fund leases had been filed with the Board, injunction proceedings were instituted by the various lessees in Block 142, School Section Addition to Chicago, being the city block bounded by State, Dearborn, Madison, and Monroe Streets, under which the Board was enjoined from collecting, as rental, more than the amount fixed by the appraisalment of 1895, which was in general terms just one-half of that which would be due if the appraisalment of 1905 were valid.

There were in all eleven cases involving said blocks so filed. Of these the cases known as Circuit Court Case No. 264,199, entitled "Rosenthal & Eckstein vs. Board of Education," and Superior Court Case No. 245,807, entitled "Stumer vs. Board of Education," include, in addition to all of the points made in the other nine cases, the additional question of the appraisalment being invalid as to them because in the report of the valuation of the land involved in them the sum of \$636,000.00 was mentioned which, in fact, was the value of both the lots, when, by their leases, they were entitled to separate valuations.

Of these two cases, the Rosenthal case was tried by Judge Windes of the Circuit Court, the appraisalment set aside, and a new appraisalment ordered in lieu of permitting the 1895 appraisalment to stand. Judge Windes entered a decree and permitted an appeal therefrom by the lessees, who contended that he had committed error in ordering a new appraisalment and in not finding that the 1895 appraisalment obtained in the matter of fixing the rental for the current ten years.

In the Appellate Court the Board's Attorneys moved to dismiss the appeal, which motion was allowed and an appeal therefrom taken by the lessees to the Supreme Court, which affirmed the action of the Appellate Court. Thereafter, the case was heard again by Judge Windes in the Circuit Court, and an opinion rendered by him fixing the value of the property at \$100.00 a square foot, or \$258,000.00 in lieu of the \$324,000.00 which the Board contends was the amount the appraisers had fixed by their appraisalment of 1903.

No decree has ever been entered in that case, and the Stumer case has never been tried, so that these two cases will have to be disposed of by the trial court, and then, regardless of what the decision is, an appeal will certainly be taken by the losing party.

Of the other nine cases, these known as Circuit Court Case 264,939, entitled "Seebree vs. Board of Education," and 265,134, entitled "Farwell vs. Board of Education" were tried by Judge Windes, the appraisalment of 1905 set aside, and a new appraisalment made, fixing the value of the land at \$50.00 a square foot in lieu of the \$66.00 a square foot fixed by the appraisers.

From the decree entered by Judge Windes in these cases, appeal was taken by

the Board, and the Appellate Court reversed Judge Windes and ordered the bill dismissed for want of equity. The lessees, Sebree and Farwell, thereupon appealed to the Supreme Court, which affirmed the decree of the Appellate Court. Thereafter the lessees, Sebree and Farwell, paid the balance of the rental under the appraisalment of 1905, collection of which had been enjoined as aforesaid, and also paid interest or the deferred payments from the date they were due until paid at the rate of five per cent (5 per cent) per annum, and paid the costs of suit.

Upon the opening of court for the year 1912, there remained of the last mentioned nine cases the following, all in the Circuit Court:

No. 264,563—Cavanna vs. Board of Education.

No. 264,594—Jenkinsen, Executor, vs. Board of Education.

No. 264,593—Kesner vs. Board of Education.

No. 264,618—Crilly vs. Board of Education.

No. 264,709—Field, Trustee, vs. Board of Education.

No. 264,731—McVicker Theater Company vs. Board of Education.

No. 264,637—Bishop & Company vs. Board of Education.

None of these had ever been tried, and it was contended by the attorneys for the lessee complainants that it would be necessary to have each of them tried and taken through the Appellate Court to the Supreme Court in order that the appraisalment as to each piece of property might be passed upon.

Immediately after the opening of court, your attorneys made motions to dissolve the preliminary injunctions in the Kesner case, the Jenkinson case and the Cavanna case, and supported the same by affidavits.

Argument on these motions was had for a week or more before his Honor, Judge Mangan, then sitting in the Circuit Court of Cook County, who sustained the motions and dissolved the preliminary injunctions on the bill, as amended, the answer thereto, the affidavits filed and evidence heard.

Thereupon your attorneys suggested damages by reason of the granting of the injunctions, and the same were fixed by Judge Mangan as interest at five per cent per annum on all past due installments of rent from the dates they became due up to the date of the entering of the decree, and with interest on said amount thereafter until paid at five per cent per annum.

Your attorneys then moved to dismiss the bill of complaint filed because it asked for no other than preventive relief under the injunction, and the preliminary injunction having been dissolved, the Court in its discretion should dismiss the bill itself and terminate the litigation. This motion, Judge Mangan also sustained. Thereafter, the last three mentioned lessees paid the past due rentals, paid the five per cent interest thereon, and paid the five per cent interest on said interest from the date it was fixed until the date of actual payment.

On the hearing of the aforesaid motions as argued in the Kesner case, the attorneys for the other lessees complainants were present, and were notified that similar motions would be made in their cases immediately, with the result that they, in each case, have paid to the Board the past due rentals, with interest at five per cent per annum thereon, and costs of suit, so that now the entire litigation is closed, excepting only the Stumer and Rosenthal cases first mentioned herein.

The amounts of money paid by the various lessees are as follows.

Grant Request for Pupils of Phillips High School to go to Seattle, Washington.

The Secretary presented the following communication from Mr. Spencer R. Smith, Principal Phillips High School:

(19295-D)

Wendell Phillips High School,

November 26, 1912.

To the Honorable, The Board of Education, Chicago, Illinois.

LADIES AND GENTLEMEN:

There is pending an invitation to the Wendell Phillips High School to play a game of football at Portland, Oregon, during the Christmas holidays, with possibly a second game three or four days later at Seattle, Washington.

I am aware of a ruling of the Board of Education questioning the advisability of such a trip, if there be any omission of school work or if in any way it be prejudicial to the welfare of the school in question. With this ruling I thoroughly agree.

Here is an opportunity for our team to visit the Pacific Coast, with all that such a trip may mean, without any expense to the school or to the individual. It is understood that a teacher of the school will accompany the team and that no one will be permitted to go unless he has filed with the principal his parent's consent.

Inasmuch as there is no violation of the rules of the Board of Control, as there is nothing to detract from the work of the school, and as the whole trip will be within the bounds of the Christmas vacation and with the consent of the parents interested, I am asking that permission be granted at an early date so that we may complete arrangements for the trip.

Sincerely yours,

(Signed) SPENCER R. SMITH,
Principal.

Mr. Smietanka moved that the communication be received and that the permission be granted.

Seconded by Mr. Dibelka and so ordered.
Yeas—Mr. Cameron, Dr. Guerin, Mr. Smietanka, Lipsky, Harding, Mrs. McMahon, Messrs. Dibelka, Pfaelzer, Sethness, Sonsteb, Erikson, Rothmann, and Dr. McFarrich.

Request for Increase in Salaries from Manual Training Teachers.

Mr. Sonsteb presented the following communication:

(19295-E)

To the Honorable Board of Education of Chicago, and to the Finance Committee thereof:

The teachers of Manual Training in the Elementary Schools of the city respectfully petition your Honorable Body to increase their salaries and beg leave to present for your consideration the following reasons therefor:

That our salaries, as teachers of Manual Training, are not commensurate with the special work required of us as such.

That each of us personally instruct from 400-500 boys in a year.

That to give the individual pupil, in the 120 hours per year allotted to Manual Training, a proper insight and respect for handiwork and future craftsmanship, demands high skill and executive ability on the part of the teacher.

That each teacher has the care of from 1-5 large shop equipments which require additional time and labor to keep in proper condition.

That in addition, the actual working day of the teachers of the department exceeds by one hour that of all other teachers in both Elementary and High Schools.

That 80 of the 90 teachers of Manual Training in the Elementary Schools are men; most of whom are married.

That, in view of the fact that we are paid for only 40 of the 52 weeks in each year, our present salaries are wholly inadequate to meet the demands made upon us by the present high cost of living.

That, in order to make both ends meet, we are forced to seek such other employment as we can find during the summer months instead of using that time in increasing our efficiency as teachers.

That we work under unfavorable conditions in that most of the shops are in the basements, where light and ventilation are poor and insufficient and the air filled with dust; and that we are forced to travel in all kinds of weather from one school to another.

That the difference between our maximum of \$1,500 per annum and that of \$2,200 per annum for the High School Manual Training teachers, who teach one hour less per day, is not proportionate to the slight difference in requirements and work.

That we believe it is the policy of the Board of Education to want to retain efficient teachers in the Elementary Schools instead of forcing them to seek positions in the High Schools in order that they may get an adequate salary.

We, therefore, respectfully submit for your consideration a request for a horizontal increase of \$100 to all existing salaries and that the maximum be raised to \$1,800 per annum.

Respectfully submitted,
WM. T. BORN,
CHRISTIAN PETERSEN,
JOHN M. FORSYTH.

Committee.

On motion of Mr. Sonstebly the communication was referred to the Committee on Finance.

Mr. Huttman entered.

Resolution Protesting Against Erection of Hospital.

Mr. Sethness presented the following resolution:

(19295-F)

Whereas, it is reported that a tuberculosis hospital is about to be located at the corner of Belmont Avenue and 50th Street, in close proximity to school property,

Therefore, Be It Resolved, that the President and the Secretary of the Board of Education be, and they are hereby instructed to file a protest on behalf of the Board of Education to the erection of said institution.

Mr. Sethness moved the adoption of the resolution.

Seconded by Mr. Dibelka and so ordered.
Yeas—Messrs. Cameron, Urion, Dr. Guerin, Messrs. Smietanka, Lipsky, Harding, Mrs. McMahon, Messrs. Huttman, Dibelka, Pfaelzer, Sethness, Sonstebly, Erikson, Rothmann and Dr. McFatrigh. 14.

UNFINISHED BUSINESS.

Report to Suspend John L. McNamara, Engineer Harper School, Adopted.

Under the head of unfinished business the Secretary read Report 19254 in ref-

erence to the suspension of John L. McNamara, engineer of the Harper School, presented at the meeting held November 15, 1912, action on which had been deferred for two weeks on motion of Mr. Dibelka.

Mr. Harding moved the adoption of the report.

Seconded by Mr. Rothmann and so ordered by the following roll call:

Yeas—Messrs. Cameron, Urion, Dr. Guerin, Messrs. Smietanka, Lipsky, Harding, Mrs. McMahon, Messrs. Huttman, Pfaelzer, Sethness, Sonstebly, Erikson, Rothmann and Dr. McFatrigh. 14.

Nays—Mr. Dibelka. 1.

Report to Appoint Special Committee to Visit the East Amended and Adopted.

The Secretary read Report No. 19288 in reference to the appointment of a special committee to visit the East, action on which had been deferred for two weeks on motion of Judge Vincent.

Mr. Sethness moved that action on the report be again deferred for two weeks.

Seconded by Mr. Urion.

Mr. Harding moved that the report be adopted.

Seconded by Mr. Urion.

Mr. Rothmann moved as a substitute that the report be amended by increasing the membership of the Committee to be sent East by adding the Superintendent of Schools, or if impossible for her to go, then she to name some person in her place, and that the Superintendent designate another person familiar with educational matters to also be added to this special committee.

Seconded by Mr. Harding and so ordered by the following roll call:

Yeas—Messrs. Cameron, Urion, Dr. Guerin, Messrs. Smietanka, Lipsky, Harding, Mrs. McMahon, Messrs. Huttman, Dibelka, Pfaelzer, Sethness, Sonstebly, Erikson, Rothmann, and McFatrigh. 15.

and further stating that the total of the lowest bids, including approximate estimates on branches of work for which no bids have been received, amounts to \$57,356.50 and that the appropriation for this addition is \$65,000.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(19350)

Voucher—Patching of Plastering—Armstrong School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board stating that at the Armstrong School, Greenleaf Ave. and Pingree St., patching of plastering was done in accordance with the terms of the contract, for which W. H. Dorothy, contractor for plastering, has submitted bill in the sum of \$239.83, that same has been checked and found reasonable, and recommending that said bill be accepted and ordered paid.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(19351)

Appropriation—Additional—Carter H. Harrison Technical High School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board stating that an additional appropriation for the Carter H. Harrison Technical High School, W. 24th and Marshall Boulevards, will be required to complete the building, and recommending that an additional appropriation of \$150,000 be made for this

building, and that the President and Secretary of the Board be instructed to request concurrence of the City Council in this action.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(19352)

Voucher—For Changes in Iron Stairs—Hammond School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board stating that at the Hammond School, 21st Place and California Ave., certain changes in iron stairs were required, for which Dauchy Iron Works, contractors for iron stairs, have submitted bill in the sum of \$54.85, that this has been carefully checked and found reasonable, and recommending that the same be accepted and ordered paid.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(19353)

Contract—Award of—Hardware—Addition to Trumbull School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board stating that bids on hardware for the addition to the Trumbull School, Ashland and Foster Aves., were opened by the Subcommittee November 20th, 1912, and recommending that contract for same be awarded to the lowest bidder, W. A. Ludwigs, in the sum of \$669.00.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(19354)

Alterations—Fit up Teacher's Toilet Room—Ryder School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board stating that at the Ryder School, 88th and Wallace Sts., a request has been made by the Principal to fit up a store room in the second story as a teacher's toilet room and that bids have been received on the work necessary, as follows:

Hanley-Casey Co., plumbing contractors: Plumbing fixtures and connections similar to toilet room below...\$ 140.00
Henry Schrik & Co., carpenter contractors: One doorway and toilet room, including all work and material except plumbing\$ 46.00
and further stating that the above prices have been carefully checked and found reasonable, and recommending that the same be accepted and the work ordered done.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(19355)

*Additional Concrete Work—Authorize—
New Hyde Park High School.*

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board stating that at the new Hyde Park High School, 62nd St. and Stony Island Ave., a concrete pit is required for crucibles in foundry, for which August Witt, contractor for concrete work, has submitted estimate in the sum of \$50.00, that this has been carefully checked and found reasonable, and recommending that the same be accepted and the work ordered done.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(19356)

*Contracts—Award of—Carter H. Harrison

and further stating that the total of the lowest bids, including approximate estimates on branches of work for which no bids have been received, amounts to approximately \$800,000; that the appropriation is \$700,000 for the building, and that an additional appropriation will be required to complete the building.

And further recommending that all bids received on marble and tile work for this school building be rejected, that the deposits which accompanied said bids be returned and that the work re-advertised.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(19357)

*Request Granted—Use of Assembly Hall—
Darwin School.*

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Committee on School Management submitting a report from the Superintendent of Schools stating that application has been received from Mr. Carroll A. Teller, 8 South Dearborn Street, on behalf of the Darwin School Alumni Association, for the use of the assembly hall of that school for weekly meetings beginning November 14, 1912, and recommending that the request be granted with the understanding that one meeting each month be free, in accordance with the rules of the Board, the remaining meetings each month to be subject to the usual terms and restrictions, and be made an emergency matter allowing the meetings to begin on the date above mentioned.

The Committee further reports that it is also in receipt of a report from the Committee on School Management submitting the following communication from the Darwin School Alumni and recommending that the request therein contained be granted and be placed under the jurisdiction of the Superintendent of Schools:

"The Darwin School Alumni respectfully petitions the Board of Education of the City of Chicago to allow the free use of the assembly hall of said Darwin School by said alumni once each week, on Thursday night, from this date to and including the last Thursday night of the school year, for the purpose of studying music, dramatic art and kindred subjects.

"Dated, Chicago, November 18, 1912."

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent of Schools and the Committee on School Management.

(19358)

Library Paste—Payment of Bill for Specifications and Testing.

The Committee on Buildings and Grounds reports that it is in receipt of the following communication from the Secretary of the Board, and recommends concurrence, to wit:

"I submit herewith bill of Gulick-Henderson Co. in the amount of \$10.00 for work in connection with the preparation of specifications and testing of samples, etc., of Library Paste, contract for which was recently awarded, and would recommend that the bill be paid."

(19359)

*Contract—Award of—Boys' Shoes—Chicago
Parental School.*

The Committee on Buildings and Grounds reports that in accordance with authority granted (2-21-12-17491), it has advertised and obtained proposals for 733 Pairs Boy's Shoes required for the Chicago Parental School, and recommends the award of the contract to the Union Shoe & Slipper Mfg. Co. for the sum of \$1180.80, covering their sample No. 1, this being at the rate of \$1.60 a pair.

Office and Business Employees—Permanent Employment of—Education Division.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools recommending that George Walser, who has been employed as Office Attendant in the Education Division since last May, be assigned permanently.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(19362)

Office and Business Employees Additional Help—Examination Department.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools recommending that authority be granted for the employment of one clerk and one office attendant in the office of the Superintendent of Schools, Department of Examinations, for a period not to exceed two months beginning December 9, 1912.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(19363)

Office and Business Employees Additional Help—Bureau of Repairs.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary recommending the employment of three additional carpenters temporarily, and that the President of the Board of Education be authorized to make requisition on the Civil Service Commission for these mechanics.

The Committee recommends concurrence in the above suggestion of the Secretary.

(19364)

Office and Business Employees Additional Help—Bureau of Repairs.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary recommending the employment of an additional scale-repairer and that the President of the Board of Education be authorized to make the necessary requisition on the Civil Service Commission for this mechanic.

The Committee recommends concurrence in the above suggestion of the Secretary.

(19365)

(19366)

Electric Service—Kohn Branch School Building.

Your Committee on Buildings and Grounds reports that it is in receipt of a request for the installation of electric lighting facilities in room which is located in south-west corner of the Kohn School Branch, 101st Street and Union Avenue, the same to be utilized as an assembly hall, and recommends that authority be granted for the extension of electric current together with the placing of lighting fixtures for this purpose in the approximate sum of \$300.00.

(19367)

Rescind Contract—Steam Heating—Normal Arts and Gymnasium Building— F. W. Lamb Company.

Your Committee on Buildings and Grounds reports that contract was heretofore awarded to F. W. Lamb Company in the sum of \$23,660.00 for steam heating required in connections with alterations to boiler house at the Normal School, to provide heating facilities for the Normal Arts and Gymnasium Building, 68th Street and Stewart Avenue, now in course of erection. Subsequently it was found that the installation as originally contemplated could not be installed to meet with the requirements of the City Smoke Inspection Department, and changes necessary to meet such requirements could not be made at the building without involving considerable extra, and for that reason, Your Committee recommends that the contract above mentioned be and the same is hereby rescinded, and further recommends that authority be granted to prepare new specifications covering the recommendations of the City Smoke Inspection Department, and that bids be received as soon as possible thereon.

(19368)

Award of Contract—Bubbling Cups— Sundry Schools.

Your Committee on Buildings and Grounds reports that it has received request for the installation of adequate bubbling cups to provide drinking facilities at sundry school buildings, and recommends award of contract to the lowest bidder in each instance as follows:

JOHN DELEHANT

Bradwell School	\$ 70.10
Ward School	77.90 \$ 148.00

W. W. WATSON

Jenner School	\$ 19.00
Key School	17.00
Motley School	18.00 \$ 54.00

TOTAL \$ 202.00

(19369)

Award Contract—Electric Wiring—West Pullman School.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids for the extension of electric wiring and installation of fixtures to provide illumination at the West Pullman School Building, 120th Street and Parnell Avenue, as authorized by Report No. 18989, and recommends award of contract to C. E. Doty & Company, it being the lowest bidder in the sum of \$460.00.

(19370)

Award Contract—Fire Brick Work—Boilers Lane Technical High School Building.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids for essential repairs to fire brick work under boilers 1 and 3 at the Lane Technical High School Building, Sedgwick and Division Streets, to conform with the requirements of the City Smoke Inspection Department, and recommends award of contract to John Malcolm & Company, it being the lowest bidder in the sum of \$788.00.

(19371)

Award of Contract—Gas Fitting—Sundry Schools.

Your Committee on Buildings and Grounds reports that it is necessary to provide gas lighting facilities at the Moseley School, Michigan Avenue and 24th Street, and the Norwood Park School Branch 1, Edison Park Avenue near Calumet Avenue, and that the same might be obtained, specifications were prepared covering the extension of gas piping, and your Committee recommends award of contract to the lowest bidder in each instance as follows:

JOHN DELEHANT

Moseley School \$ 56.25

ADAM HARVEY

Norwood Park, Br. 1 \$ 43.00

Total \$ 99.25

(19372)

Award Contract—Filters—Carter School Building.

Your Committee on Buildings and Grounds reports that contract was heretofore awarded to the International Filter Company for the installation of three 15-inch filters in connection with the swimming pool at the new Carter School Building, 61st Street and Wabash Avenue. Subsequently, a proposition was received from the above firm agreeing to increase these three filters to 24-inch for an additional sum of \$400.00. This is approximately the same price the Board of Education is paying for the installation of 24-inch filters for two other school buildings and is over \$200.00 lower than the next lowest bid received at the time.

Your committee states that the installation of the larger size filters will permit the swimming pool being filled in one-third the time specified originally, and therefore recommends that the proposition be accepted suggesting that the amount involved be added to the original contract price.

(19373)

Award Contract—Drip Valves—Sundry Schools.

Your Committee on Buildings and Grounds reports that Hanley-Casey Company submits proposition in the sum of \$4.00 for the installation of valve drip connection from the main stop valve on boilers installed by them at the Hyde Park High School, Kimbark Avenue near 56th Street, Carter School, 61st Street and Wabash Avenue, and the Howland School, Spaulding Avenue and 16th Street. This drip connection was insisted upon by the Boiler Inspector subsequent to the preparation of the original specifications, and your Committee therefore recommends that order be issued to said contractor authorizing the work aforesaid.

(19374)

Award Contract Covering Smoke Breechings

Your Committee on Buildings and Grounds reports that it has received propositions for covering of smoke breechings at various school buildings with 1½-inch thick asbestos blocks, same to be installed with asbestos cement and in some cases to be placed on sides as well as bottom of smoke pipes, secured with bands. This being necessary in order to meet the requirements of the Department of Fire Prevention, and your committee recommends award of contract to the H. F. Watson Company, it being the lowest bidder as follows:

1½-inch asbestos moulded blocks covered with ½-inch of asbestos cement, applied on top of breeching, per sq. ft. 21c

Same applied on sides or bottom of breeching, per sq. ft. 24c

Whole breeching to be cover, per sq. foot, ... 23c

These prices include canvas jacket or asbestos paper jacket.

(19375)

Award Contract—Wire Guards—Gage Park School Building.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids for the installation of wire guards at the Gage Park School, 55th and Rockwell Streets, to properly protect the children passing furnaces, and the bids were received between the Columbia Iron and Wire Works and John Eggers in the sum of \$98.00, which, on toss of coin, was awarded to John Eggers, and your Committee recommends concurrence in the action taken.

(19376)

Award Contract Electric Wiring and Fittings, Jefferson School Building.

Your Committee on Buildings and Grounds reports it has received request for the extension of electric wiring and the installation of lighting facilities in connection with the southwest corner room in basement of the old Jefferson School Building, Elburn Avenue and Laflin Street, for which bids have been received. Your Committee further reports that the bids were received from the Peerless Electric Company and the Howe Electric Company in the sum of \$84.00 which, on toss of a coin, was awarded to the Howe Electric Company.

(19377)

Award Contract Covering Galvanized Iron Ducts.

Your Committee on Buildings and Grounds reports that it has been found advisable to have galvanized iron air ducts on basement ceilings of sundry school buildings covered, inasmuch as said ducts are more or less exposed to cold drafts. Your Committee further advises that bids were received covering the work from various firms engaged in such installations, and recommends award of contract to Measbey & Mattison Company, it being the lowest bidder in the sum of 11½¢ per square foot.

(19378)

Award Contract—Electric Service—Carl Schurz High School.

Your Committee on Buildings and Grounds reports that it has received proposition from the Department of Electricity, City of Chicago, in the sum of \$323.00 covering the installation of two arc lamps on city circuit at the points as indicated on the blue print in the proximity of the Carl Schurz High School, Milwaukee Avenue and Addison Street, as well as the placing of one additional arc lamp on Milwaukee Avenue opposite the west walk of the school premises. This proposition has been checked, and inasmuch as it is cheaper than if performed by the electrician in the employ of the Board of Education, your Committee recommends its acceptance.

(19379)

Special Voucher, A. Mathis, Ventilating Contractor, Hammond School Building.

Your Committee on Buildings and Grounds reports that it has received request from A. Mathis, the contractor for ventilation at the Hammond School Building, 21st Place near California Avenue, for payment on account, in the sum of \$1,060.75. This amount exceeds the 85 per cent allowed by the Board of Education, but the Surety Company submits approval to the issuance of voucher in this amount, with the specific understanding that it will

not in any manner or detail obligate any of the provisions of the surety bond. Inasmuch as there is ample balance to cover the unfinished portion of the work, and the conditions at the building being such at the present time as to make it impossible for this contractor to complete the work, your Committee recommends concurrence in the request.

(19380)

Office and Business Employees—Janitor Service—Lane Technical High School Building.

Your Committee on Buildings and Grounds reports that it has thoroughly investigated the janitor service at the Lane Technical High School, Sedgwick and Division Streets, and finds that it is necessary to have additional help employed in order that the work may be more satisfactorily performed, and therefore recommends that authority be granted for the adjusting of salary on the basis of \$70.00 per month additional, to become effective December 1, 1912, which will enable the janitor to provide additional competent help.

(19381)

Office and Business Employees—Electrician Bureau of School Engineering.

Your Committee on Buildings and Grounds recommends that authority be granted for the employment of one additional electrician at a salary not to exceed that of the present electrician, \$125.00 per month.

(19382)

Equipment—Report No. 19172—Recommitted—Award Contract—Wood Working Machinery—Sundry Schools.

Your Committee on Buildings and Grounds advises that Report No. 19172 presented to the Board of Education at its meeting October 30, 1912, was recommitted. Said report stated that it had prepared specifications and received bids as per authority heretofore granted for the installation of the requisite wood working machinery in sundry high manual training schools. Bids were referred to a special committee which thoroughly investigated the merits of the various machines on which the bids were submitted, and, while its recommendations do not cover the award of contract to the low bidder in each case, they do provide for the acceptance of machines best adapted to the needs of the school. Your Committee further reports that it has again carefully considered the matter and recommends concurrence in the special committee's recommendations as follows:

Contracts—Award of—Correct Error in Report No. 19175.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary, stating that an error was made in reporting award of contract for paving alley adjoining the Kinzie School Branch (formerly Stanley School), Huron and Franklin Sts.; that contract should run to Alexander Bauer in the sum of \$434.70, instead of Jas. A. Sackley Co., and recommending that Report No. 19175, page 428, of proceedings of the Board of October 30th, 1912, be amended as above.

The Committee recommends concurrence in the above suggestion of the Secretary.

In condemnation proceeding, Gen. No. 316,995 in the Circuit Court of Cook County, entitled "City of Chicago, In Trust for the Use of the Schools, vs. Marie Ritter, et al," a trial has been had and verdict rendered.

In this proceeding lots twelve (12), thirteen (13), fourteen (14), and the west half of lot eleven (11) in Peters' Subdivision of part of block thirty (30), in Pine Grove, a Subdivision of Fractional Section twenty-one (21), Township forty (40), North, Range fourteen (14), east of the Third Principal Meridian, together with the improvements thereon, in Cook County, Illinois, are condemned. Said lots have a frontage of 25 feet each on Melrose Street, 116.4 feet west of and adjoining the present site of the Nettelhorst School. The jury awarded the respondents the following sums:

To the owner of and parties interested in lot 12 and the west half of lot 11 aforesaid, together with the improvements thereon, the sum of	\$ 7,500.00
To the owner of and parties interested in lot 13 aforesaid, together with the improvements thereon, the sum of	4,850.00
To the owner of and parties interested in lot 14 aforesaid, together with the improvements thereon, the sum of	6,000.00
One dollar to tenant, residing on said premises	1.00
Costs of suit	9.00

Total

This verdict is, in our opinion, just and reasonable, and we request that your Committee recommend to the Board of Education of the City of Chicago the issuance of a proper warrant in the sum of \$18,360.00, payable to the County Treasurer of Cook County, for the use of the respondents in the case. Upon the payment of

the said amount to the County Treasurer, a good title to the above described property will vest in the City of Chicago, in trust for the use of the schools, for the uses and purposes set forth in the petition filed in said cause.

Accompanying this report is a blue print of the survey of the property in question.

Respectfully submitted,

(Signed) A. R. SHANNON,
Attorney.

Payment for Property Adjoining the Dewey School.

Your Committee on Buildings and Grounds reports that it is in receipt of a communication from the Attorney for the Board, relative to the proceeding to condemn certain property, therein described, for school purposes, having a frontage of 106.2 feet on West 54th Place, by a depth of 125 feet, to an eight (8) foot alley, adjoining the George Dewey School, a copy of which communication is hereto attached and made a part hereof.

Your Committee recommends that a warrant be drawn to the order of the County Treasurer of Cook County, in the sum of \$4,459.00, in accordance with the recommendation contained in said communication from the attorney of the Board.

November 22, 1912.

Committee on Buildings and Grounds, Board of Education of the City of Chicago.

GENTLEMEN:

In condemnation proceeding, Gen. No. 316,320 in the Circuit Court of Cook County, entitled "City of Chicago, in Trust for the Use of Schools, vs. T. A. Hamilton, et al," a trial has been had and verdict rendered.

In this proceeding, together with other property, Lots fourteen (14), fifteen (15), sixteen (16), and eighteen (18), in Lorimer's Subdivision of the South 498 feet of the east half of the southwest quarter of the southwest quarter of Section nine (9), Township thirty-eight (38), North, Range fourteen (14), east of the Third Principal Meridian, in Cook County, Illinois, are condemned. Said lots have a frontage of 25 feet each, by a depth of 125 feet on West 54th Place, and run to an eight (8) foot alley, excepting only Lot 18, which has a frontage of 31.2 feet, and also abuts a 16 foot alley on the side, being south-east of and adjoining the, George Dewey School. The jury awarded the respondents the following sums:

To the owner of and parties interested in lot 14 aforesaid, the sum of	\$ 1,050.00
To the owner of and parties interested in lots 15 and 16 aforesaid, the sum of	2,150.00
To the owner of and parties interested in lot 18 aforesaid, the sum of	1,250.00
Costs of suit	9.00

Direct Purchases.

North Shore, Bosworth, Albion and Perry Avenues.

Your Committee on Buildings and Grounds reports that it is in receipt of a communication from the Attorney of the Board, recommending the direct purchase from Fred Steele, the owner, of Lot twenty-one (21), and the south half of Lot twenty-two (22), of Rogers Park South, a Subdivision of Lots thirteen (13) and fourteen (14), in L. C. Paine Freer's (Receiver) Subdivision of the west half of the southwest quarter of Section thirty-two (32), Township forty-one (41), North, Range fourteen (14), east of the Third Principal Meridian, in Cook County, Illinois, for the sum of thirty-three hundred dollars (\$3,300.00), said premises having a frontage of 45 feet on Bosworth Avenue, at the northeast corner of Albion Avenue, with a frontage on the latter 125 feet, and being vacant, excepting for building operations just commenced.

Your Committee has given said recommendation consideration, and recommends that the Board of Education purchase from said Fred Steele Lot twenty-one (21), and the south half of Lot twenty-two (22) of Rogers Park South, a Subdivision of the west half of the southwest quarter of Section thirty-two (32), Township forty-one (41) North, Range fourteen (14), east of the Third Principal Meridian, in Cook County, Illinois, free and clear of all liens, but subject to the taxes of 1912 and special assessments confirmed after the date of the approval of the purchase by the City Council and for improvements not yet made, in accordance with the proposal of said Fred Steele, dated November 27, 1912, for the sum of \$3,300.00 and that the President and Secretary of this Board be directed to request the concurrence of the City Council in the direct purchase of said premises, the same being a part of the new site at North Shore, Bosworth, Albion and Perry Avenues, now being acquired.

Electric Service—Grant Authority for Increased Lighting Facilities—Phillips High School.

Your Committee on Buildings and Grounds reports that it is in receipt of

communication from the Secretary stating that the gymnasium at the Phillips High School Building, 39th Street and Prairie Avenue, is inefficiently lighted to provide proper illumination for use at evening school sessions, and recommends that authority be granted to increase the outlets and that high power tungsten lamps be used at an approximate expenditure of \$200.00.

No objections having been made to any of the recommendations contained in the several reports submitted, on motion of Mr. Sethness, the reports were received, and the recommendations contained therein were adopted, such adoption being declared to have been the action of the Board on each individual recommendation.

Yeas—Messrs. Cameron, Urion, Dr. Guerin, Messrs. Smietanka, Lipsky, Harding, Mrs. McMahon, Messrs. Huttman, Dibelka, Pfalzner, Sethness, Sonstebj, Erkson, Rothmann, and Dr. McFatrieb. 15.

FINANCE.

Mr. Sethness, member of the Committee on Finance, presented reports of the Committee, as follows:

(19407)

Advance Clerks on Promotional List.

Your Committee on Finance respectfully reports that it is in receipt of the following recommendation from the Secretary of the Board:

"Your Secretary reports that Arthur Thorson, civil service employe in the Bureau of Repairs, and Fred E. Welch, former clerk in the same Bureau, and now transferred to the Bureau of Audit, also a civil service employe, have proven very efficient, and would recommend that they be advanced to Senior Clerks, Grade IV, as soon as their names are reached on the civil service promotional list and their sal-

aries be advanced to \$1,320.00 per annum."

Your Committee further reports that it has carefully considered this matter, and recommends concurrence in the recommendation of the Secretary.

(19408)

Additional Compensation—Attorney for the Board.

Your Committee on Finance Respectfully recommends that the sum of \$2,500.00 additional compensation be paid to Mr. Angus Roy Shannon, Attorney of the Board of Education, for his services in connection with School Fund Property litigation.

(19409)

Payment of Interest—Vacant Section 16 School Lands.

Your Committee on Finance reports that it is in receipt of a bill from the Trustees of Schools, Township 39, R. 13, for 6 months interest at 3½ per cent on \$225,215.85, as per Judge Windes decree dated May 23, 1912, in settlement of Title of Vacant Section 16, School Lands, amounting to \$3,941.28.

The Committee recommends that this bill be ordered paid.

BOARD OF EDUCATION

REGULAR MEETING

OFFICIAL REPORT

CHICAGO, DECEMBER 11th, 1912

In the absence of the President, the Vice-president, Mr. Reinberg, took the chair, and the meeting being called to order, there were then

Present—Messrs. Cameron, Urson, Dr. Guerin, Messrs. Vincent, Lipsky, Harding, Pfaelzer, Setlness, Kelly, Erikson and Reinberg. 11.

Absent—Messrs. Griefenhagen, Smietanka, Dean Sumner, Mrs. McMahon, Judge

Sears, Messrs. Huttman, Dibelka, Sonstebly, Rothmann, and the President. 10.

Correction of Proceedings.

It was ordered that the Proceedings of October 30, 1912, Report No. 19183, be corrected by inserting after the words "New note of C. H. Palmer, dated April 2, 1908," the words "Due April 20, 1909, \$100.00," the same being typographical error.

Approval of Board of Proceedings.

On motion of Judge Vincent the reading of the record of the regular meeting held November 27, 1912, was dispensed with and the record thereof, as printed, was approved.

Judge Sears entered.

Appointment and Qualification of Member.

The Secretary presented the following communication from the City Clerk.

December 11, 1912.

MR. LEWIS E. LARSON,

Secretary, Board of Education.

Dear Sir: I have the honor to inform you that, on December 9th, 1912, his honor, the Mayor, appointed Mr. Otto F. Warning, as a member of the Board of Education to succeed Mr. Oscar F. Greifenhagen, which appointment was concurred in by the City Council. Mr. Warning today called at this office and subscribed to the oath of office as prescribed by statute.

Yours respectfully,

(Signed) FRANCIS D. CONNERY,
City Clerk.

Received and ordered printed in the Proceedings.

Mr. Harding introduced Dr. Warning.

On behalf of the Board the Vice-president welcomed Dr. Warning to membership.

Dr. Warning thanked the members of the Board for the courtesy shown him.

(19411-C)

Thanks Tendered the Board by Mr. Koester

The Secretary presented the following communication from Mr. George F. Koester:

Chicago, Dec. 10th, 1912.

MR. LEWIS E. LARSON,

Secretary Board of Education,

Tribune Bldg., Chicago, Ill.

My Dear Mr. Larson: I beg to acknowledge the receipt of the beautifully engrossed copy of "Resolutions passed by the Board of Education," which came during my absence from the city.

Kindly convey to the members of the Committee and the Board, my sincere thanks and appreciation of the kindly sentiments therein expressed. Coming as

they do from my former colleagues on the Board, I shall always cherish them for the fond recollections they convey to me of the many pleasant associations which were formed during my term of service.

Very sincerely yours,

G. F. KOESTER.

Received and ordered printed in the Proceedings.

UNFINISHED BUSINESS.

Under the head of unfinished business the Secretary read report No. 19330 in reference to establishing classes in printing and plumbing, Lane Technical High School, action on which had been deferred for two weeks on motion of Mr. Harding.

On motion of Mr. Harding action on the report was again deferred for two weeks.

Mr. Smietanka entered.

STANDING COMMITTEES.

The Chair stated that, in case no objection was made by any member present, it was agreed that the reports of the several Standing Committees be sent to the desk of the Secretary to the order of the committees, as provided for in the regular order of business; that they be read by the Secretary, and in case no objection is made during the reading thereof, that at the conclusion of the reading of the reports of each committee a vote be taken on the acceptance of the reports submitted, and the adoption of the recommendations contained therein as a whole; if during the reading of such report or any part of any report presented, such report or reports objected to shall be passed and the consideration thereof taken up separately.

SCHOOL MANAGEMENT.

Judge Vincent, acting Chairman of the Committee on School Management, presented reports of the Committee:

(19412)

Teacher—Elected in Household Arts in Industrial Room.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that Julia Tear has served satisfactorily as teacher of sewing in the industrial arts department of the Jackson School, and recommends that she be elected teacher of sewing in the industrial department of the Jackson School, beginning with the school month of December, 1912, and that her salary be fixed at the third year of the schedule for teachers of household arts, to change to the fourth year in January, 1913.

(19413)

Salary—Adjust Head Assistant.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that Tahletha M. Mann was elected head assistant of the Burley School on September 4, 1912. Her salary as teacher of the eighth grade in the Jahn School was \$1,275 per year, while her salary during the first year as head assistant is \$1,250.

The Superintendent recommends that Miss Mann's salary be fixed at \$1,275, dating from her election, to change to the second year of the schedule, \$1,300 at the end of her first year of service in such position.

(19414)

Salary—Adjust—Experienced Teacher.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that the salary of the following named teacher, recently assigned to a position in the elementary schools, who has had experience in teaching previous to her assignment in the Chicago public schools, and who by her success has shown the benefit of such experience, be advanced on the salary schedule for elementary teachers, in accordance with her experience:

Previous Salary

Experience Recommended School

Mary D. Rogers 2 years 2nd year Brentau

(19415)

Salary Adjustment—Principal.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that the salary of Otto M. Becker, principal of the May School, be advanced one year on the schedule on account of his previous experience as principal of schools elsewhere, said advance to date from September, 1912.

(19416)

Salary—Fixing of Teacher of Household Arts.

The Committee on School Management reports that at the meeting of the Board of Education on October 30, 1912, Report No. 19082, Nettie H. Lowe was elected teacher of sewing in the elementary schools, but that her salary was not fixed.

The Superintendent recommends that the salary of Miss Low be fixed at the third year of the upper group, \$1,300 per annum, to date from September, 1912.

(19417)

Salary—Pay Teacher During Illness.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools:

The Superintendent of Schools reports that the following request has been received through the Principal of the Earle School for salary during absence for a teacher of that school:

Miss Elizabeth Minney, teacher of room ten, of this school, was out of school from Oct. 30 to Nov. 22, a period of eighteen school days, with diphtheria.

The last day she was here, because two of her pupils were out with diphtheria, a throat culture was taken of all the pupils in her room.

At the physicians request Miss Minney assisted in taking the culture. The health department found four carriers as a result of that culture test.

Next morning Miss Minney became very sick with diphtheria, and has been out till today.

Under the circumstances it seems to me but fair that Miss Minney receive full compensation for the eighteen days out.

The Superintendent refers the above request to the Committee.

The Committee recommends that the above request be granted.

(19418)

Leave of Absence—Grant—to Elementary Principal.

The Committee of School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that E. L. C. Morse, Principal of the Phil Sheridan School, be given leave of absence, without loss of pay, on Friday, December 6, 1912, in order to attend the conference of the Western Economic Society in Chicago, at the Hotel Sherman, provided there be no expense to the Board of Education.

(19419)

Teachers—Assignments and Transfers.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools and recommends concurrence therein:

The Superintendent of Schools reports that assignments and transfers of teachers in the elementary schools have been made as shown on the attached list.

November 29th, 1912.

*Committee on Buildings and Grounds,
Board of Education of the City of Chicago.*

Gentlemen: In condemnation proceeding Gen. No. 316,994 of the Circuit Court of Cook County, entitled "City of Chicago, in Trust for the use of Schools, vs. John H. Morris, et al," a trial has been had and verdict rendered.

In this proceeding Lots two (2) and twenty-five (25) in Block eleven (11), of Eberhart's Subdivision of the Northeast quarter of Section twenty-three (23), Township thirty-eight (38) North, Range thirteen (13), East of the Third Principal Meridian, situated in the City of Chicago, County of Cook, and State of Illinois, are condemned. Said Lot 2 has a frontage of 22.9 feet on 65th Street, and said Lot 25 has a frontage of 22.9 feet on 65th Place, by a depth of 124.12 feet each, and adjoin the Chicago Lawn School premises. The jury awarded the respondents the following sums:

To the owner of and parties interested in Lot 2 aforesaid, the sum of	\$425.00
To the owner of and parties interested in Lot 25 aforesaid, the sum of	425.00
Costs of suit	6.00

Total \$856.00

This verdict is, in our opinion, just and reasonable, and we request that your Committee recommend to the Board of Education of the City of Chicago the issuance of a proper warrant in the sum of \$856.00, payable to the County Treasurer of Cook County, for the use of the respondents in the case. Upon the payment of the said amount to the County Treasurer, a good title to the above described property will vest in the City of Chicago, in Trust for the use of Schools, for the uses and purposes set forth in the petition filed in said cause.

Accompanying this report, is a blue print of the survey of the property in question.

Respectfully submitted,

(Signed) A. R. SHANNON,
Attorney, Board of Education.

December 5th, 1912.

Committee on Buildings and Grounds.

Board of Education of the City of Chicago.

GENTLEMEN:

In condemnation proceeding, Gen. No. 316,993, in the Circuit Court of Cook County, entitled "City of Chicago, in Trust for the Use of Schools, vs. Anna Wakerli, et al," a trial has been had and verdict rendered.

In this proceeding Lots eight (8), nine (9), ten (10) and eleven (11), in Parly's Subdivision of the north ten (10) rods of the south thirty-five (35) rods of the southeast quarter of Section four (4), Township thirty-eight (38) North, Range fourteen (14), East of the Third Principal Meridian, east of the railroad, together with the improvements thereon, in the City of Chicago, County of Cook, and State of Illinois, are condemned. Each of said

lots has a frontage of twenty-four (24) feet, except Lot eight (8), which has a frontage of twenty-one (21) feet, on South Dearborn Street, by a depth of one hundred feet (100), to a sixteen (16) foot alley, and adjoin the Colman School on the north. The jury awarded the respondents the following sums:

To the owner of and parties interested in Lots 8 and 9 aforesaid, together with the improvements thereon, the sum of	\$ 5,500.00
To the owner of and parties interested in Lot 10 aforesaid, exclusive of the improvements thereon, the same having been purchased back for \$500, the sum of	2,750.00
To the owner of and parties interested in Lot 11 aforesaid, together with the improvements thereon, the sum of	3,250.00
One Dollar to each of six tenants residing on said premises	6.00
Cost of suit	9.00

Total

\$11,515.00

This verdict is, in our opinion, just and reasonable, and we request that your Committee recommend to the Board of Education of the City of Chicago the issuance of a proper warrant in the sum of \$11,515, payable to the County Treasurer of Cook County, for the use of the respondents in the case. Upon the payment of the said sum to the County Treasurer, a good title to the above described property will vest in the City of Chicago in Trust for the Use of Schools, for the uses and purposes set forth in the petition filed in said cause.

Accompanying this report, is a blue print of the survey of the property in question.

Respectfully submitted,

A. R. SHANNON,
Attorney, Board of Education.

Office and Business Employees—Operating Force—Hyde Park High (New) School Building.

Your Committee on Buildings and Grounds reports that it has been necessary for sometime to generate heat day and night at the Hyde Park High (New) School Building, Stoney Island Avenue and 62nd Street. This required the services of an engineer continuously during the twenty-four hours and a fireman during the day time, and your Committee recommends that authority be granted allowing salary of night engineer on the basis of \$3.50 a night and that the fireman on the basis of \$90.00 a month during the period it will be necessary to have heat generated day and

night.

(19486)

Request Granted—Commonwealth Edison Company—Place Pole on Board of Education Property—Morse School.

Your Committee on Buildings and Grounds reports that it has received request from the Commonwealth Edison Co. asking permission to erect one pole on Board of Education property mid-way between Spaulding and Sawyer Avenues just north of Ohio Streets in order to facilitate extension of electric service to the Morse School Building, North Sawyer Avenue and Ohio Streets, and recommends that this request be granted with the understanding that no expense be involved by the Board of Education, that ladder irons will not be placed on pole and that pole will be removed upon request of the Board of Education on thirty days written notice.

(19487)

Electric Service—Extension of—Delano School Building.

Your Committee on Buildings and Grounds reports that it has received proposition from the Commonwealth Edison Company in the sum of \$37.00 covering the extension of electric service to the Delano School Building, Adams Street and Springfield Avenue. Your Committee recommends that this proposition be accepted with the understanding that payment therefor be

provided as stipulated in the existing contract; that is, current consumed for a period of two years subsequent to the completion of the extension will apply towards the cost of said extension.

(19488)

Extra Work—Authorize—Plumbing—Normal Arts and Gymnasium Building.

Your Committee on Buildings and Grounds reports that it was necessary to extend water supply pipe for accommodation of mason contractor at the Normal Arts and Gymnasium Building, 68th St. and Stewart Avenue. Hanley-Cassey Company, contractor for plumbing and gas fitting at this building, was instructed to proceed with the extension of water pipe for this purpose. Provision was not made in the original specifications for this water supply and bill for the work involved has been received in the sum of \$134.48; same has been checked and found to be reasonable, and your Committee recommends that it be added to the original contract price.

(19489)

Gas Lighting Facilities—Authorize—Arnold School.

Your Committee on Buildings and Grounds reports that gas lighting facilities are essential at the Arnold School Building, Center and Burlington Streets, and recommends that authority be granted for the preparation of specifications and receipt of bids for the installation thereof in the approximate sum of \$140.00.

(19490)

Mason Work—Authorize—Protection Fresh Air Intakes—Foster School.

Your Committee on Buildings and Grounds reports that the fresh air intakes of the North and South buildings at the Foster School, Union and O'Brien Streets, are flush with the streets, in consequence considerable street dirt is drawn in and distributed throughout the building. It was found advisable to have brick walls constructed to prohibit the taking in of debris in this manner, and the work is being performed under the jurisdiction of the Bureau of Repairs in the approximate sum of \$875.00, and your Committee recommends that authority be granted for this installation.

(19491)

Electric Service—Motor Driven Polishing Machine—Award Contract—Crane Technical High School.

Your Committee on Buildings and Grounds reports that it has prepared specification and received bids as authorized by the Board, Report No. 19,238, covering the installation of larger motor driven polishing

machine for the R. T. Crane Technical High School Building, West Van Buren Street and Oakley Blvd., to replace the inadequate machine at present used, and recommends award of contract to Jas. Clarke, Jr., Electric Company, it being the lowest bidder, in the sum of \$150.00.

(19492)

Contract—Award of—Gas Fitting and Installation of Gas Radiators—Sundry Schools.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids as authorized by the Board, Reports Nos. 19,173 and 19,012, for extension of gas fitting and the installation of gas radiators to provide adequate heating and lighting facilities at sundry school buildings. In the same specifications was included work of a similar character for which authority had not been heretofore obtained but which was essential to be done at this time, and your Committee recommends award of contract to the lowest bidder in each instance as follows:

W. W. Watson—

Burke School, S. Park Ave., and 54th, (gas radiators in toilet rooms)	\$ 49.00
Kenwood School, Lake Ave., and 50th St., (gas radiators in toilet rooms)	29.00
	\$ 78.00

Malby Bros. Co.—

Schurz H. School, Milwaukee Ave., and Addison St., (gas fitting, forge room)	\$ 30.00
--	----------

C. J. Boyd—

Flower T. H. School, 26th and Wabash Ave. (gas radiator) ..	30.00
Hayes School, Leavitt and Fulton Sts., (gas fitting)	115.00
	\$190.00

Adam Harvey—

Lake View H. Ashland Ave., and Irving Pk. Blvd., (gas fitting) ..	\$ 18.00
---	----------

(19493)

Contract—Award of—Heat Regulation—Gresham School Building.

Your Committee on Buildings and Grounds reports that it has received proposition from the National Regulator Company in the sum of \$49.00 for essential heat regulation at the Gresham School Building, Green and 85th Streets, in connection with Manual Training Room in basement as authorized by the Board, report No. 18,526. This proposition has been checked and found to be reasonable, and, inasmuch as the original work at this building was installed by the National Regulator Company, your Committee recommends that its proposition in this instance be accepted.

(19494)

Contract—Award of—Galvanized Iron Work, Sundry Schools.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids for essential galvanized iron work to insure adequate heating facilities in additional rooms authorized at various school buildings, and recommends award of contract to the lowest bidder in each instance as follows:

Hunter-Clark Company—

Drummond School, Clybourn Pl. and Lincoln (B. R.).....	\$ 34.00
Franklin School, Goethe and Wells Sts., (B. R.).....	63.00
Gresham School, Green and 85 Sts., (M. T. & K. toilet rooms) .	44.00
Holden School, 31st and Loomis Sts.	6.00
Jirka School, 17th and Loomis Sts., (B. R.).....	9.00
	\$156.00

Gco. M. Gross—

Lawson School, 13th Pl. and Ho-	
man Ave., (wardrobe).....	\$ 19.00

(19495)

Contract—Award of—Electric Pump—Dante School.

Your Committee on Buildings and Grounds reports that the present electric pump at the Dante School Building, Desplaines and Ewing Streets, is inadequate to meet the requirements. To insure sufficient water pressure at all times, specifications were prepared and bids received for the removal of present equipment and the substitution of new apparatus, consisting of two stage pump, capacity 30 gallons per minute, pressure on suction not over 8 lbs. per square inch 2 horse-power motor and regulator, and recommends award of contract to Yeomans Bros., in the sum of \$170.00, it being the lowest bidder, with the understanding that Yeomans Regulator be installed with this equipment.

(19496)

Contract—Award of—Drainage Facilities—Shields School.

Your Committee on Buildings and Grounds reports that owing to the accumulation of water in basement of assembly hall at the Shields School Building, West 43rd and South Rockwell Streets, it was imperative that drain pipe be extended for sewerage purposes, for which specifications were prepared and bids received, and contract awarded to Adam Harvey, he being the lowest bidder, in the sum of \$33.00. This contractor was informed to proceed immediately with the work inasmuch as it was emergency, and your Committee asks concurrence in the action taken.

(19497)

Contract—Award of—Shower Bath Facilities—Sundry Schools.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids as authorized by the Board, reports Nos. 19,103, 19,104 and 19,331, for shower bath facilities, Sundry School Building and recommends award of contract to the lowest bidder in each instance as follows:

Adam Harvey—

Drummond School, Clybourn Pl. and Lincoln (plumbing, new shower baths).....	\$1,074.00
C. J. Boyd—	
Holden School, 31st and Loomis Sts. (plumbing, new shower baths)	1,331.00
W. W. Watson—	
Franklin School, Goethe and Wells St. (plumbing, new bath room fixtures).....	1,205.00

(19498)

Contract—Award of—Steam Heating—Norwood Park School Branch No. 1.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids as authorized by the Board, report No. 19,030, October 16, 1912, covering essential steam heating in connection with changes at the Norwood Park School Branch, No. 1, Edison Park Avenue and Calumet Avenue, and recommends award of contract to F. W. Lamb Company in the sum of \$415.00, it being the lowest bidder.

(19499)

Contract—Award of—Toilet Facilities—Gage Park School, Branch No. 1.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids covering the installation of new toilet facilities at the Gage Park School, Branch No. 1, 50th Place and Oakley Avenue, and notified the successful bidder to proceed with the prosecution of the work immediately inasmuch as it was desired to have the toilet facilities completed at the earliest possible moment, and your Committee asks concurrence in the award of contract as aforesaid in each instance as follows:

C. J. Boyd—

Plumbing, gas fitting, etc.....	\$617.00
T. M. O'Brien—	
Tile Sewers.....	137.00

(19500)

Contract—Award of—Plumbing and Gas Fitting—Sundry School Buildings.

Your Committee on Buildings and Grounds reports that specification have been prepared and bids received for gas fitting at the Warren School Branch Building, Stony Island Avenue and 81st Street,

to provide illumination; and for plumbing work at the West Pullman School Branch Building, 129th Street and Parnell Avenue. Only one bid was received on each school although the work was advertised. This proposition has been checked and found to be reasonable, and your Committee recommends award of contract to C. J. Boyd in each instance as follows:

Warren School Branch.....	\$24.00
West Pullman School Branch.....	35.00
	\$59.00

(19501)

Contract—Award of—Plumbing—Teachers Lunch Room Sundry Schools.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids covering essential plumbing work in connection with teachers' lunch room as authorized by the Board, reports Nos. 19,221 and 19,280. In these specifications work of a similar character at the Armstrong School Building was included, and your Committee recommends award of contract to the lowest bidder in each instance as follows:

<i>Melbye Bros. Co.—</i>	
Armstrong School, Greenleaf Ave., and Pingree St.	\$ 73.00
<i>W. W. Watson—</i>	
Bismarck School, Central Pk. and Armitage Aves.	79.00
Morse School, Sawyer Ave., and Ohio St.	122.00
	\$201.00

(19502)

Contract—Award of—Gas Service, Extension of—Senn High School Building.

Your Committee on Buildings and Grounds reports that it is necessary to have gas pipe extended to the Senn High School Building, Ridge and Francis Avenues. This matter was taken up with the Peoples Gas Light & Coke Co., who advise that extension would be made from 4 inch service from its main in Southport Avenue. This street is paved with asphalt and it will require approximately 245 feet of pipe in excess of the 50 feet of pipe which is run free of charge. The estimated expense for re-paving and excess pipe is \$335.00. Your Committee accepted this proposition and notified the Peoples Gas Light & Coke Co., to proceed with the work forthwith that the extra charge of \$15.00 during the winter season for frost in the ground may in this case be eliminated, and asks concurrence in the action taken.

Mr. Rothmann entered.

(19503)

Contract—Award of—Plumbing—Sundry Schools.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids as authorized by

the Board, reports Nos. 19,173, 19,120, 19,063, 19,334, 19,326 and 19,252, covering essential plumbing work, etc., in connection with teachers' toilet rooms, fresh air rooms, etc., and in the same specifications were included other branches of work for which authority had not been granted, but upon which bids could be received to advantage, and your Committee recommends award of contract to the lowest bidder in each instance as follows:

<i>W. W. Watson—</i>	
Foster School, Union and O'Brien, (Plumbing—Sink in fresh air room)	\$ 57.00
Grant School, Wilcox and Campbell avenue, (Plumbing)	59.00
	\$116.00

C. J. Boyd—

Buildings—Sale of.

The Committee on Buildings and Grounds reports that it has received from the Secretary a communication submitting a schedule of bids filed for the purchase of the

building advertised for sale on the site of the Grant School, and recommending concurrence in his acceptance of the offer of the highest bidder, who has increased the amount of his last bid by the sum of fifty dollars for immediate sale.

The Committee recommends concurrence in the action of the Secretary in the sale of the building at 2445 Wilcox Avenue, to W. J. McCullough, for \$155.00.

(19513)

Office and Business Employees—Additional Help—Bureau of Architecture.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board requesting authority to employ an Architectural Draftsman, at a salary of \$125.00 per month, in the Bureau of Architecture, to fill the vacancy caused by the resignation of an Assistant Architectural Draftsman, at a salary of \$100.00 per month, further, that this authority is requested in order to secure the services of a more experienced draftsman now on the Civil Service eligible list.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board, and that the President be authorized to issue a requisition on the Civil Service Commission in accordance with the above.

(19514)

Direct Purchase—Property Adjacent Pulaski School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Attorney of the Board, recommending the direct purchase from Joseph Stein, 1935 Milwaukee Ave., of Lot in Holstein, a Subdivision of Section thirty-one (31), Township forty (40) North, Range fourteen (14), in Cook County, Illinois, together with the improvements thereon, for the sum of twenty-seven hundred fifty dollars (\$2,750.00), the same being adjacent to the Pulaski School site, subject to all taxes after the year 1912, and all special assessments confirmed after the date of the approval of the purchase by the City Council, including the furnishing of a Guaranty Policy for \$1,000.00, said property being improved with a one and one-half story, eight room, brick dwelling house, the premises having a frontage of twenty-four (24) feet on Lubeck Street, by a depth of one hundred (100) feet, to a sixteen (16) foot alley; and

Your Committee recommends the purchase thereof at said figure of twenty-seven hundred fifty dollars (\$2,750.00), and your Committee further recommends that the President and Secretary of this Board be authorized to request the concurrence of the City Council in said direct purchase.

No objections having been made to any of the recommendations contained in the several reports submitted, on motion of Mr. Sethness the reports were received and the recommendations contained therein were

adopted, such adoption being declared to have been the action of the Board on each individual recommendation.

FINANCE.

Reports from the Committee on Finance were presented, as follows:

(19515)

Pay Bill for Automobile Service.

Your Committee on Finance respectfully reports that it is in receipt of the following recommendation from the Secretary of the Board:

"I submit herewith bill of George A. Gilbert in the sum of \$33.00, covering fire and theft insurance on automobiles used by John A. Guilford, Business Manager, and H. H. Holton, Bell and Telephone Repairer; also bills of the Employers' Liability Assurance Corporation, Limited, in the sum of \$268.50, covering liability, property damage and collision insurance on the same machines.

"I respectfully recommend that these bills be ordered paid."

Your Committee further reports that it has carefully considered this matter, and recommends concurrence in the above recommendation of the Secretary.

(19516)

Issue Duplicate Warrants.

The Committee on Finance reports that it is in receipt of a request from Mary N. Abbe, a teacher in the Marshall High School, for a duplicate warrant in lieu of the original warrant No. 4572, in the sum of \$137.00, issued to her for services rendered in September, 1912, which was stolen, and also a request from Marie L. Powers, a teacher in the Fallon Social Center, for a duplicate warrant in lieu of the original warrant No. 5791, in the sum of \$8.00, issued to her for services rendered in April, 1912, which was lost or destroyed.

The Committee further reports that it has considered these requests and recommends that duplicate warrants be issued to Miss Abbe and Miss Powers when they shall have filed with the Secretary the necessary indemnity bond.

(19517)

Report of the Secretary for the Month of November, 1912.

The Committee on Finance reports that it is in receipt of the attached report from the Secretary of the Board of Education showing the amounts of money received by him and deposited with the City Treasurer during the month of November, 1912.

The Committee further reports that this report has been O. K'd by the Auditor and approved by the Committee.

BOARD OF EDUCATION

REGULAR MEETING

OFFICIAL REPORT

CHICAGO, DECEMBER 27th, 1912

The President, Dr. McFatrigh took the Chair and the meeting being called together there were then

Present—Messrs. Urion, Vincent, Lipsky, Harding, Mrs. MacMahon, Messrs. Huttman, Dibelka, Pfaelzer, Sethness, Reinberg, Erikson, Warning, and Dr. McFatrigh. 13.

Absent—Mr. Cameron, Dr. Guerin, Dean Sumner, Messrs. Smietanka, Sears, Sonstebly, Kelly and Rothmann. 8.

Mr. Kelly entered.

Approval of Record of Proceedings.

It was ordered that the reading of the record of the regular meeting held December 11, 1912, be dispensed with and the record thereof, as printed, be approved.

(19518-A)

Communication from Mr. Pfaelzer.

The Secretary presented the following communication from Mr. Pfaelzer:

To My Friends and Associate Members of the Board of Education.

DEAR FRIENDS:—

I have this day sent to the Hon. Carter H. Harrison, my resignation as a member of the Board of Education. Other duties which I have assumed make it impossible for me to devote the necessary time to the important functions demanded of a member of the Board of Education.

The intense interest that all of the members have taken in the work has brought with it many strong friendships. Your zeal in the cause of education and co-operation in the broad problems that have confronted us, has inspired me with a feeling of friendship for you all. I have a deep desire and hope that the ties that have been welded in the Board Rooms will

continue through later life; for my greatest regret in resigning is that I will not only be taken away from this noble work, but that I will also be separated from associates that have grown so dear to me.

Very sincerely yours,

DAVID M. PFAELZER.

Received and order printed in the Proceedings.

(19518-B)

Thanks Tendered the Board by Mr. Bennett.

The Secretary presented the following communication from Mr. Bennett:

Dec. 23, 1912.

To the Honorable the Board of Education of Chicago.

GENTLEMEN:

I received, at the hands of your worthy Secretary, a copy of your very complimentary resolution, so elegantly expressed and so handsomely engrossed, for which I thank you sincerely. Upon reading the kindly words I earnestly wished that all of the *good* things our friends say of us might *really* be true.

I shall always prize this testimonial coming as it does from you, my personal friends with whom I was so pleasantly associated in the greatest of all life work, from whom I always received the most courteous and cordial treatment and consideration.

I wish to express my fullest appreciation of the hearty support and co-operation accorded me by the members of the Board its officers and employees during my service as a member.

Sincerely yours,

FRANK I. BENNETT.

Received and ordered printed in the Proceedings.

Carl Wenz.

I respectfully ask concurrence in the recommendation of Mr. Mortenson.

Yours very truly,

J. B. McFATRICH.

President

On motion of Mr. Kelly the recommendation of the President was concurred in.

Members Placed on Committees.

The President stated that on account of the resignation of Mr. Otto F. Griefenhagen from membership on the Board there was a vacancy on the Committee on Buildings and Grounds which he would recommend be filled by the transfer of Mr. John J. Sonstebly from the Committee on School Management to the Committee on Buildings and Grounds, and the appointment of Dr. Otto F. Warning to fill the vacancy on the Committee on School Management.

On motion of Mr. Kelly the action of the President was concurred in.

*Appointment of Committee to Draft
Resolutions.*

Mr. Kelly moved that the President of the Board appoint a Committee of Three to draft resolutions on the retirement from the Board of Mr. Otto F. Griefenhagen, Mr. Adolph Gartz, and Mr. Pfaelzer.

Seconded by Mr. Huttman and so ordered.

The Chair appointed Mr. Urion, Judge Vincent and Judge Sears as such Committee.

Mr. Sonstebly entered.

UNFINISHED BUSINESS.

Under the head of unfinished business the Secretary read report No. 19330 adopted at the meeting held November 27, 1912, action on which had been deferred on motion of Mr. Harding, and on which action had again been deferred on motion of Mr. Harding at the meeting held December 11, 1912.

Mr. Harding presented the following amendment to said report:

That Report No. 19330, action on which was deferred at the meeting of November 27, be amended by adding the Crane, Lake and Flower Technical High Schools; that the instructors in printing be practical printers; that an advisory board be hereafter provided for advice with the committee on School Management and the Superintendent of Schools regarding practical work of the classes in printing; that equipment for printing be installed at the following expense:

Lane	\$600.00
Crane	788.64
Lake	788.64
Flower	438.64

Mr. Harding moved the adoption of the Report as amended.

Seconded by Mr. Huttman and so ordered.

Yeas—Mr. Urion, Dr. Guerin, Dean Sumner, Judge Vincent, Mrs. MacMahon, Messrs. Lipsky, Harding, Huttman, Dielka, Pfaelzer, Sethness, Reinberg, Sonstebly, Kelly, Erikson, Warning and Dr. McFATRICH. 17.

Nays—0.

STANDING COMMITTEES.

The Chair stated that, in case no objection was made by any member present, it was agreed that the reports of the sev-

eral Standing Committees be sent to the desk of the Secretary to the order of the committees, as provided for in the regular order of business; that they be read by the Secretary, and in case no objection is made during the reading thereof, that at the conclusion of the reading of the reports of each committee a vote be taken on the acceptance of the reports submitted, and the adoption of the recommendations contained therein as a whole; if during the reading of such report or any part of any report presented, such report or reports objected to shall be passed and the consideration thereof taken up separately.

Relieve Principals of Hyde Park and Lake View High Schools of Regular Duties During January, and Elect B. Frank Brown Principal of Lake View High School.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that the new high school buildings for the

Hyde Park and Senn High Schools will be opened February 1. Because condition arising regarding equipments, arrangement of division, and transfer of pupils from the Hyde Park High School and the Lake View High School will make heavy and unusual demands on the time of the principals, the Superintendent recommends that Hiram B. Loomis, Principal of Hyde Park High School, and Benjamin F. Buck, Principal of Lake View High School, be relieved of their regular duties at those schools during the month of January; that a substitute teacher be assigned to the Hyde Park High School to assist in conducting the recitations which now are in charge of Mr. Loomis, and also other forms of work, and that B. Frank Brown, at present assistant to the principal, be elected principal of the Lake View High School.

The Superintendent further recommends that Mr. Loomis and Mr. Buck receive their full salary during the month of January.

Use of Assembly Halls in School Buildings.

The Committee on Buildings and Grounds reports that it is in receipt of the following communication from the Special Committee appointed by the Board October 2, 1912, for the consideration of the matter of the use of assembly halls in Chicago Public School Buildings for general public purposes and recommends concurrence in the suggestions therein contained:

"Chicago, Dec. 20, 1912.

"Hon. Chas. O. Sethness,

"Chairman, Committee on Buildings and Grounds.

"Board of Education.

"Chicago.

Dear Sir:—

"The special Committee appointed by you for the purpose of arranging a schedule on which assembly halls of the various schools of Chicago could be used for po-

litical purposes, and report back to this Committee at the conclusion of the recent Presidential campaign, begs leave to report as follows:

"Shortly after the last election we sent an inquiry to the principal of each school in which political meetings were held, asking for a report on said meetings as well as any suggestions or recommendations with reference to granting similar requests in the future. Replies were received from thirty-seven schools. All principals reported that the meetings held were a success; that no damage was caused to school property, and they all substantially recommend that permission be granted for similar use in the future. In the following schools the attendance was large:

Fiske
Gallistel
Graham
Jefferson
McCosh
Mitchell
Parker Practice

The principal of the Felsenthal School made two suggestions which we believe should have the careful consideration of our Committee:

"1st. That no minors be admitted to these meetings without their parents.

"2nd. That only assembly halls on the first floor be used; the reason for this recommendation being that where the assembly halls are on the upper floors it is almost impossible, without a large force of attendants, to properly guard from vandalism school property, consisting of pictures, etc., that may be located in the corridors.

"The Principal of the Stewart School approves of granting permission for similar use in the future, but adds the following:

"Of course if this is done some one who represents the Board of Education should be present. This means that there will need to be a permanent night staff to take care of them.

"We assume that the above quoted suggestion implies that the persons representing the Board of Education other than the school engineer should receive compensation for such service. In this we heartily concur, and believe that the amount of such remuneration should be added to the present schedule of charges, which includes pay for the Engineer.

"Attached hereto is a copy of the rules and regulations under which the meetings were held this fall.

"After carefully considering this matter, we recommend that use of assembly halls be afforded the general public for any legitimate purpose on the same basis as permission was granted for the holding of political meetings.

"Reports from the principals are on file and open for your inspection in the President's office.

"Respectfully submitted,

"(Signed) J. B. McFatrieh

BOARD OF EDUCATION, CITY OF CHICAGO.
OFFICE OF THE SECRETARY.

October 2, 1912.

Plan, Rates of Rental and Rules and Regulations Governing Use of Public School Assembly Halls Outside of School Hours for Political Meetings.

Plans.

1. Your Committee recommends that whenever public school Assembly halls are to be used for political meetings, a representative of the Education Department shall be present in addition to the Engineer.

2. That the organization using such assembly hall shall provide at least two city policemen for proper supervision of the hall and the corridors of the building, said officers to be on duty at least one-half hour before the opening of the meeting, and to remain on duty until all the people in attendance have left the building.

3. That the halls shall be used between the hours of 7:30 and 11:30 o'clock in the evening.

Schedule of Rental Rates.

The use of public school assembly halls after regular school hours may be granted upon the approval of the President of the Board of Education of the City of Chicago to properly accredited officers of organization seeking the use of such halls, provided the organization shall agree to pay the expense of heat, light and janitor service for such use according to the following schedule, which is estimated as being the cost for such service to the Board of Education of the City of Chicago.

1. Use of Assembly Hall in the evening, including heat, light and janitor service, per evening.....\$9.50
(\$1.50 of the above amount to be paid for helper to assist engineer in corridors.)

2. Use of Assembly Hall in the evening, including light and janitor service, *but not including heat*, per evening 5.00

Rules and Regulations.

Your Committee recommends the adoption of the following rules and regulations governing the use of assembly halls for political meetings:

1. That application for such use shall be signed by an authorized official or representative of the organization seeking such use, and said application shall after approval by the President of the Board of Education, be filed with the Business Manager of the Board of Education at least five days before the date on which the hall is to be used.

2. That the payment of rental for such use shall be made at the time the application is filed.

3. That smoking shall be absolutely prohibited on the school premises, and the police officers in attendance shall strictly enforce the ordinances of the City of Chicago prohibiting expectoration on floors, walls or walks.

4. That the organization seeking such use of school assembly halls shall make a cash deposit with the Business Manager of the Board of Education in the sum of \$25.00 to cover any damage to school property incurred while so used; said deposit to be made at the time of the filing of the application and shall be returned promptly after the hall has been inspected after being used for such purposes, provided no damage to the school property has been incurred in the judgment of the Business Manager of the Board of Education.

Employ Men for Cutting Ice.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board submitting a request from the Superintendent of the Chicago Parental School for authority to employ not to exceed fifteen men for a period of approximately seven days at \$2.00 per day each for putting up the year's supply of ice for the Parental School, and recommending concurrence in the suggestion of the Principal of said school.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary.

(19578)

Office and Business Employees—Suspension of Watchman.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Trial Committee dated December 19, 1912, stating that it held a session on December 17, 1912 for the purpose of considering the charges of Neglect of Duty and Failure to Carry out Instructions issued for the performance of his duty, preferred against Daniel McMahon, Watchman at the A. G. Lane Technical High School Building, who was suspended from duty on December 2, 1912. The Trial Committee has reported that Mr. McMahon is confined in the Alexian Brothers' Hospital, where he underwent an operation, and suggests that the case be continued until he has recovered and is able to attend the hearing.

The Committee recommends that the suggestion of the Trial Committee be concurred in by the Board.

(19579)

Office and Business Employees—Discipline Fireman.

The Committee on Buildings and Grounds reports that it is in receipt of a report from the Trial Committee, stating that, under date of December 17, 1912, said Committee held a regular session to consider charges preferred against William Gehrke, suspended fireman at the Lake High School building, on the charge of Drinking Beer while on duty, and, after hearing the evidence submitted, he was found guilty of the charge and suspended for a period of Ten Days, having been reinstated December 18, 1912, inasmuch as this was his first offense.

The Committee recommends that the action of the Trial Committee be concurred in by the Board.

(19580)

Office and Business Employees—Grant Leave of Absence.

The Committee on Buildings and Grounds reports that it is in receipt of a report from the Trial Committee stating that, under date of December 17, 1912, said committee was in session to consider charges preferred against John Kelly, suspended fireman at the Lake High School building, at which meeting, the Secretary reported that Mr. Kelly had requested a leave of absence to enable him to procure employment elsewhere in the service of the city, which request had been granted by the Secretary on condition that same would be accepted by the Civil Service Commission; but, in the event that same is refused by the Commission, Mr. Kelly would be compelled to stand trial, with a penalty of dismissal, if found guilty, and with the final provision that he is not to be permitted to re-enter the service of the Board.

The Committee further reports that owing to reasons herein stated, no trial was held, and the Committee recommends the concurrence of the Board in the action taken by the Secretary.

(19581)

(19582)

Contract—Award of—Steam Heating—Austin High School.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids, Report 18408, for steam heating in connection with the partitioning of assembly hall at the Austin High School Building, Frink Street and Willow Avenue, for class purposes and awarded contract to F. W. Lamb Company, it being the lowest bidder, in the sum of \$63.00, and asks concurrence in the action taken.

(19583)

Contract—Award of—Pipe and Fittings—Chicago Parental School.

Your Committee on Buildings and Grounds reports that it has received bids as per specifications for essential pipe, fittings, etc., to make needed repairs to steam pipes and plumbing fixtures at the Chicago Parental School Building, W. Foster and N. Central Park Avenues, which work is to be done by the operating engineer, and recommends award of contract to the Chicago Engineer Supply Company, it being the lowest bidder, in the sum of \$46.46.

(19584)

Contract—Award of—Wire Guards—Phillips High School.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids for wire guards in connection with switchboard, Electrical Construction Department, Phillips High School Building, 39th Street and Prairie Avenue, and recommends award of contract to E. R. Landon in the sum of \$63.00, he being the lowest bidder.

(19585)

Contract—Accept Credit—Plumbing, Gas Fitting, Etc.—W. W. Watson—Kenwood School Building.

Your Committee on Buildings and Grounds reports that it has received credit memorandum from W. W. Watson, contractor for plumbing, gas fitting, etc., at the Kenwood School Building, Lake Avenue and 50th Street, in the sum of \$50.00 covering the installation of plumbing, gas fitting, etc., in new location of Household Arts and Manual Training rooms. In connection with Report No. 19039 it was subsequently

suggested that the Manual Training room be fitted up in the basement which necessitated revised plan for Household Arts room. In the original bid of W. W. Watson it was intended to move the Manual Training room, but later it was found to be unnecessary and credit memorandum therefor was submitted, which has been checked and found to be reasonable, and your Committee recommends its acceptance.

(19586)

Contract—Award of—Gas Fitting and Fixtures—Arnold School.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids as authorized by the Board, Report No. 19489, for gas fitting and fixtures to provide adequate illuminating facilities at the Arnold School Building, Center and Burling Streets, and recommends award of contract to B. E. Lynam in the sum of \$81.00, he being the lowest bidder.

(19587)

Contract—Award of—Steam Heating in Connection with Induced Draft—Senn High School Building.

Your Committee on Buildings and Grounds reports that it has received from P. Nacey Company, the original contractor for steam heating at the Senn High School Building, Ridge and Francis Avenues, proposition in the sum of \$382.00 for furnishing all labor and material necessary for the extension of steamfitting required for induced draft apparatus, which proposition has been checked and found to be reasonable and your Committee recommends its acceptance.

(19588)

Electric Service—Award Contract—Foster School.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids as authorized by the Board, Report No. 18667, for electric lighting facilities in the Foster School Building, Union and O'Brien Streets, and recommends award of contract to the L. H. Lamont Company in the sum of \$4,585.00, it being the lowest bidder. Your Committee further reports that the appropriation originally provided for this work is insufficient as determined by the low bid received, and, therefore, asks that an additional amount of \$1,900.00 be set aside for the expense involved.

(19589)

Electric Service—Wiring in Connection with Machinery—Sundry Schools.

Your Committee on Buildings and Grounds reports that it has prepared speci-

fications and received bids as per authority 18339 for essential electric wiring in connection with manual training centers in sundry high school buildings and recommends award of contract to the Howe Electric Company, it being the lowest bidder in each instance as follows:

Calumet High School, Normal Avenue and 81st Street.....	\$ 988.00
Curtis School, 114th Place and State Street	673.00
Englewood High School, 62nd Street and Stewart Avenue....	792.00
Farragut School, Spaulding Avenue and 24th Street.....	472.00
Marshall School, Adams Street and Kedzie Street	624.00
McKinley High School, Adams Street and Hoyne Avenue.....	520.00
Medill School, 14th Place and Throop Street	448.00
Parker School, 66th Street and Stewart Avenue	636.00
Phillips School, 39th Street and Prairie Avenue	831.00

\$5,984.00

Your Committee further reports that the total of the bids exceeds the appropriation for the work involved, and therefore, recommends that an additional appropriation of \$3,500.00 be set aside to permit the installation of the electric wiring aforesaid, it being understood that this appropriation will be set aside from the Permanent fund.

(19590)

Electric Service—Chicago Normal College—Rooms Nos. 200 and 300.

Your Committee on Buildings and Grounds reports that it has received request for the installation of indirect system of lighting for two large lecture rooms, Nos. 200 and 300, at the Chicago Normal College, 65th Street and Stewart Avenue, and has received bids for the work in question from the National X-Ray Reflector Company in the sum of \$137.56, it being the lowest bidder; the work to be installed by electrician under the jurisdiction of the Board, and your Committee recommends that authority be granted for the changes as recommended involving this expenditure.

(19591)

Electric Service—Farson School Building.

Your Committee on Buildings and Grounds reports that it has received proposition in the sum of \$25.00 from the Commonwealth Edison Company for the installation of a thirty foot pole in yard at the Farson School Building, 95th Street and Prospect Avenue, for the purpose of facilitating the extension of electric service to said building. This was considered an emergency matter and contractor was notified to proceed immediately, and Your Committee asks concurrence in the action taken with the understanding that the payment for this additional expense will be made by voucher for above amount and with the further understanding that said pole will be removed without expense to the Board of Education at any time upon thirty days notice.

(19592)

*Extra Work—Award Contract—Plumbing—
Hyde Park High (New) School
Building.*

Your Committee on Buildings and Grounds reports that Hanley-Casey Company contractor for plumbing at the new Hyde Park High School Building, 62nd Street and Stoney Island Avenue, was notified to install 1½ inch galvanized iron pipe for discharge of future cellar drain, for which bill has been submitted in the sum of \$28.44. At the same time this contractor was instructed to provide opening in header in pipe for connection to filter from swimming pool and bill has been submitted in the sum of \$19.98. Both of these matters were found to be necessary after the preparation of the original specifications, and inasmuch as the bills have been checked and found to be reasonable, your Committee recommends that authority be granted for the issuance of voucher covering the same.

(19593)

*Office and Business Employees—Employ
Operating Engineer Howland School
Building.*

Your Committee on Buildings and Grounds reports that in order to generate heat in the new addition at the Howland School Building, Spaulding Avenue and 16th Street, the apparatus heating the old building is to be utilized and additional work therefore, devolves upon the operating engineer, and recommends that salary on the basis of \$60.00 a month be allowed a month for this additional labor, the same to be effective from December 17, 1912, and during the life of the conditions now existing.

(19594)

*Office and Business Employees—Additional
Operating Help—New Hyde Park High
and Senn High Schools.*

Your Committee on Buildings and Grounds reports that in order to keep up sufficient steam pressure to properly operate the various apparatus at the new Hyde Park High School, 62nd Street and Stoney Island Avenue, it was necessary to employ one additional fireman, effective December 17th, and one coal passer, effective December 19th, compensation to be allowed on the basis of \$90.00 a month each, and your Committee recommends concurrence in the action taken, and further recommends that authority be granted for similar action in connection with the Senn High School Building, Ridge and Francis Avenues, where conditions are identical, it being understood that the employees mentioned come under the province of the operating engineer and his salary is to be adjusted that payment may be made by him direct to the employees affected.

(19595)

*Office and Business Employees—Operating
Force—Senn High School
Building.*

Your Committee on Buildings and Grounds reports that it has been necessary for sometime to generate heat day and night at the Senn High School Building, Ridge and Francis Avenues. This required the services of an engineer continuously during the twenty-four hours and a fireman during the day time, and your Committee recommends that authority be granted allowing salary of night engineer on the basis of \$3.50 a night and that of the fireman on the basis of \$90.00 a month during the period it will be necessary to have heat generated day and night, from December 14, 1912.

(19596)

*Office and Business Employees—Assistant
Engineer—Lake High School
Building.*

Your Committee on Buildings and Grounds recommends that authority be granted the operating engineer at the Lake High School, W. 47th Place and Union Avenue, to employ an additional assistant engineer during the session of evening schools on the basis of \$90.00, same to become effective as of date of the opening of school in January 1913.

(19597)

Acquire by Direct Purchase—Wrightwood and North 44th Avenues.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Attorney of the Board recommending the purchase of Lots one (1) to seven (7), except the west 5 feet of lot seven (7), and Lots nine (9) and ten (10) in Block four (4) of Keeney & Pemberty's Addition to Pennock, a Subdivision of Section twenty-seven (27), Township forty (40) North; Range thirteen (13), East of the Third Principal Meridian, from Edward E. Overfield, the owner, for the sum of \$4500.00, the said owner to furnish a guarantee policy for said lots, to pay any special assessments that may be confirmed against the same, and to pay the taxes for the year 1912, and to deliver title by general warranty deed; and recommends that the said premises be purchased for said sum of \$4500.00 conditioned as aforesaid, and that the President and Secretary of the Board be directed to request the concurrence of the City Council in said purchase, the above being in connection with a new school site in the vicinity of Wrightwood and No. 44th Avenues.

No objections having been made to any of the recommendations contained in the several reports submitted except report No. 19566 which was recommitted on motion of Mr. Harding, on motion of Mr. Sethness the reports were received and the recommendations contained therein were adopted, such adoption being declared to have been the action of the Board on each individual recommendation.

Yeas.—Mr. Urien, Dr. Guerin, Dean Sumner, Messrs. Vincent, Lipsky, Harding, Mrs. MacMahon, Messrs. Huttman, Dibelka, Ifaelzer, Sethness, Reinberg, Sonstebly, Kelly, Erickson, Drs. Warning and McFarrich, 17.

FINANCE.

Mr. Reinberg, Chairman of the Committee on Finance, presented reports of the Committee, as follows:

(19609)

Issue Duplicate Warrant.

The Committee on Finance reports that it is in receipt of a request from Julia H. Field, teacher in the Foster School, for a duplicate warrant in lieu of the original warrant No. 17364, in the sum of \$116.00, issued to her for services rendered in November, 1912, which was lost.

The Committee further reports that it has considered this request, and recommends that a duplicate warrant be issued to Miss Field when she shall have filed with the Secretary the necessary indemnity bond.

(19610)

Appropriation—Transfer to Teachers' Pension Fund.

Your Committee on Finance respectfully reports that it is in receipt of the following communication from the Secretary of the Board:

"On February 7th, 1912, page 641 of the Proceedings, the Board of Education made an appropriation of \$50,000 to the Teachers' Pension Fund. On October 2nd, 1912, page 331 of the Proceedings, the Board of Education ordered the payment of \$25,000 of the above amount.

"I respectfully recommend that a warrant in the sum of \$25,000 be drawn in favor of the Public School Teachers' Pension and Retirement Fund as final payment under said appropriation."

Your Committee further reports that it has carefully considered this matter and recommends concurrence in the above recommendation of the Secretary.

Warrant

No.	Name of Employee	For Services as—	Amount	Dated
15955	Edmoud A. Flynn.....	Engineer	\$306.68	Oct. 31-12
16015	George E. Young.....	Janitor	13.55	Oct. 31-12
16085	George E. Young.....	Janitor	21.94	Oct. 31-12
16000	Marie V. Leonard.....	Janitress	38.00	Oct. 31-12

It is claimed that the first three of the above warrants failed of delivery to the proper persons through the mails, and the last named was lost after being delivered.

The Committee has given these requests consideration, and recommends that duplicate warrants, in the sums stated, be issued to the several employees named, when they shall have filed with the Secretary the required indemnity bonds.

(19613)

Transfer of Appropriations to Cover Excess Expenditures.

The Committee on Finance recommends that the Auditor be authorized and directed to make the necessary transfers of appropriations to cover the excess expenditures over apportionments, and to transfer all remaining balances of apportionments at the end of the year 1912 to General Fund Accounts.

(19611)

Estimates for 1913 Tax Levy for School Purposes.

Your Committee on Finance respectfully reports that it has had under consideration, and submits herewith an estimate of the amount to be provided for in the tax levy for 1913 for school purposes.

Your Committee further reports that in connection with the estimates of the amount necessary for building purposes your Committee finds that in order to economically acquire new sites in growing sections of the city at acreage prices before the land has been subdivided, and in order to acquire necessary additions to school sites to provide sufficient ground for additions to old buildings and for playground purposes, that the sum of \$4,250,000.00 will be needed.

Your Committee respectfully recommends that the President and the Secretary of the Board of Education be, and they are hereby authorized and directed to submit said estimates to the City Council of the City of Chicago, as follows:

Building Purposes.

For Building Purposes.....\$ 4,250,000.00

(19612)

Issue Duplicate Salary Warrants.

Your Committee on Finance reports that it is in receipt of requests for duplicates of salary warrants for Board Employees as follows:

(19614)

Advance Clerk on Promotional List.

Your Committee on Finance respectfully reports that it is in receipt of the following recommendation from the Secretary of the Board:

"Your Secretary reports that Miss Ella M. Russell, Civil Service employee in the Bureau of Audit, has proven very efficient, and would recommend that she be advanced to Senior Clerk, Grade IV, as soon as her name is reached on the civil service promotional list, and her salary be advanced to \$1320.00 per annum, effective January 1, 1913."

Your Committee further reports that it has carefully considered this matter, and recommends concurrence in the recommendation of the Secretary.

(19615)

Pay Bill for Insurance.

Your Committee on Finance respectfully reports that it is in receipt of the following communication from the Secretary of the Board:

"I submit herewith a bill from Klee, Rogers & Co., in the sum of \$15.00, covering renewal insurance on building situated on school fund property at 10042 Butler Street, and respectfully recommend that said bill be paid."

Your Committee further reports that it has carefully considered this matter, and recommends concurrence in the above recommendation of the Secretary.

BOARD OF EDUCATION

SPECIAL MEETING

OFFICIAL REPORT

CHICAGO, JAN. 2nd, 1913

The President, Dr. McFatrach, took the Chair and the meeting being called to order there were then

Present—Mr. Cameron, Dean Sumner, Messrs. Vincent, Lipsky, Harding, Mrs. MacMahon, Messrs. Dibelka, Reinberg, Kelly, Sonstebly, Erickson, Rothmann, Drs. Warning and McFatrach. 14.

Absent—Messrs. Urion, Smietanka, Sears, Huttman, Pfaelzer and Sethness. 6.
Dean Sumner—

This is not the time to pay eulogy to Dr. Guerin. We are all startled and saddened by his sudden death. He was a man we all loved and revered. He has served the Board faithfully, and I think we would all like to attend the funeral as a Committee of the Whole, representing the Board of Ed-

ucation. I move that the President of the Board appoint a Committee of Three to draw up resolutions on the death of Dr. Guerin, and that a copy of the resolutions be sent to the family of Dr. Guerin and spread upon the records of the Board; that arrangements be made for the Board to attend the funeral, and that a floral tribute be sent, on behalf of the Board of Education.

Seconded by Mr. Cameron and so ordered.

The President appointed Dean Sumner, Messrs. Rothmann and Cameron as such special committee.

The Board adjourned.

LEWIS E. LARSON.
Secretary.

BOARD OF EDUCATION

REGULAR MEETING

OFFICIAL REPORT

CHICAGO, JANUARY 8th, 1913

The President, Dr. McFatrach, took the Chair, and the meeting being called to order there were then

Present—Mr. Cameron, Dean Sumner, Messrs. Vincent, Harding, Mrs. MacMahon, Messrs. Huttman, Dibelka, Sethness, Reinberg, Sonsteby, Kelly, Erickson, Rothmann, Drs. Warning and McFatrach. 15.

Absent—Messrs. Urion, Smietanka, Sears, Lipsky, and Pfaelzer. 5.

Approval of Record of Proceedings.

It was ordered that the reading of the records of regular meeting held December 27, 1912, and of the special meeting held January 2, 1913, be dispensed with and the records thereof, as printed, be approved.

(19616-A)

Boys Paroled and Discharged from Parental School.

The Secretary presented the following communication from Dr. McFatrach.
Chicago, January 8, 1913.

To the Board of Education of the City of Chicago.

LADIES AND GENTLEMEN:—

Mr. Peter A. Mortenson, Superintendent of the Chicago Parental School, reports that he is satisfied from the conduct of the

following named boys that if paroled they will attend regularly the public or private school to which they may be sent, and recommends their parole:

William Levine.
John W. Lyles.
Max Markoff.
Timothy McLaughlin.
Jack Morgan.
Jacob Schoen.
Robert Tallet.
Thomas Tuttlewicz.

I respectfully ask concurrence in the recommendation of Mr. Mortenson.

Yours very truly,

J. B. MCFATRACH.

President.

Received and the recommendation concurred in.

(19616-B)

Memorial to Dr. John Guerin.

Dean Sumner, on behalf of the Special Committee appointed to draft resolutions on the death of Dr. Guerin, presented the following:

With deep sorrow the Board of Education of the City of Chicago records the death of one of its most loved and most valued members, and with sincerity laments that the life work of our friend and colleague, Dr. John Guerin is ended.

Dr. Guerin became a member of the Board of Education in July, 1906, and served continuously from the time of his appointment, a period of nearly seven years. His connection with the Board was one of honorable service. Loyalty to his work, to his numerous friends, to the public, to the teachers and children and to the welfare of our schools was the essence of his efforts.

Once a teacher himself, his attitude was one of appreciation towards the teachers and the children. Their friendship, as well as their esteem, was his. Always alive to the vital importance of educational progress, he was earnest and aggressive for educational betterment.

As said of him in the excellently expressed and worthy tribute paid at the service of burial, he stood for the fundamental and practical in education, believing there was no royal road to learning but through the actual active working of the mind.

He was a man of rare mental ability—of kindness and of charity and one to whom we may well point as a splendid ideal of life and character.

We, the members of the Board of Education, desire to record our expression of sorrow at his death, our high appreciation of his honorable and useful life, of his personal character, and of his effective educational work. Such a life as his, with its struggles overcome with its obstacles and surmounted with its crowning glory of merited respect and recognition, is an example and an inspiration.

Therefore be it

Resolved that the above be entered upon the records of the Board and that an engrossed copy be sent to Mrs. Guerin and the family as an expression of our sincere regard and keen sympathy.

WALTER T. SUMNER,

WILLIAM ROTHMANN,

D. R. CAMERON.

Dean Sumner moved that the resolutions be adopted by a rising vote.

Seconded by Mr. Kelly and so ordered.

STANDING COMMITTEES.

The Chair stated that, in case no objection was made by any member present, it was agreed that the reports of the several Standing Committees be sent to the desk of the Secretary to the order of the committees, as provided for in the regular order of business; that they be read by the Secretary, and in case no objection is made during the reading thereof, that at the conclusion of the reading of the reports of each committee a vote be taken on the acceptance of the reports submitted, and the adoption of the recommendations contained therein as a whole. If during the reading of such reports any objection is made to any report or any part of any report presented, such report or reports objected to shall be passed and the consideration thereof taken up separately.

SCHOOL MANAGEMENT.

Dean Sumner, Chairman of the Committee on School Management, presented reports of the committee, as follows:

(19617)

Award Certificate and Elect Instructor in Chicago Normal College.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that Jenny Helen Snow, Instructor in Home Economics in the University of Chicago be awarded a certificate as instructor in the Chicago Normal College. She has passed the required physical examination. Miss Snow has a Bachelor's degree in Education, and has both a Bachelor's and a Master's degree in Science.

The Superintendent further recommends that Miss Snow be elected Instructor in the Chicago Normal College, at a salary of \$1,800.00 per annum, to date from January 6, 1913.

(19618)

Temporary Teachers' Certificate—Grant Authority to Issue to Practical Experts.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that Report No. 14381, adopted at the meeting of the Board of Education on October 19, 1910, recites the handicap attendant upon instruction in the industries because of a lack of teachers with trade experience necessary to equip them for giving practical instruction and authorizes the Superintendent to issue temporary certificates to graduates of technical schools who have had the necessary experience in the trades, such certificates to expire at the end of the school year, and to assign said teachers to the evening schools, subject to the approval of the Board. This provision for securing competent practical teachers has been valuable in the evening schools.

The Superintendent recommends that authority be granted to the Superintendent of Schools to issue when necessary temporary certificates to men and women with the expert experience that equips them to give practical instruction in their trades, such certificates to expire at the end of the school year; to assign said teachers in the day school, subject to the approval of the Board; and to place said teachers on the regular schedule for technical teachers in the high school if the assignment be a high school, and on the regular schedule for manual training or household arts teachers in the elementary school, if the assignment be to an elementary school.

(19619)

High School Teachers—Elect and Fix Salaries.

The Committee on School Management reports that the following named high school teachers who have completed the required four months' probationary service, be elected to the positions named at the salaries named:

To the Austin High School—

William B. Calkins,
Salary, lower group, first year, \$1,000 per
annum (schedule of teachers with limited
certificates, commercial subjects).
To date from January, 1913.

Harry D. Humiston,
Salary, lower group, fourth year, \$1,300
per annum.

To date from January, 1913.

Arthur N. Schreuder,
Salary, lower group, seventh year, \$1,300
per annum (schedule of teachers with
limited certificates—manual training).
To date from January, 1913.

To the Bowen High School—

Grace J. Baird,
Salary, lower group, sixth year, \$1,500
per annum.

To date from December, 1912.

Judge Sears entered.

(19620)

Farson School—Elect Head Assistant.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that Elizabeth S. Morrison, the eighth grade teacher in the Farson School, be elected head assistant of that school to date from January, 1913.

(19621)

Newberry School—Resignation and Election of Principal Lane Technical High School—Elect Assistant to Principal.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports the resignation of Dudley Grant Hays from the principalship of the Newberry School, to take effect December 20, 1912.

The Superintendent recommends that Albert A. Evans, assistant to the Principal in the Lane Technical High School, be elected principal of the Newberry School, at a salary of \$2,600.00 per annum, an advance of \$100.00 upon his present salary, to change April, 1913; that Grant Beebe, teacher in the Lane Technical High School, be elected Assistant to the Principal of that school; and further recommends that these appointments take effect at the opening of the term in January as emergency matters.

(19622)

Teachers—Promote to Upper Group of Salaries.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that the following named teachers, who have complied with the requirements

for promotion to the upper group of the salary schedule, be promoted as indicated:

Name—	School.	To date from.
Dugan, Marguerite A Kosciuszko	Jan., 1913	1913
Hoffman, Margaret M Skinner	Jan., 1913	1913
Millie E. Young	Ho'hold Arts	Jan., 1913
Bergey, Angeline A. Waller	High	Jan., 1913
Pardee, Mary B.	Waller High	Jan., 1913

(19623)

Excuse Pupils From Further Attendance at Schools.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that the Child Study Department has recommended that the following children be excused from further attendance at the sub-normal centers of the schools indicated on account of their low grade of mentality:

Pauline Loewinovitz	Washington School.
John Fitzgibbon	Summer School.
Leverne Schram	Summer School.
Robert Young Peterson	Summer School.

The Superintendent recommends concurrence in the recommendation of the Child Study Department.

(19624)

Deaf Classes—Establish Centers.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that there are thirty-one classes for deaf pupils. These classes are scattered through eleven different schools, that in accordance with the report adopted November 27, 1912, a study has been made of the location of the schools, and the four schools selected that would accommodate conveniently the largest number of pupils.

The Superintendent recommends that on and after February 1, 1913, four centers be established with the classes grouped as follows:

	Classes.	Pupils.
1. Parker Practice School..	9	84
Holden School	2	12
Seward School	1	7
Phil Sheridan School..	1	6
	13	109
2. Moos School	5	40
3. Burr School	5	39
4. Pickard School	1	9
Jirka School	2	15
Dore School	2	19
	5	43

This arrangement will leave classes at the Ogden and Kozminski Schools for the present.

The Superintendent further recommends that authority be given the Superintendent to move deliberately in uniting the classes in the centers recommended, occupying possibly two or three months, instead of making all changes at a fixed date.

(19625)

Examination—Request for Admission.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

In regard to the admission of Mrs. Mary K. Plumb and Miss Kate Cleverdon to examinations for positions in the high school the Superintendent reports that neither Mrs. Plumb nor Miss Cleverdon has presented credentials meeting the requirements for admission to the examination for certificates to teach in the high school. In Miss Cleverdon's case there is a diploma from a medical school that does not require for admission scholarship beyond that of the eighth grade; that while Miss Cleverdon has taught in the elementary schools of Chicago for fifteen years, yet she has not submitted evidence that she is a graduate of a college requiring high school graduation for admission. Mrs. Plumb has not submitted credentials showing that she has completed a three years' Normal course in sewing, neither has she taken the alternative, which is substitution of two years' teaching of sewing in lieu of one of the three years of special preparation. The statement that teachers in Chicago may not apply to be examined without previous teaching, and may not have done previous teaching without a certificate, is incorrect! at the examination held Monday, December 23, three of the five teachers who wrote examination are regularly employed in the elementary schools of Chicago. Neither Miss Cleverdon nor Mrs. Plumb has complied with the rule of the Board that credentials shall be submitted upon making application to attend examinations. The letter written by Mrs. Plumb and Miss Cleverdon to the Committee on School Management cannot be considered as credentials for either or both of the ladies.

The Superintendent recommends that Mrs. Plumb and Miss Cleverdon be not admitted to the examination under special conditions changing the requirements for admission, and also removing the requirement that credentials of work from authorized institutions shall be submitted.

(19626)

German Books in High Schools—Add to Authorized List.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that the teachers of German in the high schools of Chicago have transmitted to the Superintendent a syllabus of instruction in German, which they have prepared, to cover a four years' course. In it they have requested the adoption of the following named books which, in their opinion, are necessary to the successful operation of the syllabus:

Name of Book.	Retail Price to	
	Price.	Board.
Erstes Lesebuch, Spanhoofd.	\$0.60	\$0.48
Hier ein. Allen	.80	.64
Im Vaterland, Bacon.....	1.25	1.00

Der Schwiegersohn, Baumbach	.30	.24
Jung Deutschland, Gronow..	.60	.48
Immensee, Sturm	.30	.24
Wilhelm Tell, Schiller.....	.70	.56
Das edle Blut, Wildenbruch	.25	.20
Heimatklang, Werner	.25	.20
Hermann und Dorothea,		
Goethe	.75	.60
Ekkehard, Scheffel	.55	.44
Soll und Haben, Freytag...	.55	.44

The Superintendent recommends that the above mentioned books be added to the list of books authorized for use in the high schools, making a list of twelve required books for the four year course, in groups of three each, one book from every group to be read each year.

(19627)

High School Text-books—Adopt.

The Committee of School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that Hitchcock's "Enlarged Practice Book in English Composition" and Lenebarger's "Manual of Physics" were recommended by the Superintendent for adoption January 10, 1912; that these books were among those most highly recommended by teachers in the high schools; that the high price of the books prevented the final recommendation of the books for adoption; that the publishers, Henry Holt and Company and D. C. Heath and Company, have now met the prices set in the recommendation of text in English and Physics, and have submitted contracts, which have been approved by the legal department of the Board.

The Superintendent recommends that these books be added to the open list of books in English and in Physics for the high schools, under the following conditions:

Hitchcock's "Enlarged Practice Book in English Composition," published by Henry Holt & Co.—

Price to Pupils.	Price to Board.	Exchange Price to Pupils.
\$.90	\$.75	\$.60

Lenebarger's "Manual of Physics."

Price to Pupils.	Price to Board.	Exchange Price to Pupils.
\$.72	\$.58	\$.43

(19628)

Library Atlas—Place on List of Reference Works.

The Committee of School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that the new Library Atlas, published by Rand, McNally & Company, be placed on the list of reference works for the high schools, to be provided on requisition of the principal from the annual apportionment to the school.

(19629)

Proposed Rifle Practice Work Not to Be Placed in Curriculum.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that after careful study of the pamphlet entitled "Rifle Practice in Institutions of Learning," and also consideration of the request that rifle practice be taught in elementary schools, in her judgment the elementary schools could better perform their function by giving pre-vocational work in the industries that would train the eye and hand.

The Superintendent recommends that action favorable to instruction in rifle practice be not taken.

(19629-A)

Diploma—Award of.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that a diploma of graduation from the Hyde Park High School has been granted to Ralph Cornwell, who has complied with all the requirements for graduation.

No objection having been made to any of the recommendations contained in the several reports submitted, on motion of Dean Sumner the reports were received and the recommendations contained therein were adopted, such adoption being declared to have been the action of the Board on each individual recommendation.

Yeas—Mr. Cameron, Dean Sumner, Messrs. Sears, Vincent, Harding, Mrs. MacMahon, Messrs. Huttman, Dibelka, Sethness, Reinberg, Sonstebj, Kelly, Erikson, Rothmann, Drs. Warning and McFarrich—16.

Nays—0.**ELECTION OF TEACHERS.**

On motion of Dean Sumner the Secretary was instructed to cast one ballot for each member present for the election of the various persons named in the reports.

The Secretary cast one ballot for each member present for the election of the various persons named in the reports and so reported to the Board, whereupon the Chair declared the persons named to have been duly elected.

BUILDINGS AND GROUNDS.

Mr. Sethness, Chairman of the Committee on Buildings and Grounds, presented reports of the Committee, as follows:

(19630)

Request Granted—Use of Gymnasium—Agassiz School.

The Committee on Buildings and Grounds reports that it is in receipt of a communi-

cation from the Superintendent of Schools, stating that application has been received from Mr. Harry E. Eldridge, 4446 Dover Street, in behalf of the Indoor Baseball League of the Chicago Telephone Company, for the use of the gymnasium of the Agassiz School on Mouday and Wednesday evening of each week from January 13, 1913, for a period of ten weeks, and recommending that the request be granted, subject to the usual terms and restrictions.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent of Schools.

(19631)

Request Granted—Use of Gymnasium—Brentano School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools, stating that at the meeting of the Board of Education held November 27, 1912, Report No. 19322, The National German American Alliance was given the use of the gymnasium of the Linne School, Sacramento Avenue and School Street, and further stating that a communication has since been received requesting the use of the Brentano School, Fairfield Avenue and Schubert Street, in place of the Linne School, and recommending that the above change be made.

The Committee recommends concurrence by the Board in the above suggestion of the Superintendent.

(19632)

Request Granted—Use of Assembly Halls—Agassiz and Hawthorne Schools.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools, stating that a communication has been received from Mr. H. B. Spurlock, President of the Lake View Property Owners' Improvement Association, asking for the free use of the assembly hall of the Hawthorne and Agassiz Schools alternately on the fourth Friday evening of each month from 7:30 to 11:00 p. m. for meetings and lectures by the Aldermen and other invited speakers on subjects of Municipal Government and institutions, sanitation and health and general public welfare and referring the matter to the Committee for action.

The Committee recommends that the use of the halls of the above named schools be granted, subject to the usual terms and restrictions.

(19633)

Request Granted—Use of Hall—Sumner School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools referring to the Committee a request from the Sumner Woman's Club regarding the use of the Sumner School assembly hall on Wednesday afternoon, January 15th, for a

stereopticon lecture on "The Greatest Paintings of the World," by Mrs. John B. Sherwood, and further stating that the club desires to charge for the tickets, the proceeds to be spent for the Sumner Center gymnasium teacher, and that Mrs. Sherwood will donate her services free for the cause.

The Committee recommends concurrence by the Board in the above request of the Sumner Woman's Club.

(19634)

Request Granted—Use of Room—Hayt School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools, stating that application has been received from Mr. A. W. Stammeyer, 6330 North Paulina Street, in behalf of the Kenmore Improvement Association, for the use of a room in the Hayt School, Granville Avenue and Perry Street, on Sunday, January 12, 1913, from 2:00 to 5:00 p. m., for the annual meeting of the association and recommending that the request be granted, subject to the usual terms and restrictions.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(19635)

Request Granted—Use of Gymnasium—Avondale School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools, stating that application has been received from Mr. James P. Clancy, 2826 North Troy Street, in behalf of the Avondale Baseball Club, for the use of the gymnasium of the Avondale School, N. Sawyer Avenue and Wellington Street, on Friday evening of each week from January 9 to March 27, 1913, and recommending that the request be granted, subject to the usual terms and restrictions.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(19636)

Boundaries of School Districts—Print.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools, stating that a revised description of the boundaries of districts of the various schools of the city has been compiled and recommending that authority be granted for the printing of 1,200 copies of these descriptions in the usual form at an estimated expense of \$83.00.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(19637)

Fire Escape—Provide—Englewood High School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools, stating that the two class rooms in the tower of the Englewood High School, Stewart Avenue and 62nd Street, cannot be used until the ordinance of the City of Chicago relating to fire escapes are complied with, and recommending that authority be given for the construction of a fire escape on the east side of the tower of said building at an estimated expense of \$1,300.00.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(19638)

Cork Carpets—Provide—Sundry Schools.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools recommending that cork carpets be provided for the gymnasiums of the Lewis-Champlin, Farson and Dore Schools, at an estimated expense of \$400.00.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(19639)

Wire Guards—Place—South Deering School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools recommending that for the purpose of using a room in the South Deering School as a gymnasium, authority be given for the placing of wire guards on the windows of Room 4 of that school, at an estimated expense of \$50.00.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(19640)

Alteration—Lane Technical High School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools, recommending that the electrical wiring booths be removed from the north locker room in the Lane Technical High School, Division and Sedgwick Streets, to the west balcony of the wood shop and that tile partitions be placed in the basement room vacated for the providing of three class rooms, and that the electric lines, heat and ventilation be adjusted to conform to the requirements of the rooms thus provided at an estimated expense of \$1,500.00.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(19641)

*Lumber and Manual Training Supplies—
Purchase—Apprentice Classes.*

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools, recommending that lumber and manual training supplies be purchased for the apprentice classes of the A. G. Lane Technical High School at an estimated cost of \$316.00.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(19642)

*Classes in Trades—Appoint Advisory
Boards.*

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools which reads as follows:

The Superintendent of Schools reports that since the year 1900 a committee, composed of representatives from the Carpenter Contractors' Association and the Carpenters' Executive Council has acted as an advisory committee to the Superintendent of Schools in planning and carrying on the work with the classes of carpenters' apprentices; that a committee composed of representatives from the Electrical Contractors' Association and the National Brotherhood of Electrical Workers has acted in a similar capacity in connection with the classes of electrical apprentices; that advisory committees are now sufficiently assured for the Board to take authoritative action regarding them.

The Superintendent recommends that an advisory board be appointed to advise with the Committee on School Management and the Superintendent of Schools regarding the practical work of the classes for carpenters' apprentices, said board to consist of one representative appointed by the Carpenter Contractors' Association, one representative of the Carpenters' Executive Council, and one member of the Board of Education.

That a similar advisory board be appointed for the electrical apprentice classes, said board to consist of one representative appointed by the Electrical Contractors' Association, one appointed by the National Brotherhood of Electrical Workers, and the member of the Board of Education.

That a similar board be appointed for the classes in commercial courses, said board to consist of one representative appointed by the Association of Commerce, one by the Stenographers' Union and the member of the Board of Education.

That a similar board be appointed for the classes in printing, said board to consist of one representative appointed by the Chicago Typographical Union, one appointed by the Employing Printers' Association, and the member of the Board of Education.

That a similar board be appointed for the classes in dressmaking, said board to con-

sist of one representative from the Chicago Dressmakers' Association, one from the International Ladies' Garment Workers' Union, and the member of the Board of Education.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent and

Further recommends that Mr. John C. Harding be appointed to represent the Board of Education on the various advisory boards named in the communication.

(19643)

*Order of City Council to Establish School—
Recommendation of Superintendent.*

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools, which reads as follows:

The Superintendent of Schools reports that the following order, passed by the Common Council, has been referred to her:

Ordered, That the Committee on Schools be and is hereby directed to take up with the Board of Education, and, if possible, secure the establishment of a public school west of Center Avenue and between West 75th Street and West 83rd Street; that no recommendation has been made in regard to a school in the district between Seventy-fifth and Eighty-third Streets and west of Center Avenue, that development in this district has been slow, and it has been difficult to forecast the location which will best supply the needs of the future school population; that the Seventy-ninth Street cars run to Center Avenue on a fifteen-minute schedule; and the Western Avenue cars run south to Seventy-first Street; that the sewer on Seventy-ninth Street has been extended to Ashland Avenue; that on Eighty-fourth Street extends only to Justice Street; that water service in Western Avenue extends south to Seventy-fifth Street and that there is but little water service west of Center Avenue in the district described.

In the branch school on the northeast corner of Seventy-ninth Street and Western Avenue there is a membership of about fifty children. A portable was supplied in the fall, in order that the pupils might be properly classified. Not more than fifteen children of the Oglesby School come from the district under consideration. It is probable that additions to the Oglesby School, Seventy-seventh and Green Streets, will care for the new school population in the immediate vicinity of Center Avenue and Seventy-ninth Street.

The location of the branch school at the intersection of two section lines renders it inadvisable to purchase additional property immediately adjoining it. While a school will be needed at some time in the future in this region, the development has not as yet made it possible to recommend the location of a school site by the Board.

The Superintendent recommends that the two wings for the Oglesby School be constructed in the immediate future.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

Request Granted—Use of School Buildings for Polling Places.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the President of the Board of Education, submitting a letter from William H. Stuart, Chief Clerk, Board of Election Commissioners, City of Chicago, which reads as follows:

On behalf of the Board of Election Commissioners I respectfully petition that your honorable body grant to said Board the use of space in school buildings for polling places for the year 1913, in cases where the school Principals or others in authority agree that accommodations may be afforded without interfering with school work.

In the year 1913 polling places will be needed on the following dates:

February 25th City Primary.
March 11th...Registration.
March 15th...Revision (6 p. m. to 10 p. m.)
April 1st....City Election.

Employees of this Board have made an inspection of various school buildings and, from information furnished by Principals and others, find that space is available in a large number of the schools.

The City of Chicago has to pay the rental of polling places and every polling place that can be located on city property will result in a saving to the municipality of \$22.00 in 1913; twice as much in years where there is a Fall as well as Spring election.

Attached is a letter addressed to Mayor Harrison and the Council Finance Committee, outlining the plan and giving a list of public buildings of all sorts reported as available for polling places. Our inspection showed that there was absolutely no room in many school houses and of course such school houses are not included in the list forwarded herewith.

The Board of Election Commissioners would be indebted for an early reply to this communication, as the Board must start on the location of polling places within two or three weeks.

I trust that your honorable body will look with favor on this petition.

The Committee recommends that accommodations in school buildings for polling places be granted as requested, subject to reimbursement to the Board of Education for the actual expense involved in such use, including compensation for engineer's overtime, heat, light, etc.

(19645)

Special Committee for Legislation—Appointment of Deferred Temporality.

The Committee on Buildings and Grounds reports that there is a large amount of important legislation to be considered at the coming session of the State Legislature which directly or indirectly interests the Board of Education, and recommends that a Special Committee be appointed by the President of the Board to look after the interest of the Board of Education in connection therewith, such committee to con-

sist of three members of the Board of Education, the General Counsel and the Secretary of the Board.

On motion of Mr. Sethness, action was deferred temporarily.

(19646)

Direct Purchase—Property Adjoining Walter Scott School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Attorney of the Board recommending the direct purchase from Charles A. V. Standish of 111½ feet of vacant ground south of the Walter Scott School premises on Jefferson Avenue, by a depth of 100 feet, known as Lots Eighteen (18), Nineteen (19), Twenty (20) and Twenty-one (21) in South Park Addition in the northeast quarter of section twenty-three (23), township thirty-eight (38) north, range fourteen (14), for the sum of \$75.00 a foot, free and clear of all liens, he to furnish a guarantee policy.

The Committee recommends the purchase of the property at \$75.00 a front foot and

Further recommends that the President and Secretary of the Board be authorized to request the concurrence of the City Council in said direct purchase.

(19647)

Additional School Facilities—Beaubien School District.

The Committee on Buildings and Grounds reports that there is urgent need for additional school facilities for the relief of the Beaubien School district west of Milwaukee Avenue, and recommends that a portion of the property located southeast corner North 56th and Lawrence Avenues, now in process of condemnation for school purposes, be leased temporarily at a rental of \$10.00 per month and that three portable buildings be placed on said ground for the immediate relief of this district.

(19648)

Pay Warrants for Property Bounded by Ainslee and Argyle Streets, Sawyer and Spaulding Avenues.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Attorney of the Board under date of December 31, 1912, which reads as follows:

In the matter of the three warrants which are to pay for the block of property bounded by Ainslee Street, Argyle Street, North Sawyer Avenue and North Spaulding Avenue, I wish you would cause them to be sent to me.

These are the warrants that cover the direct purchase of the aforesaid property, which was forced upon the Board by reason of building operations which had there been commenced to construct some seven houses or apartment buildings.

Aside from the three lots where the building operations had advanced further

than the others, you will remember we paid \$1,000 a lot, which included the corners and all damages which could be charged against the Board by reason of the building operations which had been done, including the obligations on the outstanding contracts for the completion of the work. All this as to the east half of the block. As to the west half of the block, we paid \$15,000 for the twenty lots, on condition that Ainslee Street be dedicated.

You will recollect that these prices were somewhat in excess of the actual market prices for this land, but that they were such as, by being paid, would bring a saving to the Board, because it would obviate the necessity of paying for improvements which otherwise would have cost the Board many thousands of dollars, and it was because of this condition that the prices were agreed upon.

The Committee recommends that warrants be drawn covering the direct purchase of the aforesaid property.

(19649)

Legal Bills—Payment of.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Attorney of the Board submitting bills in re condemnation matters and recommending that warrants be drawn in payment of same, as follows:

Condemnation Proceedings—Rescind—Property Adjoining the Site of the Trumbull School—North Ashland, Foster and Farngut Avenues.

The Committee on Buildings and Grounds recommends that the action of the Board

of Education of December 11, 1912, Report No. 19462, recommending the condemnation of property adjoining the site of the Trumbull School, be rescinded so far as said action relates to the property described as follows:

Lots twenty-three (23) to twenty-eight (28), inclusive, in B. R. De Young's Subdivision of the south half of lots 36, 37, 38, 39, and the east 95.54 feet of the north half of lots 39 and 40 in Mt. Pleasant, a subdivision of the south half of the southeast quarter of the northeast quarter of section seven (7) township forty (40) north, range fourteen (14), east of the Third principal meridian, fronting on Foster Avenue, situated in the City of Chicago, County of Cook and State of Illinois.

The Committee further recommends that the President and the Secretary of the Board be directed to request the concurrence of the City Council in this action of rescission.

(19651)

Buildings—Sale of.

The Committee on Buildings and Grounds reports that it has received from the Secretary a communication submitting a schedule of bids filed for the purchase of buildings located on school sites, which have been advertised for sale, and recommending acceptance of the offer of the highest bidder, as follows:

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board, stating that bids on miscellaneous work at the Carter H. Harrison Technical High School, 24th and Marshall Boulevards, were opened by the Sub-committee December 31st, 1912, and recommending that contracts be awarded to the lowest bidders, as follows: Hanley Casey Company, plumbing and gas fitting..... \$33,440.00 P. Nacey Company, sewerage.... 1,180.00 James H. Roche, air ducts..... 509.00

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(19655)

Rescind and Make New Appropriation—
Burnside School Addition.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary of the Board, stating that in connection with the addition to the Burnside School, 91st Place and Langley Avenue, an appropriation of \$12,000 was made for toilet rooms May 4th, 1910, report number 13431, and that, inasmuch as toilet rooms were not built at that time and have been included in the plans for the new addition, this appropriation was considered as a portion of the appropriation for the new building, and recommending, in order to clear the records and provide ample appropriation for the new addition, that report number 13431, adopted by the Board May 4th, 1910, and concurred in by the City Council June 6th, 1910, page 458, be rescinded and that in lieu thereof an appropriation of \$20,000 be made to cover the cost of new toilet rooms, yard improvements, etc., in connection with addition to the Burnside School and that the President and Secretary be directed to request the concurrence of the City Council in this action.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary of the Board.

(19656)

SUPPLIES—Principals' desks, tables, book cases, chairs, stools ladders, clocks, regulators, portable blackboards, keyboards, letter boxes, special police stars, hose, ink, sawdust, oils, horse feed, hedding and miscellaneous stable supplies; kindergarten furniture, material and supplies; printing, lithographing, office stationery, advertising, office supplies, piano covers, etc., renew fire insurance; supplies for Parental School.

Pupils' seats and desks; glass and putty, lumber, gongs and pulls, letter box plates, plated numbers, plated letters, office plates, library plates, special plates, key tags, etc.

(19667)

Office and Business Employees—Additional Help—Operating Force—Clarke and Irving Schools.

Your Committee on Buildings and Grounds reports that in order to generate heat in the new additions to the Clarke School, Ashland Avenue and 13th Street, and the Irving School, Lexington Street and Hoyne Avenue, the apparatus heating the old buildings is to be utilized and additional work therefore devolves upon the operating engineers, and recommends that salary on the basis of \$60.00 a month be allowed for this work; in the case of the Irving School to become effective December 31, 1912, and on the Clarke School to become effective January 5, 1913.

(19668)

Request Granted—Install Telephone Poles—Henry and Cameron Schools.

Your Committee on Buildings and Grounds reports that it has received request from the Chicago Telephone Company to permit the maintenance of its poles on school property in the block bounded by Potomac, Grand, Monticello and Lawndale avenues (Cameron School), and in the block bounded by Berteau, Drake and Eberly avenues (Henry School), and recommends that permission be granted for the installation of the poles aforesaid with the understanding that ladder irons will not be installed thereon and that poles will be removed from the premises without cost to the Board of Education at any time upon thirty days notice, and furthermore, that poles be installed in conformity with the surroundings and environments of the school buildings with regards straightness,

color of painting and any other detail suggested by the Board of Education at any time.

(19669)

Steam Heating—Extra Work—F. W. Lamb Company—Nettelhorst School.

Your Committee on Buildings and Grounds reports that it has received from F. W. Lamb Company for extra work at the Nettelhorst School Building, Evanston and Aldine avenues, as follows:

Taking down, rebuilding and replacing coil in Domestic Science Room	\$34.83
Changing connection to radiator to office	3.56
Repairing leak in boys' play room	5.61
	\$44.00

Your committee further reports that this extra work was not provided for in the original specifications but required attention subsequently, and therefore recommends that voucher be issued in favor of F. W. Lamb Company for the amount mentioned.

(19670)

Plumbing, Gas Fitting—Extra Work—Kenwood School—W. W. Watson.

Your Committee on Buildings and Grounds reports that W. W. Watson, contractor for plumbing at the Kenwood School Building, Lake avenue and 30th street, was notified to install sewer connection and floor drain, replace gas pipe in coal room on account of change in location of chimney and provide sewer connection in engine room. These were extras not covered by the original specifications but required attention subsequently. A bill has been received therefor in the total sum of \$56.20 which has been checked and found reasonable and your Committee recommends that it be accepted and added to the original contract price.

(19671)

Electric Service—Award Contract—Electric Wiring and Fixtures—Pullman School Building.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids for the installation of electric wiring and fixtures at the Pullman School Building, 113th street and Morse avenue, and recommends award of contract to C. E. Doty & Co., he being the lowest bidder, in the sum of \$2,200.00.

(19672)

Bids—Reject—Grant Authority to Rerectify—Motor in Connection with Forge Room—Lake High School.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids for the instal-

lation of motor in connection with forge room at the Lake High School Building, W. 47th place and Union avenue. In tabulating the bids it was found that the Peerless Electric Company was low, but inasmuch as it will not guarantee the belting at the speed required, same being a few hundred feet over its maximum, your Committee recommends that the bids be rejected, deposits returned and authority granted to readvertise, it being understood that revised specifications will be prepared covering countershaft and flat leather belting.

(19673)

Contract—Award of—Installation Regulator on Electric Pump—Washburne School.

Your Committee on Buildings and Grounds reports that the present regulator in connection with Yeomans electric pump at the Washburne School Building, 14th street and Jefferson street, is defective. Proposition has been obtained from Yeomans Brothers in the sum of \$30.00 for the installation of one of its latest type pressure regulators on the pump aforesaid, which proposition has been checked and found to be reasonable, and your Committee recommends its acceptance.

(19674)

Contract—Award of—Pipe Fittings, etc., Englewood High School.

Your Committee on Buildings and Grounds reports that it has received bids for pipe, fittings, valves, etc., for the Englewood High School Building, Stewart Avenue and 62nd Street, that essential repairs to the heating apparatus may be made by the operating engineer, and recommends award of contract to the Chicago Engineer Supply Company, it being the lowest bidder, in the sum of \$30.00.

(19675)

Contract—Award of—Ash Conveyors—New Hyde Park High and Senn High Schools.

Your Committee on Buildings and Grounds reports that it has prepared specifications and received bids for the installation of ash conveyors at the new Hyde Park High School Building, 62nd Street and Stony Island Avenue; and at the Senn High School, Ridge and Francis Avenues, and recommends award of contract to Olson Bros. & Co., it being the lowest bidder in each instance, as follows

Hyde Park School.....	\$370.00	
Senn High School.....	365.00	\$735.00

(19676)

Contract—Award of—Repairs to and Renewal of Belting—For Ensuing Year—Sundry Schools.

Your Committee on Buildings and Grounds reports that it has advertised and

received proposals for new belting and repairs to old belting required in the Chicago Public School Buildings for the ensuing year ending January 8, 1914, and recommends award of contract to the low bidder, W. S. Nott Company, as follows:

Equipment—Award Contract—Oil Stone Grinder, Etc.—Curtis High School Building.

Your Committee on Buildings and Grounds reports that authority was granted by the Board on June 26, 1912, Report No. 18339, for the installation of various machinery in high schools. When specifications were prepared and bids received for this machinery one item, oil stone grinder, for the Curtis High School, 114th Place and 115th St. and State St. was omitted. Subsequently a bid was received from the E. L. Essley Machinery Company in the sum of \$104.00. Your Committee further reports that this is \$14.00 higher than was paid for similar machines purchased heretofore, but the statement is made that the factory has advanced the price, and, inasmuch Mr. R. M. Smith has approved the purchase at this amount, your Committee recommends the acceptance of the bid in question.

and sympathy. In vacating the office I venture to claim the attention of my co-workers for a brief comment and review.

In assuming the responsibilities incumbent on your presiding officer, I was peculiarly favored by the heritage left by my predecessor. Through the executive ability of Mr. Urion the work of organization of the different departments of the system had been wisely effected, and the working spirit of the agencies of administration as represented by the various committees and departments of the system was such as to reflect all the qualities and conditions of efficiency. With this organization as a valuable asset it has been possible to give attention to various questions of public policy that have arisen and which logically relate themselves to the activities of the schools. In reviewing our action and decisions on these questions—from the standpoint of a wider view of the province and function of education, I find little that I could consistently cancel or alter.

The business departments were reorganized and correlated, authority given to administrative heads, and responsibility fixed. Much progress has been made. Further improvement can, and I am sure will, be made in the future. A vast business organization cannot, and should not, be made perfect in a day or a year. Progress should be continuous and conservative—based upon the experience of the past—eliminating mistakes, waste and slowness of execution, and incorporating the best and most modern methods used in large private enterprises so far as applicable to a public institution.

Complaint is sometimes heard of the "red tape" connected with public institutions. A certain amount of so-called "red tape" or system form is necessary in connection with every large establishment, but excessive formalities are never justifiable. The business affairs of a public body are necessarily subject to formalities required by law, such as bids, specifications, etc., as well as formal action of approval by committees and the body itself. The efforts of the past two years have been along the line of eliminating the unnecessary "red tape" and adherence to the required formalities.

The present organization of the Board's committees is as businesslike as possible. A majority of the members of the Board are assigned to each of the two principal committees—the Committee on School Management (Education) and the Committee on Buildings and Grounds (Business). The meetings of these committees are so arranged that matters originating with the Education Committee requiring concurrence by the Business Committee are submitted to said committee for approval on the day following action by the first named committee, so that no delays are caused interfering with the prompt transaction of the Board's business. All matters come to the respective committees upon initial recommendation by either the Superintendent of Schools or the Secretary of the Board.

The public should know the Board's system of transacting its business in order to get an intelligent idea as to its methods and efficiency.

School Buildings, Sites and Playgrounds.

One of the fundamental requisites of an efficient public school system is modern, fire-

proof, sanitary and well lighted school buildings, fully equipped and thoroughly adapted for their special purpose. Chicago is a rapidly growing city, and many difficult problems arise in providing adequate buildings, sites and playgrounds. The Board has wisely adopted the policy in acquiring new sites to secure in each case an entire city block of about five acres, where possible. This affords ample space for the buildings and sufficient land for playground purposes. Effort is made to acquire such sites before the land has been subdivided, enabling the Board to secure them at acreage prices, thereby effecting a large saving in cost.

The more difficult problem is securing necessary additions to old sites to provide space for playgrounds and additional buildings where same are now needed or will in all probability be needed in the near future. This class of sites are expensive for the reason that in many cases the lots adjacent to our school premises have improvements thereon, or if vacant, the price of the land is high. If our predecessors twenty years ago had been provided with the then necessary funds and had pursued the present policy of buying block sites in the first instance, a vast saving to the taxpayers would have resulted, and we are confident from the present experience that the new policy of the Board adopted more than two years ago is right and economical.

Expenditures for new sites and additions to old buildings and for erection of new buildings were as follows:

During 1911.

For new buildings and additions to old buildings.....	\$2,204,249.42
For school sites and condemnation expense.....	595,153.55
Total	\$2,799,402.97

During 1912.

For new buildings and additions to old buildings.....	\$2,497,199.11
For school sites and condemnation expense.....	486,666.26
Total.....	\$2,983,865.40

School Renovation, Yard Improvements and Beautification.

The Board of Education has during the past two years spent large sums of money on school renovations, yard improvements and beautification of school premises. Many school sites had been enlarged during the last ten years, but had not been improved and put in shape for use, owing to lack of funds. The Board determined to rectify these conditions and asked for a larger levy for building purposes, which was readily granted by the City Council. From this additional revenue and economy effected in connection with the construction of new buildings the Board had funds available for these purposes and applied same as follows:

For school renovation:

During 1911:

84 schools calcimined, painted varnished, etc.....	\$51,491.82
---	-------------

During 1912:

201 schools calcimined, painted, varnished etc..... \$234,665.50

For yard improvements, including concrete and iron fences, yard filling and black earth for planting spaces:

During 1911:

96 schools..... \$132,804.14

During 1912:

138 schools..... \$127,442.63

The Board desires to maintain its school buildings in a cleanly and sanitary condition, its school yards properly improved for play purposes, and sufficient space properly provided with black earth filling for planting trees, shrubs and flowers.

Thus far very little planting has been done for the reason that the work of properly providing the planting space had to be completed first, and then the question of how much and what should be planted had to be determined. As this is a new line of school endeavor, the Board sent a special committee of its members, with the Superintendent of Schools, to visit the schools of the East and Central West, to investigate and report, among other things, on the most modern methods used in connection with school yard improvements and beautification. The committee has recently returned from a partial tour of inspection, and its report when submitted later will undoubtedly provide the Board with the latest and most practical information on these subjects.

Prizes for School Room and School Yard Beautification, Etc.

To stimulate and encourage the beautification of school premises by the planting of shrubs, flowers, etc., and school room decoration by means of floral window box displays, a generous offer was made to the Board of Education by Hon. Charles H. Wacker. As an incentive to interest in the improvement of home decorative conditions, Mr. Wacker has offered cash prizes aggregating \$1,000 to successful contestants in a general plan for beautifying school rooms, school grounds, vacant lots and home exteriors of the community. As a result of this offer hundreds of children

Adjustments and increases have been

employed their leisure hours in planting and caring for trees, shrubs and flowers, in constructing window boxes and planting flowers therein, and in transforming unsightly surroundings into neat and attractive conditions. It is evident to any one who realizes the vastness of the problem of elevating the standards of community life in this city to higher ideals—beauty, symmetry and practicability—that this is not the work of a year, but of many years, and perhaps generations. The inspiration to such an end by means of these prizes cannot be measured and its practicability cannot be questioned. The development of the children's love for beauty or cleanliness as expressed by flowers, trees and shrubs as well as neat and attractive yards, will go far in solving this problem and is the logical starting point in such a propaganda. The children of today are the citizens of tomorrow, and what is wrought into the character of the present generation of children will find permanent lodgment in the matured characters of the citizens of a few years hence. It was with great personal pleasure that I noted the interest manifested by the principals, teachers, engineers, janitors and pupils of our public schools in this movement, and prizes for last summer's work have been awarded to six schools, six engineers and thirty-three pupils. The success of this project depends upon its continuity and upon an undragging interest in this matter on the part of all connected with the public schools.

Teachers' Salaries.

I am pleased that we have found it possible to increase the compensation of our teachers, for it is evident to all who study the needs of our schools in the light of cumulative experience that the determining factor in efficiency is the forcefulness of character of those who direct the work of the class room. To conserve and supplement this vital asset in the teaching force we must meet the competition of the business world. The efforts of this Board of Education to maintain high standards of service for the instruction of our children needs no comment or explanation, and I am pleased to leave a record of the liberal spirit with which this important question has been considered.

Defective and Delinquent Children.

For many years the members of the Board of Education have been trying to solve the problem of making suitable provision for the care and education of defective and delinquent children, and instruction has been given to classes of deaf, blind, crippled and sub-normal children. This of course has been an extra burden upon the taxpayers of the City of Chicago. Effort has been made to get the State to assume its proper share of this expense. Two years ago legislation was secured under which the State is authorized to make appropriations to cover the expense of educating these classes of children over the average cost of educating normal children in the public schools, this latter expense to be borne by the local Board of Education. Application will be made to the Legislature at its session this winter for an appropriation for this purpose, and with this assistance the Board of Education will be enabled to make better provision for the care and education of delinquent children, which should include specially trained teachers, special apparatus and courses of

study containing a large amount of practice in vocational training, with a view of making as many of these children as possible self-supporting when they leave the public schools.

School Fund Property Litigation.

The litigation arising out of the appraisalment of school fund property in the year 1905 was consummated during the past year, the Board of Education maintaining its contention that said appraisalment was fair and equitable, and after the favorable decision of the Supreme Court of the State of Illinois the Board proceeded to collect all unpaid rental under said appraisalment, together with interest, which amounted to \$1,110,868.54. This is the first time the issues raised in litigation arising out of appraisements of school fund property have been carried to the Supreme Court for ruling, and the decisive victory gained by the Board of Education will have beneficial results on all future appraisals. The increased revenue from school fund property is used for payment of teachers' salaries, and under the plan adopted last January when the budget was passed, one-

fourth of this amount will be used during 1913 to care for the increases in the teachers' salary schedules payable during said year, and the remainder will be used in equal parts during the next ensuing three years.

Vocational Guidance.

I have felt for many years that the interest and chaperonage of the school should follow the child in his early departure to take his place at an immature age in the activities of the business world. That the idea has already taken definite form and that some of our schools have made progress to the extent of placing its plans in operation is to me a source of hopefulness and gratification. Vocational guidance under wise and liberal management will react healthfully on both the employer and the employed, and our schools will become helpful agencies in promoting industrial efficiency as well as the personal welfare of the individual who is assisted in finding employment to which his capacities are adapted.

Industrial Training.

It has been my earnest purpose to encourage and to stimulate the growth of more helpful and sympathetic relations between the schools and our industrial and commercial interests. The adjustment of the machinery of the schools to the standards which modern business life insistently demands is not an immediate possibility. Time, preparation and experimental tests are necessary to establish the lines of action along which the structural work of connection must follow. The opening of industrial centers and pre-vocational classes are steps in the right direction. But that any plan may be effective it must unite the current of school experience, vitality and organically, with the great life centers of the business world. Slowly but continuously the public consciousness is awakening to the issues involved in this work of educational transformation. It is evident that the right solution of the problem calls for a careful study from the view point of our social, as well as our industrial organizations. The logical and efficient articulation of the educational and the industrial system can be effected only through liberal concessions and studied preparation of all of the institutions that would be thereby affected.

Permit me to counsel that in any confusion or controversy that may attend this work of readjustment, we do not lose sight of the most sacred duty that is committed to our trust—a guardianship of the individual rights and interests of the child.

Growth of School Influence.

In the providing of assembly halls for the schools, the original intent was to restrict their use to regular school activities. It is only recently that their larger use has been made apparent. During the current school year many political meetings have been held in these halls, and social and neighborhood organizations have repeatedly petitioned for their use. The results have been highly satisfactory. The buildings belong to the tax-payers and should be available for every legitimate

community use. It is inconceivable that the public cannot be trusted to use its own property.

The progress that has been made in the enlargement of the functions of the schools to include social and civic interests has been gratifying. In the growth of this idea there is ground for encouragement that the conception of the service which the schools are capable of rendering to the community life is enlarging, and that we are moving toward that goal of progress at which the returns which we may expect from the large property values represented by the tangible assets of our public school system may be reckoned more nearly on a reasonable business basis.

The Schools Should Look Forward.

I believe that we have made creditable progress in the efforts that recently have been attempted to interest the pupils of the schools in the larger questions which affect our municipal and national life. The consummation of the hope which grows out of our ideals of a greater and better city lies far in the future. Its realization is contingent not only on the foundations that are being laid in the present, but more vitally still in the spirit with which our children in turn will carry the work forward. To blend the varied ideals of a cosmopolitan people into a unified and homogeneous working body is one of the supreme missions of education, and no agency of reform or progress can compare in its promise of effectiveness with the combined efforts of our teachers in the public schools. As a larger resultant, the growth of interest and loyalty to our city will extend itself as the lives of these children unfold through wider experiences, and the devotion and fealty to that which is best for our city will expand into the nobler proportions of intelligent, conscientious and patriotic citizenship.

The Final Call.

Within the period of my official relations with this Board, twice have we been startled by the sudden and sad intelligence that the Death Angel had summoned from among us an honored and devoted associate. From a personal knowledge of the valuable official service and the high moral purpose of George B. Swift and Dr. John Guerin I can testify to the superior quality of their manhood and to the sincerity of purpose which, as public servants, characterized their actions. The memory of their lives and the fealty to the deep convictions of the sacredness of their office in ministering to the needs of the children of our city will never fail us. They were men of initiative and courage; men who did not yield to the caprices of sentiment nor play to the gallery to call forth the plaudits of the crowd. The Board of Education in their departure have lost two faithful and efficient counsellors, and our city two of its valued and useful citizens.

Conclusion.

The pleasure of the memories of my official relations with this body will be enhanced by the unanimity of action and the spirit of co-operation which have characterized our deliberations. That our in

dividual opinion should at times be at variance it would be only reasonable to anticipate. It would be difficult to conceive of the growth of progressive policies out of an organization in which freedom in the expression of candid conviction is not recognized. But the saving and salient qualities that were manifest in the divided opinions that have been expressed by my colleagues on this Board of Education were that they emanated from judgments unwarped by those prejudices which are born of selfishness, bigotry and sectionalism.

The future presiding officer of this body of men and women will be fortunate in the character and in the lofty motives and purposes inherent in the natures of those whom he will serve.

At this juncture I am pleased to transmit to my worthy successor an organization in whose combined purpose and individual personnel he will find the dominant virtues of intelligence, sincerity and devotion.

Dean Sumner moved that "the most excellent report be received, spread upon the records of the Board, and that extra copies be printed in as large number as the President may deem sufficient.

Seconded by Mr. Harding and so ordered.

ELECTION OF PRESIDENT.

The President stated, "I wish to ask a great favor at this time. It may be a little out of order and not according to parliamentary law, but I will appreciate it more than I can tell or make plain; I wish to have the pleasure in nominating for the position of President of this Board for the ensuing year Mr. Peter Reinberg, and ask the privilege of casting one vote for the unanimous election of Mr. Reinberg."

Seconded by Mr. Kelly, and so ordered by the following roll call:

Yeas. Mr. Cameron, Dean Sumner, Messrs. Sears, Vincent, Harding, Mrs. MacMahon, Messrs. Huttman, Dibelka, Sethness, Sonstely, Kelly, Erickson, Rothmann, Drs. Warning and McFatrach. 15.

Nays. 0.

Mr. Reinberg was excused from voting on this question.

RECORD VOTES OF MESSRS. URION AND LIPSKY.

Mr. Kelly stated that he had just received word from Mr. Lipsky that he could not get to the meeting, but desired to be recorded as voting in the affirmative on the election of Mr. Reinberg to the Presidency of the Board.

Dr. McFatrach stated that Mr. Urion had requested the same privilege.

It was ordered that the records show that both Messrs. Lipsky and Urion are recorded as voting in the affirmative on the election of Mr. Reinberg.

Escort President to the Chair.

Dr. McFatrach stated, "It gives me great pleasure to vacate the Chair to Hon. Peter Reinberg and I wish to have the honor to escort the newly elected President to the Chair, knowing he will prove a most efficient and devoted President."

Mr. Reinberg took the Chair and stated: "I think the President has taken snap judgment, but before I assume the Chair I

want to thank every member of the Board for the honor conferred upon me by electing me your President. It is a great and responsible position with a great deal of work attached to it. Now, if I happen to receive the assistance of every member of the Board during my incumbency and if the good feeling will continue in the future as it has in the past year of the outgoing President, I will be grateful at the end of the year. Whenever a controversy arises among some members, as it surely must, I hope that the differences will be taken up and reported to the proper committees and if possible the questions should be settled there before coming to the Board; and I think we ought at all times heed the advice of our worthy Superintendent of Schools, Mrs. Young. I do not know that I can say anything more just now, but I wish to again assure you of my deep appreciation.

ELECTION OF VICE-PRESIDENT.

Mr. Harding placed in nomination for the position of Vice President of the Board Mr. Henry W. Huttman.

Mr. Kelly seconded the nomination.

Mr. Dibelka moved that all nominations be now closed and that the Secretary be instructed to cast one ballot for each member present for the election of Mr. Huttman to the position of Vice President for the ensuing year.

Seconded by Mr. Kelly and so ordered by the following roll call:

Yeas. Mr. Cameron, Dean Sumner, Messrs. Sears, Vincent, Harding, Mrs. MacMahon, Messrs. Dibelka, Sethness, Sonstely, Kelly, Erickson, Rothmann, Drs. Warning, McFatrach, and Mr. Reinberg. 15.

Nays. 0.

Mr. Huttman was excused from voting on this question.

The Chair declared Mr. Huttman unanimously elected.

The President stated that the absent members, Messrs. Lipsky and Urion, would like to vote for the election of Mr. Henry W. Huttman to the position of Vice President of the Board for the ensuing year, and requested that their names be so recorded.

It was so ordered.

Mr. Huttman thanked the Board for the honor conferred upon him and assured them of his deep appreciation in electing him Vice President of the Board and for the confidence they placed in him.

Reconsider Former Action and Recommit Report.

Judge Vincent stated he had just received word from Mr. Lipsky, whose little girl was ill with scarlet fever, stating that it would be impossible for him to be present at the meeting on this account and requested that Report No. 19208, adopted at the meeting held November 15, 1912, be reconsidered and recommitted to the Committee on School Management.

Seconded by Dean Sumner and so ordered.

Appointment of Standing Committees.

The President presented the following list of Standing Committees for the ensuing year:

(19689—A)

Committee on School Management.

 The President. Ex-officio.
 Mr. Sonsteby moved that the recommendation be concurred in.

Seconded by Mr. Huttmann and so ordered.

Appoint Special Committee to Draft Resolutions on the Retirement from the Presidency of Dr. McFatrigh.

Dean Sumner stated: "Dr. McFatrigh has been serving us as President of the Board for two years and has not only filled the position with honor to himself and his colleagues but has added distinction and great credit to the position. We all feel the greatest esteem and admiration for the superb way in which he has kept us together and for the good feeling that exists on his retirement from the office, and I move that a committee of three be appointed to draw up suitable resolutions to present to the retiring President.

Mr. Rothmann: "Dean Sumner has outstripped me again in saying something I had intended to say, not in such an able way I know, but I meant to say how deeply we all appreciated the able and efficient services as rendered to the Board, and to the community at large by our estimable and worthy President. Not in the history of the schools of Chicago has there been a man who has served the public with greater distinction and ability than Dr. McFatrigh. I desire the opportunity of seconding the motion of Dean Sumner."

Also seconded by Mr. Cameron and so ordered.

The Chair appointed Dean Sumner, Messrs. Huttmann and Harding as such special committee.

On motion of Mr. Huttmann the Board adjourned.

Approval of Record of Proceedings.

On motion of Mr. Kelly the reading of the record of the regular meeting held January 8, 1913 was dispensed with and the record thereof, as printed, was approved.

(19689-B)

Qualification of Mr. Jacob M. Loeb.

The Secretary presented the following communication from the City Clerk:

January 9th, 1913.

MR. LEWIS E. LARSON:

Secretary, Board of Education.

Dear Sir:

I have the honor to inform you of the appointment, by the Mayor on January 8th, 1913, of Mr. Jacob M. Loeb, as a member of the Board of Education, to succeed Mr. David M. Pfaelzer. resigned. The appointment was concurred in by the City Council, and Mr. Loeb today, subscribed to the Oath of Office, as prescribed by the statutes.

Yours respectfully,

FRANCIS D. CONNERY,

City Clerk.

Received and ordered printed in the Proceedings.

Introduction of Mr. Loeb.

Mr. Pfaelzer stated: "In introducing to you my successor, Mr. Jacob M. Loeb, I think the Mayor has made a good selection, as he always does. Mr. Loeb being well fitted for the position he takes; he being a member and now the President, of one of the largest schools, a school which has two thousand pupils, which

naturally gives him a good knowledge of school matters. Having ability in the finances and in the business world he should be well qualified for the position he assumes, and I hope and I know that you will receive Mr. Loeb among your midst with the same general good friendship and consideration that you have always shown toward me, and I now take this opportunity to thank you all for the friendship that has grown up while I have been a member of this Board. I regret very much that I have to leave, but some day I may come back. Ladies and Gentlemen, Mr. Loeb."

Mr. Loeb stated: "Mr. President and members of the Board I consider it a great honor to be a member of this body. I realize that in order to be a useful member of the Board I shall have a great deal to learn. I shall try to do my best and my duty as I see it, and I will give to the school children and to the City of Chicago the best there is in me. I thank you."

PETER REINBERG,

President.

On motion of Judge Vincent, seconded by Mr. Kelly the recommendation of the President was concurred in.

STANDING COMMITTEES

The Chair stated that, in case no objection was made by any member present, it was agreed that the reports of the several Standing Committees be sent to the desk of the Secretary in the order of the committees, as provided for in the regular order of business; that they be read by the Secretary, and in case no objection is made during the reading thereof, that at the conclusion of the reading of the reports of each committee a vote be taken on the acceptance of the reports submitted, and the adoption of the recommendations contained therein as a whole; if during the reading of such report or any part of any report presented, such report or reports objected to shall be passed and the consideration thereof taken up separately.

SCHOOL MANAGEMENT

Judge Vincent, member of the Committee on School Management, presented reports of the Committee, as follows:

(19690)

Award Certificates.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that Alf E. Andersen, who was successful in the academic examination for a certificate as elementary manual training teacher, and who has since passed the required physical examination, be awarded a certificate.

(19691)

Validate Certificate.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that Annas Higgins, a former teacher in the Chicago Normal School, resigned from the Chicago public schools January 4, 1904, and in accordance with the rules her certificate has lapsed, but Miss Higgins has been teaching in the School of Education of the University of Chicago since 1904. The Superintendent recommends that her certificate be validated, to date from January 6, 1913.

(19692)

*Place Graduates of Chicago Normal College,
Former Teachers, and Experienced
Teachers on List for
Appointment.*

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools and recommends concurrence therein:

The Superintendent of Schools recommends that the names of graduates of the Chicago Normal College who have finished their four months of probationary service as cadets and substitutes in the elementary schools, former teachers with valid certificates, who have applied for reappointment, and experienced teachers who have served for four months as substitutes in the elementary schools, be placed on the list for appointment as shown herein, to date from January 6, 1913.

Principals of Elementary Schools—Elections and Transfers.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that there are two vacancies in principalships, one caused by the resignation of Benjamin F. Hill of the Seward School; the other by the opening of the new Delano School. The Superintendent recommends that Mary T. Maroney, Principal of the Webster School, be transferred to the position of principal of the Seward School; that Adrian M. Doolin, Principal of the South Deering School, be transferred to the position of principal of the Webster School; that Myra C. Billings, head assistant of the Lewis-Champlin School, who holds a principal's certificate, be appointed principal of the South Deering School; that Gerbrandus A. Osinga, Principal of the Otis School, be transferred to the position of principal of the Delano School; that G. Charles Griffiths, Principal of the Motley School, be transferred to the position of principal of the Otis School, that Frank H. Grant Leave of Absence to High School Teacher with loss of mount Paid to the Substitute

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools:

The Superintendent of Schools reports that Ida MacLean, a teacher in the Waller High School, who has had fifteen years' experience in the Chicago public schools has asked for a three weeks' leave of absence, to date from January 13, 1913. Miss MacLean has an opportunity to visit the Grand Canyon of Colorado without expense, and feels that her long years of service without leave of absence entitle her to an absence which will benefit her both mentally and physically.

The Superintendent submits the request to the Committee.

The Committee recommends that the leave of absence be granted without loss in salary, except the amount paid the substitute.

(19702)

Accept Offers of Assistance in Vocational Guidance and Assign Investigator.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that the three pre-vocational classes opened February 1, 1912, have been most satisfactory; that the Chicago Principals' Club, the School of Civics and Philanthropy, and the Educational Department of the Association of Commerce have asked to be permitted to assist in extending to other schools the work in vocational guidance, which was begun under authority of the Board in 1911 in the Lucy L. Flower Technical High School by the School of Civics and Philanthropy.

The Superintendent recommends that the occupations into which fourteen-year-old children from the pre-vocational classes enter be investigated; that the extension of vocational work in the day and evening technical high schools and in the apprentice schools, be continued; that the offers of assistance in vocational guidance made by the above mentioned organizations be accepted subject to direction by the Superintendent of Schools.

The Superintendent further recommends that authority be given the Superintendent to assign to Assistant Superintendent William M. Roberts, the evening schools, the investigation of occupations for young, unskilled workers, the extension of opportunities for vocational training for apprentices and other workers in the trades and vocations.

Appoint Assistant in the Organized Social Life of the Girls in Each High School.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that the Board of Education in its official proceedings of 1909, and in Section 176 of its Rules, recognizes the necessity for provision for an organized social life in the high schools; that positive action making the expressed judgment of the Board effective has not been taken.

The Superintendent further reports that many high school teachers, both men and women, by their influence in class instruction and by their counsel and advice do much toward directing the conduct and forming the character of their pupils; that in the mixed high schools the boys have a counsellor and friend in the principal who directs and advises them in affairs of personal and organized social nature arising outside the class room; that the girls have no woman teacher to whom they can go in similar circumstances, the time of the class teachers being fully occupied with their duties in connection with instruction.

The Superintendent recommends that in each mixed (boys and girls) high school there be selected a woman teacher who shall teach three regular classes and shall under the direction of the principal, give special attention to the organized social life of the girls, said woman counsellor to be paid three hundred dollars (\$300.00) extra over and above her regular salary according to the salary schedule for the current year.

(19705)

Suspend Any Pupil Affiliated with Sororitics or Fraternities.

The Committee on School Management recommends that all pupils in the public high schools who, contrary to the rules of the Board of Education, are members of any secret society, sorority, of fraternity be suspended for thirty days, and that the suspension continue until their respective resignations have been accepted by the higher officers of their secret society, sorority, or fraternity, as the case may be, and until due and satisfactory proof of the acceptance of said resignation has been submitted to the Superintendent of Schools.

(19706)

The Committee recommends that a warrant be drawn to the order of the County Treasurer of Cook County, Illinois, in the sum of \$12,266.00 in accordance with the recommendation contained in said communication from the Attorney of the Board.

January 16, 1913.

Committee on Buildings and Grounds,
Board of Education of the City of Chicago.

Gentlemen:—

In condemnation proceeding Gen. No. 316,992 in the Circuit Court of Cook County, entitled "City of Chicago, in Trust for the Use of Schools, vs. Mary Jane Young, et al" a trial has been had and verdict rendered.

In this proceeding Lots thirty-eight (38), thirty-nine (39) and forty (40) in Block thirty-seven (37) in South Chicago, a subdivision by the Calumet & Chicago Canal & Dock Company in the North three-quarters of the North half of Fractional Section five (5), Township thirty-seven (37) North, Range fifteen (15), East of the Third Principal Meridian, north of the Indian Boundary Line, together with the improvements thereon, situated in the City of Chicago, County of Cook and State of Illinois, are condemned. This property has a frontage of 75 feet on Superior Avenue, by a depth of 140 feet, to a 20 foot alley, and abuts on the south of the James N. Thorp School. The jury awarded the respondents the following sums.

To the owner of and parties interested in Lot 38 aforesaid, together with the improvements thereon\$ 4,500.00
To the owner of and parties interested in Lot 39 aforesaid,

said, together with the improvements thereon	3,250.00
To the owner of and parties interested in Lot 40 aforesaid, together with the improvements thereon	
	4,500.00
One Dollar to each of 7 tenants, residing on said premises	
	7.00
Costs of suit	9.00
Total	\$12,266.00

This verdict is, in our opinion, just and reasonable, and we request that your Committee recommend to the Board of Education of the City of Chicago the issuance of a proper warrant in the sum of \$12,266.00, payable to the County Treasurer of Cook County, for the use of the respondents in the case. Upon the payment of the said amount to the County Treasurer, a good title to the above described property will vest in the City of Chicago, in trust for the Use of Schools, for the uses and purposes set forth in the petition filed in said cause.

Accompanying this report is a blue print of the survey of the property in question.

Respectfully submitted,

A. R. SHANNON.

Attorney, Board of Education.

(19736)

Direct Purchase—New School Site—Argyle, Ainslie, Sawyer and Spaulding Avenues.

The Committee on Buildings and Grounds reports that the owner of property hereinafter described has compiled with the condition specified by the Attorney of the Board in a recommendation to the Committee on Buildings and Grounds that said property be acquired by direct purchase for the sum of \$15,000, provided said owner agreed to dedicate Ainslie Avenue through to Spaulding Avenue.

The Committee recommends that the Board, acquire by direct purchase, for the sum of \$15,000, the west half (W. ½) of the West half (W. ½) of Block Twenty-one (21) Jackson's Subdivision of the southeast quarter (S. E. ¼) of Section Eleven (11), and the southwest quarter (S. W. ¼) of Section Twelve (12), Township Forty (40) North, Range Thirteen (13) East of the 3rd Principal Meridian, situated in the County of Cook, and State of Illinois, having a frontage of five hundred ninety-six (596) feet, more or less, by a depth of one hundred twenty-five (125) feet, more or less, on North Spaulding Avenue, in the City of Chicago, in accordance with the proposal submitted by Nelson Thomasson, Jr.

The Committee further recommends that the President and the Secretary of the Board be directed to request the concurrence of the City Council in this action.

(19737)

*Condemnation Proceedings—Institute—For
Property Adjoining the Site of the Bass
School—May and West Sixty-sixth
Streets*

The Committee on Buildings and Grounds reports that it has received from the Secretary a communication which states that in accordance with the action of the Board of Education of Dec. 27, 1912 (Report No. 19558), he has endeavored to agree with the owner of property described herein as to the compensation to be paid therefor as an addition to the site of the Perkins Bass School, and that he has been unable to agree with said owner as to such compensation.

The property under consideration is described as follows:

Lot Thirty-four (34) in Block Twelve (12) in Weddell & Cox's Subdivision of the West half (W. $\frac{1}{2}$) of the north-east quarter (N. E. $\frac{1}{4}$) of Section Twenty (20), Township Thirty-eight (38) North, Range Fourteen (14) East of the Third Principal Meridian, situated in the City of Chicago, County of Cook, and State of Illinois; said property having a frontage of twenty-five (25) feet, by a depth of one hundred twenty-five (125) feet, on South May Street, north of and adjoining the present School site.

The Committee recommends that the title to said real estate be acquired in accordance with the provisions of the Eminent Domain Law for the use of the schools; and that the President and the Secretary of the Board be directed to request the concurrence of the City Council in instituting condemnation proceedings in the name of the City of Chicago against the owners of said described property to be acquired in trust for the use of the schools.

(19738)

*Condemnation Proceedings—Counter Offers
—For Property Adjacent to the Dewey
School Site—Union Avenue and
West 54th Street.*

The Committee on Buildings and Grounds reports that it has received from the Secretary a communication which states that in accordance with the action of this Committee upon the recommendations of the Sub-Committee on Sites January 3, 1913, the owner of property described herein has been requested to file a proposal of sale of same to the Board of Education, to be used for school and playground purposes.

The property under consideration is described as follows:

Lot Twenty-three (23) in Lorimer's Subdivision of the south 498 feet of the East half (E. $\frac{1}{2}$) of the Southwest Quarter (S. W. $\frac{1}{4}$) of the Southwest Quarter (S. W. $\frac{1}{4}$) of Section Nine (9), Township Thirty-eight (38) North,

Range Fourteen (14) East of the Third Principal Meridian; said property having a frontage of thirty-three (33) feet, by a depth of one hundred twenty-five (125) feet, more or less, at the north-east corner of Union Avenue and West Fifty-fourth Place, situated in the City of Chicago, County of Cook, and State of Illinois.

Proposals have been filed as follows:

For Lot 23, Johanna M. Williams\$10,000.00

The Committee further reports that it is of the opinion that the price asked seems excessively high; and recommends that the Secretary be directed to notify said owner in writing that should she desire to submit an amended proposal of sale of said property for the amount shown as follows the Board will give such amended proposal consideration.

For Lot 23.....\$ 6,500.00

Payment for Property Adjoining the Cornell School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Attorney of the Board relative to proceedings to condemn certain property therein described for school purposes comprised of 133 feet on East 76th Street, west of the Cornell School premises at the North East corner of Jackson Avenue, and 153.25 feet on Jackson Avenue west of the Cornell School premises, by a depth in both instances of 125 feet to a 14 foot alley, a copy of which communication is hereto attached and made a part thereof.

The Committee recommends that a warrant be drawn to the order of the County Treasurer of Cook County, Illinois, in the sum of \$16,169.00 in accordance with the recommendation contained in said communication from the Attorney of the Board.

January 16, 1913.

*Committee on Buildings and Grounds,
Board of Education of the City of Chicago.*

Gentlemen:—

In condemnation proceedings Gen. No. 316,322, in the Circuit Court of Cook County, entitled "City of Chicago, in Trust for the Use of Schools, vs. John Wodrich, et al," a trial has been had and verdict rendered.

In this proceedings, Lots twenty-eight (28), twenty-nine (29), thirty (30), thirty-one (31), thirty-two (32), thirty-three (33), thirty-four (34), thirty-five (35), thirty-six (36), thirty-seven (37) and thirty-eight (38) in Block fifty (50) in Cornell, a Subdivision, of Sections twenty-six (26) and thirty-five (35), Township thirty-eight (38) North, Range fourteen (14) East of the Third Principal Meridian, together with the improvements thereon, situated in the City of Chicago, County of Cook and State of Illinois, are condemned. This property is comprised of 133 feet on E. 76th Street, west of the Cornell School, at the north east corner of Jackson Avenue, and 153.25 feet on Jackson Avenue, west of the Cornell School, by a depth in both instances of 125 feet, to a 14-foot alley.

The jury awarded the respondents the following sums:

To the owner of and parties interested in Lot 28 aforesaid, together with the improvements thereon, in the sum of.....	\$ 2,750.00
To the owner of and parties interested in Lots 29, 30, 31 and 32 aforesaid, the sum of.....	3,500.00
To the owner of and parties interested in Lot 33 aforesaid, the sum of	850.00
To the owner of and parties interested in Lot 34 aforesaid, together with the improvements thereon, the sum of.....	3,600.00
To the owner of and parties interested in Lots 35 and 36 aforesaid, together with the improvements thereon, the sum of	4,000.00
To the owner of and parties interested in Lots 37 and 38 aforesaid, together with the improvements thereon, the sum of	1,450.00
One Dollar to tenant, residing on said premises	1.00
Costs of suit.....	18.00
Total	\$16,169.00

This verdict is, in our opinion, just and reasonable, and we request that your Committee recommend to the Board of Education of the City of Chicago the issuance of a proper warrant in the sum of \$16,169.00, payable to the County Treasurer of Cook County, for the use of the respondents in the case. Upon the payment of the said amount to the County Treasurer, a good title to the above described property will vest in the City of Chicago, In Trust For the Use of Schools, for the uses and purposes set forth in the petition filed in said cause.

Accompanying this report, is a blue print of the survey of the property in question. Respectfully submitted,

(Signed) A. R. SHANNON
Attorney, Board of Education.

(19772)

*Extra Work—Issue Voucher—F. W. Lamb
Company—Steam Heating—Kenwood
School Building*

Your Committee on Buildings and Grounds reports that in connection with the installation of heating plant at the Kenwood School Building, Washington Ave. & 50th St., it was decided to leave the old plant in place until such time as it was positively ascertained that inconvenience would not ensue by reason of connections in new building. F. W. Lamb Company, contractor therefor, was unable to use much of the old brick from the old boilers in brick-ing up the new boilers, and he asks that voucher in the sum of \$40.00 be issued in his favor. Furthermore, the location of the chimney of this building was changed from that originally contemplated, which necessitated alterations in smoke connections, resulting in an expenditure of \$20.00. Your Committee has caused both of these matters to be very carefully checked and found bills submitted reasonable, and, therefore, recommends that voucher be issued in favor of the contractor for the above amounts.

(19773)

Piano Tuner—Employ Temporarily.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Secretary to the Board stating that there are a large number of calls for the tuning of pianos prior to the closing exercises in the schools on the 31st of the current month and suggesting the employment of an extra piano tuner up to and including January 31, 1913, the amount to be charged against the annual appropriation for this purpose.

The Committee recommends concurrence by the Board in the above suggestions of the Secretary.

No objections having been made to any of the recommendations contained in the several reports submitted, on motion of Mr. Sethness the reports were received and the recommendations contained therein were adopted, such adoption being declared to have been the action of the Board on each individual recommendation.

Nays—0.*Grant Request for Use of Gymnasium and Assembly Hall of Mozart School.*

Mr. Sonstebly moved that the request from the Humholdt Park Commandry, K. T., to rent gymnasium and assembly hall of Mozart School two nights a week for drill purposes be granted at the usual rates and restrictions.

Seconded by Mr. Sethness and so ordered by the following roll call.

Yeas—Messrs. Smietanka, Sears, Vincent, Harding, Mrs. MacMahon, Messrs. Huttman, Dibelka, Sethness, Sonstebly, Kelly, Erikson, Loeb and Reinberg. 13

Nays—0.**FINANCE**

Mr. Sethness, member of the Committee on Finance, presented reports of the Committee, as follows:

(19783)

Request Board of Administration to include Estimates for Deaf and Blind Pupils in Bills for the State Legislation.

The Committee on Finance reports that it is in receipt of the following recommendation from the Committee on Legislation:

"At the last session of the Legislature two bills were passed providing for the payment from the State Treasury of the excess cost of maintaining and operating classes for deaf children, and blind children, and also for the maintenance of the boys committed to the John Worthy School. Under these laws, the Legislature must make appropriations to cover such excess cost.

Your Committee on Legislation respectfully recommends that your Committee request the Board of Education to petition the Board of Administration to include in its estimates to be submitted to the Legislature

at its session this winter the following amounts:

	1913	1914
For 100 boys at the John Worthy School, at \$190 each	\$19,000	\$19,000
For 300 deaf pupils at \$110 per year each	33,000	33,000
For 60 blind pupils at \$160 per year each	9,600	9,600
	\$61,600	\$61,600
	61,600	61,600

Total\$123,200
and that the President and the Secretary of the Board be instructed to transmit such request to such Board of Administration."

Your Committee further reports that it has carefully considered this matter, and recommends concurrence in the recommendation of such Committee.

(19784)

Auditor's Department—Election of Head Clerk.

Your Committee on Finance respectfully reports that it is in receipt of the following recommendation from the Secretary of the Board:

"I respectfully recommend that Harry H. Brackett be certified as Head Clerk in the Auditor's department as soon as his name is reached on the Civil Service eligible list, and that his salary be fixed at \$2,340 per annum.

I further respectfully recommend that during the absence or disability of the Auditor, that the Head Clerk perform the duties of said position, and that he be bonded in the sum of \$5,000."

Your Committee further reports that it has carefully considered this matter, and recommends concurrence in the above recommendation of the Secretary.

(19785)

General Counsel—Election of an Assistant.

Your Committee on Finance respectfully reports that it is in receipt of the following communication from the General Counsel of the Board of Education:

"I regret to inform you that Archibald S. Guerin, who was appointed by the Board as an Assistant Attorney on November 18th, 1912, died on Friday, January 17th, 1913. This leaves a vacancy in that office, which in my judgment, owing to the press of business, should be filled without delay.

I would therefore suggest that Sydney J. Sabath, residing at 46 East Oak Street, at present a practicing attorney, with offices at 601 Otis Building, be appointed to fill the unexpired term of Mr. Guerin."

Your Committee further reports that it has carefully considered this matter, and asks concurrence in the recommendation of the General Counsel.

(19786)

Pay Bills of Physicians.

Your Committee on Finance respectfully reports that it is in receipt of the following communication from the Superintendent of Schools:

"The Superintendent of Schools reports that the following is a correct statement of the names and the amounts due the eleven physicians who delivered lectures on sex hygiene to adults in the public school buildings, to be paid from the appropriation set aside for this purpose on May 1, 1912, Report No. 17998:"

Dr. Winfield S. Hall.....	\$250.00
Dr. Joseph Zeisler	100.00
Dr. A. C. Cotton	125.00
Dr. A. A. O'Neill	50.00
Dr. Bertha Van Hoosen	150.00
Dr. Clara P. Seippel.....	56.00
Dr. Anna Blount	75.00
Dr. A. Lois Wynekoop	150.00
Dr. Rosina Wistein	125.00
Dr. Rachelle S. Yarros	200.00
Dr. Caroline Hedger	150.00

Your Committee further reports that it has carefully considered this matter, and recommends that these physicians be paid the amounts set opposite their names, in accordance with Report No. 17998

(19787)

Request City Council to Authorize the Issuance of Warrants Against and in Anticipation of Tax Levy for 1912.

Your Committee on Finance respectfully reports that it is in receipt of the following communication from the Secretary of the Board of Education:

"Whereas, The funds for educational purposes are exhausted, and the taxes levied for the year 1912 will not be available to pay salaries and other ordinary necessary expenses of the public schools;

Resolved, That the City Council of the City of Chicago be, and the same is hereby requested to authorize the issuance of warrants against and in anticipation of the taxes levied by the City of Chicago for school purposes for the year 1912 to an amount not exceeding seventy-five per centum (75%) of the total amount of said tax levy. Such warrants to be issued only in conformity of Section 2 of an Act of the General Assembly of the State of Illinois, entitled An "Act to Provide for the Manner of Issuing Warrants Upon the Treasurer of any County, Township, City, School District, or Municipal Corporation, and Jurors' Certificates, Approved May 31, 1879," in force July 1, 1879, and all acts amendatory thereof;

And Further Resolved, That the President and the Secretary of the Board of Education be, and they are hereby authorized to sign and execute in due form all warrants issued under these resolutions against said taxes; said warrants to bear interest at a rate not to exceed five per centum (5%) per annum."

Your Committee further reports that it has given this matter due consideration, and respectfully recommends concurrence therein.

Ordinance.

Whereas, There is not sufficient money in the special fund for school purposes in the treasury of the City of Chicago to meet and defray the ordinary and necessary expenses of the public schools of the said city; and

Whereas, The Board of Education of the City of Chicago has, by a resolution duly passed at a regular meeting, requested the City Council to authorize the issuing and disposing of warrants drawn against and in anticipation of the taxes for the year 1912, levied by the said city for the ordinary and necessary expenses of the public schools, to an amount not exceeding seventy-five per centum (75%) of the total amount of said tax levy, for the purpose of providing a fund to meet and defray the ordinary and necessary expenses of the schools of the said city; now, therefore, be it ordained by the City Council of the City of Chicago:

Section 1. That the Mayor and the Comptroller be, and they are hereby authorized, upon the request of the Board of Education of the City of Chicago, to issue warrants against and in anticipation of the school taxes already levied by the City of Chicago for the payment of ordinary and necessary expenses of the public schools of said city for the year 1912 (the funds for the purpose having been exhausted), to the extent of seventy-five per centum (75%) of the total amount of said tax levy, such warrants to be issued only in conformity with Section 2 of the act of the General Assembly of the State of Illinois, entitled "An Act to Provide for the Manner of Issuing Warrants upon the Treasurer of any County, Township, City, School District, or other Municipal Corporation, and Jurors' Certificates," approved May 31, 1879, in force July 1, 1879, and all acts amendatory thereof, and to bear interest at the rate of not to exceed five per centum (5%) per annum from the date of the issue until paid.

Section 2. This ordinance shall be in force and effect from and after the date of its passage.

(19788)

Pay Bill for Insurance.

Your Committee on Finance respectfully reports that it is in receipt of the following communication from the Secretary of the Board:

"I respectfully recommend that the attached bill from Newburger & Company, covering insurance on automobile trucks, and adjustment of part of the insurance covering the Supply Department Workshop, amounting to \$22.07, be ordered paid."

Your committee further reports that it has carefully considered this matter, and recommends concurrence in the above recommendation of the Secretary.

(19789)

Issue Duplicate Salary Warrant.

Your Committee on Finance respectfully reports that it is in receipt of request from Harry E. Gill for a duplicate of salary warrant No. 18942 issued to him under date

of November 30, 1912, in the sum of \$35 for services as Engineer at the Robert Emmet school building during the month of November, the original warrant having failed to reach him through the mails.

The Committee has given this matter consideration, and recommends that a duplicate warrant, in the sum stated, be issued to Mr. Gill when he shall have filed with the Secretary the required indemnity bond.

(19790)

Issue Duplicate Warrant.

The Committee on Finance respectfully reports that it is in receipt of a request from Margaret M. Feeney, teacher in the Haines Practice School, for a duplicate salary warrant in lieu of original No. 21920, in the sum of \$129 issued to her in payment of December, 1912, salary, which has been lost or destroyed.

The Committee further reports that it has considered the matter, and recommends that a duplicate warrant be issued to Miss Feeney in the sum of \$129, when she shall have filed with the Secretary the necessary indemnity bond.

(19791)

No objections having been made to any of the recommendations contained in the several reports submitted, on motion of Mr. Sethness the reports were received and the recommendations contained therein were adopted, such adoption being declared to have been the action of the Board on each individual recommendation.

Yeas.—Messrs. Smietanka, Sears, Vincent, Harding, Mrs. MacMahon, Messrs. Huttman, Dibelka, Sethness, Sonstebly, Kelly, Erikson, Loeb and Reinberg. 13.

Nays.—0

Mr. Dibelka member of the Committee on Location of Technical High School on the South Side presented the following report from the Committee:

(19792)

Provide Portable Buildings for the Lewis Champlin School.

Your Special Committee to whom was referred the Lewis-Champlin matter beg to state that they are not yet ready to make a final report thereon. However, as a matter of temporary relief your Committee recommends that a sufficient number of

portable buildings be furnished at once to accommodate all the children who are now attending said school in rooms above the third floor.

On motion of Mr. Sethness the recommendation of the Committee was concurred in.

Yeas.—Messrs. Smietanka, Sears, Vincent, Harding, Mrs. MacMahon, Messrs. Huttman, Dibelka, Sethness, Sonstebly, Kelly, Erikson, Loeb and Reinberg. 13.

Nays.—0.

Appointment of Mr. Jacob M. Loeb on the Committee on School Management.

The Chair stated that he would appoint Mr. Jacob M. Loeb a member of the Committee on School Management.

On motion of Mr. Kelly the action of the President was concurred in.

Send Floral Tribute to the Home of Mr. Lipsky.

Judge Vincent stated: "I have been requested to announce to the members of the Board that death has again entered the home of our sorely afflicted friend and member of the Board, Mr. Harry A. Lipsky, and I move, Mr. President, that Mr. Larson, the Secretary of the Board be instructed to send a floral tribute in the name of the Board of Education to Mr. Lipsky."

Seconded by Mr. Kelly and so ordered.

On motion of Judge Sears the Board adjourned.

L. E. Larson
Secretary.

(19803)

Experienced Teacher—Adjust Salary.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that the salary of the following named teacher, recently assigned to a position in the elementary schools, who has had experience in teaching previous to her assignment in the Chicago public schools, and who by her success has shown the benefit of such experience, be advanced on the salary schedule for elementary teachers, in accordance with her experience, to date from assignment:

Name	Previous Experience	Salary recommended	School
Williams, Ruby Hildreth.....	5 years.....	Third year.....	Howe.

(19801)

Appoint Assistant to Principal of Senn High School.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that notwithstanding the fact that the number of pupils contemplated in the new Senn High School in February does not warrant the assignment of an assistant to the principal, the conditions attendant upon the opening of the new school, in addition to supervision of the high school classes in the Rose Hill School building, demand the assignment of an assistant to the principal at this time. The Superintendent therefore recommends that Edward Morgan, teacher in the Rose Hill Branch School, be appointed assistant to the principal of the Senn High School, to date from February 3, 1913.

(19802)

Elect Head Assistants.

The Committee on School Management reports that it is in receipt of the following

(19804)

*Copy of Draft of Bills for Schools for Crip-
pled Children and for Schools for Sub-
normal, Incipient Invalid and Epileptic
Children.*

The Committee on School Management reports that it has received from the General Counsel of the Board the following copies of bills prepared to be presented to the General Assembly covering Schools for Crippled Children, and Schools for Subnormal, anaemic and Incipient Invalid and Epileptic Children.

The Committee submits these bills to the Board for its approval and recommendation that they be referred to the Legislative Committee of the Board to be taken up with the General Assembly at Springfield.

A Bill

For an act to enable boards of education in cities having a population exceeding 100,000 inhabitants, to establish and maintain classes and schools for the education and instruction of Crippled Children, and providing for the payment from the State Treasury of the excess cost of maintaining and operating such classes and schools over the cost of maintaining and operating elementary schools for normal children.

Section —. Schools for Crippled Children.) No. 1. Be It Enacted by the People of the State of Illinois, Represented in the General Assembly: That boards of education and school directors shall be empowered to establish and maintain classes and schools for the education and instruction of crippled children, residents of such cities.

Section —. Acquisition of Sites.) No. 2. Such boards of education may acquire sites for such schools anywhere within the counties in which said cities are situated in the same manner as is provided for the acquirement of public school sites in said cities, and authority is hereby expressly granted for this purpose.

Section —. Power of Board of Education Over Such Schools.) No. 3. Any board of education establishing and maintaining such classes, school or schools, may also employ supervisor and all other necessary officers, agents, and teachers for such schools, and shall prescribe the method of discipline and the courses of instruction therein, and shall exercise the same powers and perform the same duties as are prescribed by law for the establishment, maintenance and management of other classes and schools, and in addition thereto, shall have all powers necessary to carry the terms and provisions of this Act into operation and effect.

Section —. Qualification of Teachers.) No. 4. No person shall be employed to teach any class or classes in such school or schools, who shall not have first obtained as provided by law, a certificate of qualification for teaching in such school or schools. All classes or schools maintained for the crippled children shall be established for the benefit of crippled children between the ages of 3 and 21 years. But no person shall be authorized or employed to teach the crippled children, who shall not have received instruction in the methods of teaching the crippled children, for a term of not less than one year.

Section —. Board of Education to Keep Accurate Account of Cost.) No. 5. Any board of education establishing such school or schools, shall keep an accurate, detailed and separate account of all moneys paid out by it for the maintenance of such classes or schools, and for the instruction and care of the pupils attending them, and shall report the same to the Board of Administration for approval on vouchers prescribed by said board on or before the third Monday in August in each year, together with the excess cost for each and every such pupil for each school year ending in

June, over the last ascertained average cost to such board of education for the instruction of normal children in the elementary public schools of the city for a like period of time of attendance, as such excess may be determined and computed by said board of education.

Section — Excess Cost to Be Paid by State—Limitation as to Amount.) No. 6. The aggregate excess cost of the maintenance of such classes and schools as determined, computed and reported by the board of education as provided in Section 5 of this Act shall be, and the same is hereby made a charge against the State of Illinois and such excess cost shall be paid annually to such board of education on the warrant of the Auditor of Public Accounts out of any money in the Treasury appropriated for such purposes, on presentation of proper vouchers approved by the Board of Administration; Provided, however, that such excess cost for each pupil shall not exceed the following amount:

For crippled children. \$150.00 a pupil.

Section — Superintendent of Public Instruction to Supervise.) No. 7. All classes and schools established according to any of the provisions of this Act shall be subject to the supervision of the Superintendent of Public Instruction.

Section — Auditor to Draw Warrant on Order of Board of Administration.) No. 8. The Auditor of Public Accounts is hereby authorized and directed to draw his warrants on the State Treasurer on or before the first Monday in September of each year for the respective sums of excess cost therefore reported to him, as provided in Section 6 of this Act, upon the order of the Board of Administration.

Certificates—Award of—Correct Report.

The Committee on School Management recommends the adoption of the following report in lieu of Report No. 19519 adopted by the Board of Education at the regular meeting held December 19, 1912:

"The Superintendent recommends that Catherine C. Smith, who graduated from the Normal School in April, 1912, and who has since passed the required physical examination be awarded a certificate to teach in the elementary schools.

"The Superintendent further recommends that L. Day Perry, who passed the academic examination for a certificate as elementary manual training teacher, and that Eloise Bidwell Lowes, who passed the academic examination for an elementary teacher's certificate, and who have since passed the required physical examination, be awarded certificates."

No objections having been made to any of the recommendations contained in the several reports submitted, on motion of Judge Vincent the reports were received and the recommendations contained therein were adopted, such adoption being declared to have been the action of the Board on each individual recommendation:

Yeas—Messrs. Smietanka, Vincent, 'Lipsky', Harding, Mrs. MacMahon, Messrs. Huttman, Dibelka, Kelly, Erikson, Dr. Warning and Mr. Reinberg—13.

ELECTION OF TEACHERS.

On motion of Judge Vincent the Secretary was instructed to cast one ballot for each member present for the election of the teachers named in the report.

The Secretary cast one ballot for each member present for the election of the persons named in the reports and so reported to the Board, whereupon the Chair declared the persons named to have been duly elected to their respective positions.

BUILDINGS AND GROUNDS

Mr. Sethness, Chairman of the Committee on Buildings and Grounds presented reports of the Committee, as follows:

(19816)

Request Granted—Use of Board Room.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools stating that the Council of the Parent-Teachers Association of Chicago and Vicinity requests the use of the assembly room

of the Board three times during the year without cost and recommending that the request be granted.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(19817)

Request Granted—Use of Gymnasium—Brentano School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools stating that application has been received from Mr. L. H. Keeve, 2626 North Maplewood Avenue, in behalf of the Northwest Baseball League for the use of the gymnasium of the Brentano School on Thursday evening of each week except the second Thursday of the month, from January 9 to April 17, 1913, and recommending that the request be granted subject to the usual terms and restrictions.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(19818)

Request Granted—Use of Assembly Hall—Emmet School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools stating that an application has been received from Mr. H. C. Patterson in behalf of the Austin Heights Neighborhood Association, for the use of the assembly hall in the Robert Emmet School, W. Madison Street and Pine Avenue, on the first Friday of each month from 8:00 to 9:30 p. m., for a period of four months and recommending that the request be granted subject to the usual terms and restrictions.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(19819)

Request Granted—Use of Hall—Fiske School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools stating that application has been received from Mr. Jose W. Hoover, Room 819, New York Life Building, in behalf of the Seventh Ward Progressive Club, for the use of the assembly hall of the Fiske School, 62nd Street and Ingleside Avenue, on the evening of February 12, 1913, for a meeting of the Club for the celebration of Lincoln's Birthday and recommending that the request be granted subject to the usual terms and restrictions.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(19820)

Request Granted—Use of Cooper or Jirka Schools.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools transmitting the following request from the Allied Groups of the Polish National Alliance:

"The Allied Groups of the Polish Alliance of the Southwest part of the City of Chicago, aided by the Women's Central Department of the Polish National Alliance, have organized 'Saturday classes for the Polish instruction' for the benefit of the children attending Public Schools in the Polish Settlements, the lessons in this locality are given by a competent teacher whom the Alliance pays, and are held every Saturday morning from 10 a. m. to 12 M., with the anticipation of holding a vacation school after the termination of the regular school year.

"For successful studies, it must be admitted that the surroundings bear important part upon the progress of the pupils, as they being accustomed during their regular studies to a class room, where the studies are of more sincere effort. This locality lacks such accommodations outside of those furnished by the schools Cooper and Jirka. The children studying in this class are compelled to enter the class through a basement passageway connecting direct with a barroom conducted together with a dance hall, and our class at this time is a ordinary lodge meet room with no school facilities.

"In view of all these inconveniences, and moral dangers of the children, this committee begs you and the honorable body, the Board of Education, for a leave of privilege to use one class-room in either of the above mentioned schools, on each Saturday a. m., where the environments should be active enough to produce double the results, which this committee desires to effect, upon the limited time available for this purpose.

"Trusting that our co-operation asked, will be granted, which will without doubt prove to be of mutual interest, received by the future citizens of this city."

The Committee recommends that the request be granted with the understanding that it shall be in accordance with the Rules and on payment of the regular schedule rates and under the usual restrictions regarding the use of school buildings.

(19821)

Lunch Room—Grant Concession—Senn High School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools stating that the Rogers Park Woman's Club is ready to assume the management of the lunch room in the Nicholas Senn High School, Ridge and Francis Avenues, and that the lunches furnished by this Club to the pupils will, in all probability, be equal to those furnished by the Lake View Woman's Club to the pupils at the Lake View High School, and recommending that the Rogers Park Woman's Club be empowered

to assume the management of the lunch room in the Nicholas Senn High School subject to supervision of the Principal of the school.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(19822)

Gas Stove and Sink—Install—Pulaski School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools recommending that authority be given for the installation of a gas stove and sink, together with necessary connections, for the lunch room in the Pulaski School, N. The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(19830)

Electric Light — Provide — Goodrich School.

The Committee on Buildings and Grounds reports that it is in receipt of a communi-

cation from the Superintendent of Schools recommending that electric lighting facilities be provided in the assembly hall of the Goodrich School, Sangamon and Taylor Streets, at an estimated expense of \$400.00.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(19831)

Electric Light — Provide — Skinner School.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools recommending that electric lighting facilities be provided for the Skinner School Building at an estimated expense of \$1,000.00.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(19832)

Pianos — Purchase — Sundry Schools.

The Committee on Buildings and Grounds reports that it is in receipt of a communication from the Superintendent of Schools recommending that a Hardman Piano be purchased for the new assembly hall at the Hammond School, 21st Place near California Avenue, and for the assembly halls of the Delano School, Adams Street and Springfield Avenue, and the Kenwood School, Washington Avenue and 50th Street, at the contract price of \$250.00 or a total of \$750.00, to be provided from the Permanent Fund.

The Committee recommends concurrence by the Board in the above suggestions of the Superintendent.

(19856)

Voucher — Issue Special — Hanley-Casey Company—Hyde Park High School.

Your Committee on Buildings and Grounds reports that it has received request from Hanley-Casey Company, contractor for plumbing and gas fitting at the Hyde Park High School building, 62nd Street and Stony Island Avenue, for payment on account in the sum of \$3,500.00. This is to be a special payment inasmuch as it exceeds the 85 per cent allowed by the Board, but will leave a balance of \$469.55, which is more than ample to complete the unfinished portion of the work. The surety company submits to the

payment of this amount without waiving the obligations of its bond and inasmuch as the contractor is unable to finish the work at the present time owing to existing conditions over which it has no control your Committee recommends concurrence in its request.

(19857)

Office and Business Employees—Senn High School.

Your Committee on Buildings and Grounds recommends that authority be granted to employ at the Senn High School, Ridge and Francis Avenues, to assist in the cleaning of the building two janitors on the basis of \$60.00 a month each from February 1, 1913.

(19858)

Extend Water Pipe—Chicago Normal Arts and Gymnasium Building—Water Pipe Extension Bureau.

Your Committee on Buildings and Grounds reports that at a meeting of the Board held October 30, 1912, Report No. 19170 was adopted accepting proposition from the Bureau of Water Pipe Extension for the extension of 6 inch water main, valves, fittings, etc., to provide adequate water facilities at the Chicago Normal Arts and Gymnasium Building, 68th Street and Stewart Avenue, in the sum of \$450.00. Subsequently an additional bill in the sum of \$83.28 was received from this Bureau for extra work involved in connection with this extension, it being stated that the original proposition submitted was an estimate, and in view of the fact that extensions of this character are made solely by the above Bureau and perhaps at a considerable less cost than private contractor, your Committee recommends that issuance of warrant covering the additional amount as aforesaid.

(19859)

Grant Authority to Provide New Connection to Tile Pipe, Lake High School Building.

Your Committee on Buildings and Grounds reports that the air duct leading from fan blower to forges at the Lake High School Building, W. 47th Place and Union Avenue, leaks air. This matter has been examined by the Bureau of Repairs and it was found that the air leaks through brick walls in the engine room and foundry, which may be repaired by the installation of new connection to tile pipe from blower and cementing up the openings in tile pipe.

Your Committee further reports that this work may be performed by the Bureau of Repairs for the approximate sum of \$25.00, and recommends that authority be granted to proceed with the work.

(19860)

Grant Authority for Testing Heating and Ventilating Apparatus—Sundry Schools.

Your Committee on Buildings and Grounds recommends that authority be granted the Chief Engineer to have the heating and ventilating apparatus in sundry school buildings tested for the ensuing year when necessary, said test to be performed under the jurisdiction of the Secretary.

(19861)

Extra Work—Ventilation—Award Contract—New Hyde Park High School.

Your Committee on Buildings and Grounds reports that subsequent to the preparation of specifications for ventilation at the new Hyde Park High School building, 62nd Street and Stony Island Avenue, it was found necessary to extend connecting galvanized iron duct from plenum chamber under assembly hall to west entrance, the tile part having been placed heretofore. Proposition was received from Hunter-Clark Company in the sum of \$25.00 for the extra work involved, which has been checked and found to be reasonable, and your Committee recommends its acceptance.

(19862)

Feed Water Heater—Grant Authority for Repairs to—Work Shop.

Your Committee on Buildings and Grounds reports that the feed water heater at the Work Shop, 762 W. Monroe Street, is in need of repairs, which will necessitate the disconnecting of it to insure its thorough overhauling. In its present condition it is impossible to ascertain precisely what repairs are essential, but it is estimated that the expense involved will approximate \$100.00 in placing it in first-class operation, and your Committee recommends that authority be granted to proceed with this work.

(19863)

Electric Service—Grant Authority for Extension of Electric Wires—Stereopticon—Revere School Building.

Name *Irving Park School the Albert R. Sabin School—Recommitted.*

The Committee on Buildings and Grounds recommends that the name of the Irving Park School be changed to the Albert R. Sabin School.

On motion of Judge Vincent this report was recommended.

No objections having been made to any of the recommendations contained in the several reports submitted, except Report No. 19890, which was recommended on motion of Judge Vincent, on motion of Mr. Sethness the reports were received and the recommendations contained therein were adopted, such adoption being declared to have been the action of the Board on each individual recommendation.

Yeas—Messrs. Smietanka, Vincent, Llp-sky, Harding, Mrs. MacMahon, Messrs. Huttman, Dibelka, Sethness, Sonsteb, Kelly, Erikson, Dr. Warning and Mr. Reinberg—13.

Nays—None.

FINANCE

Mr. Sethness, member of the Committee on Finance, presented reports of the Committee, as follows:

(19891)

Issue Duplicate Warrant.

The Committee on Finance respectfully reports that it is in receipt of a request from Gerhard Carstens, 1657 Byron Street, Chicago, for a duplicate warrant in lieu of warrant No. 28793, in the sum of \$19.50, drawn in favor of Susie M. Weaver, substitute teacher, for services in December, 1912. Mr. Carstens cashed said warrant for Miss Weaver, and it was lost or destroyed while in his possession. Mr. Carstens has signified his willingness to file with the Secretary of the Board a satisfactory indemnity bond, and

The Committee recommends that a duplicate warrant be drawn in lieu of warrant No. 28793, in a like amount, to the order of Susie M. Weaver for the use of Gerhard Carstens, after a satisfactory indemnity bond shall have been filed with the Secretary.

(19892)

Issue Duplicate Warrant.

The Committee on Finance respectfully reports that it is in receipt of a request from Ethel J. Rassweiler, teacher in the Waller High Evening School, for a duplicate salary warrant in lieu of original warrant No. 19754, in the sum of \$57.00, issued to her for services in December, 1912, which was lost.

The Committee further reports that it has considered the matter, and recommends that the Secretary be authorized to issue a duplicate warrant for a like amount when Miss Rassweiler shall have filed with the Secretary the necessary indemnity bond.

(19893)

BOARD OF EDUCATION

REGULAR MEETING

OFFICIAL REPORT

CHICAGO, FEB. 19th, 1913

The President, Mr. Reinberg, took the Chair and called the meeting to order.

The President stated he had just been informed of the passing away of Mrs. John Farren, mother of Mrs. John MacMahon, member of the Board of Education. It was ordered that action be taken instructing the Business Manager to send a floral tribute to the home of Mrs. John MacMahon, expressing the sympathy of the Board on the death of her mother,

Mrs. Farren; also that provision be made for members to attend the funeral.

Board Take Recess.

Mr. Sonstebly moved that the Board take a recess until Monday, February 24, 1913, at 4 p. m.

Seconded by Mr. Kelley and so ordered.

LEWIS E. LARSON

Secretary.

BOARD OF EDUCATION

ADJOURNED REGULAR MEETING

OFFICIAL REPORT

CHICAGO, FEBRUARY 24th, 1913

In the absence of the President, the Vice-President, Mr. Huttman, took the Chair and the meeting being called to order there were then

Present—Judge Vincent, Messrs. Lipsky, Harding, Dibelka, Sethness, Sonstebly, Kelly, Rothmann, Loeb, Dr. Warning and Mr. Huttman. 11.

Absent—Messrs. Cameron, Urlon, Dean Sumner, Messrs. Smietanka, Sears, Mrs. MacMahon, Mr. Erikson, Dr. McFatrach and Mr. Reinberg. 9.

Amend Proceedings of January 22, 1913.

It was ordered that the Proceedings of January 22, 1913, page 697 be amended by inserting in the "Introduction of Mr. Jacob M. Loeb" after the words "and now President of one of the largest" the words "Private Educational Institute."

Approval of Record of Proceedings.

On motion of Judge Vincent, seconded by Mr. Kelly, the reading of the record of the regular meeting held February 5, 1913, was dispensed with and the record thereof as printed, was approved.

*Thanks Tendered the Board by
Mrs. John MacMahon.*

The Secretary presented the following communication from Mrs. John MacMahon: "The family of Mrs. Farren deeply appreciate the expression of sympathy of the Chicago Board of Education."

On motion of Judge Vincent, seconded by Mr. Kelly, the communication was received and ordered printed in the Proceedings.

Resignation of Judge Nathaniel C. Sears.

The Secretary presented the following communication from Judge Sears:

(19894-A)

Chicago, January 30, 1913.

*To the President and Members of the
Board of Education of the City of
Chicago:*

Gentlemen:

Because of the fact that frequent necessary absences from the City and my professional work while here make it im-

possible for me to properly attend the meetings of the Board and of committees of which I am a member, I have very reluctantly tendered to the Mayor my resignation as a member of the Board.

My relations with the Board and all of its members have been of unqualified cordial friendship. I fully appreciate the patriotic and loyal service which this Board is rendering to the school interests of Chicago and I regret the necessity which leads me to end my affiliation with you.

I find pleasure in the belief that friendships formed while I have been a member of the Board will continue after my official connection with you has ended.

Yours very sincerely,
NATHANIEL C. SEARS.

Judge Vincent moved that the communication be received and printed in the Proceedings and that the Chairman appoint a Committee of Three to draft suitable resolutions on the resignation of Judge Sears:

Seconded by Mr. Kelly and so ordered. The Chair appointed Judge Vincent, Messrs. Rothmann and Loeh as such special Committee.

(19894-B)

Correct Report Fixing Salary of Principal of Newberry School.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that in Report No. 19621, in the Official Proceedings of the Board of January 8, recommending the election of Albert A. Evans to the principalship of the Newberry School, \$2600 should have been \$2700, and \$100 should have been \$200.

The Superintendent recommends that the above corrections be made in that report.

The Superintendent also recommends that Report No. 19693, adopted January 22, 1913, be amended so as to provide that the election of Frank H. Chase to the principalship of the Motley School with an advance of \$200 over and above the salary of his present position; this recommendation being in accordance with the transfer of high school teachers to principalships.

The Superintendent further recommends that Report No. 19528 adopted Dec. 27, 1912, page 617, be amended so as to provide that the election of B. Frank Brown to the principalship of the Lake View High School be with an advance of \$200.00 above the salary which he was receiving as assistant to the Principal.

(19001)

Transfer and Elect Principals of High Schools.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools recommends that Avon S. Hall, who has for more

than twenty years been principal of the Calumet High School, a school of less than four hundred high school pupils, and of the upper grades of the Auburn Park School, be transferred to the principalship of the Medill High School, which is a larger school, consisting of high and elementary schools; and that Grant Beehe, assistant to the principal of the Laue Technical High School, and who holds both a high school certificate and an elementary principal's certificate, be transferred to the principalship of the Calumet High School and the upper grades of the Auburn Park School, at a salary of two hundred dollars in advance of the one which he is now receiving at the Lane Technical High School.

On motion of Mr. Sonstebly action on this report was deferred temporarily.

Subsequently Mr. Sonstebly withdrew his objections to the report.

Extend Date of Lapse of Certificate of Former Teacher.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that Mrs. Bertha Waska Hynek, a former teacher in the Chicago elementary schools

has applied for reappointment; that she has passed the required physical examination, but in the opinion of the physicians who examined her, it would be advisable for her to rest for at least two months. As Mrs. Hyneks certificate expires on February 8, 1913, the Superintendent recommends that the date of the lapse of her certificate be extended for two months.

(1910)

Lengthening School Day in Technical High Schools.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that the following report has been prepared for the Committee on Finance because the question was referred to the Superintendent by that Committee. Since, however, it is a strictly educational question, the report is first laid before your Committee.

"The Superintendent of Schools, to whom was referred the question of extending the school day of the Crane Technical High School from five to six hours per day, with corresponding increase of pay, for teachers, begs leave to report that this question is not a new one; that it involves a change in the rating as to the relative value of teachers in technical high schools, and of teachers in academic high schools. The Superintendent further reports that the joint committees representing the Northwestern, Chicago, and Illinois Universities in its report made January 25, 1913, emphasizes the need of more time for laboratory practice in science in the high schools of Chicago because an increase in time for these exercises is necessary in order to put subjects in science on a footing of equality with other high school subjects that require preparation and recitation. The Committee further states that the nature of the practice in laboratories is duly recognized in colleges and in high schools by assigning double periods, and that it thinks a serious mistake is being made in curtailing the laboratory practice in science.

"In consideration of the requests and suggestions that more time be given to shop work and more time to laboratory practice in science and of the time outside of the regular school hours devoted by teachers of academic subjects to examination of written exercises, the Superintendent recommends that the shop and laboratory periods in the high schools of Chicago be extended to double periods and wherever necessary in order to meet this requirement the teachers of shop work or of laboratory practice be required to serve a day of six hours with the definite understanding that there shall be no difference based on time in salaries of teachers of academic subjects, teachers of technical or manual training, and teachers of science."

On motion of Mr. Sonstebly this report was referred to Committee on Finance.

(1911)

Change Section 104 of Rules of Education Division.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

The Superintendent of Schools reports that the Committee on Finance has apportioned money with which to purchase materials and tools to be used in construction work, in addition to the appropriations for manual training and household arts. The Superintendent recommends that Section 104 of the Rules of the Education Division of the Board of Education be expunged from said rules.

The Superintendent reports that although Section 93 of the Rules of the Education Department of the Board of Education is observed by the teaching corps, yet there are contributions taken for school purposes, such as the rental of pianos, the purchase of flowers for decoration of the rooms, the presentation of a gift to the school by the graduating class. The Superintendent recommends that in the place of Section 104 there be inserted the following:

CONTRIBUTIONS. No contribution for any purpose shall be permitted in the public schools, unless said contribution is specially and definitely authorized by the Board of Education."

(1912)

Secure One-Fare Rate for Students in Normal College.

The Committee on School Management reports that it is in receipt of the following report from the Superintendent of Schools, and recommends concurrence therein:

"The Superintendent of Schools reports that soon after the election to the office of Superintendent she called attention to the necessity for securing from the railways—elevated and surface—some concession by which students attending the Normal College should pay only one fare each way from the home to the school. As yet no concession has been obtained by the Board. The Superintendent recommends that the Board take action toward securing a one-fare rate between the home and the Chicago Normal College, for all students in the Normal College."

The Committee further recommends that steps be taken to secure a one-fare rate for all pupils attending the public high schools.

*Committee on Buildings and Grounds,**Board of Education of the City of Chicago.*
Gentlemen:—

In condemnation proceeding Gen. No. 316,988 in the Circuit Court of Cook County, entitled "City of Chicago, In Trust for the Use of Schools, vs. G. Borden, et al." a trial has been had and verdict rendered.

In this proceeding Lots nine (9), ten (10) and fifteen (15), in Block ten (10) in School Section Addition, a Subdivision of Section sixteen (16), Township thirty-nine (39) North, Range fourteen (14), East of the Third Principal Meridian, together with the improvements thereon, situated in the City of Chicago, County of Cook and State of Illinois, are condemned. Said property has a frontage of 150 feet on Forquer Street, east of Halsted Street, and a depth of 119.4 feet, abutting property of the Detention Home School on Ewing Street. The jury awarded the respondents the following sums:

To the owner of and parties interested in the E. ½ of Lot 9 aforesaid, together with the improvements thereon, excepting only the rear frame building, the sum of	\$ 7,250.00
To the owner of and parties interested in the W. ½ of Lot 9 aforesaid, exclusive of the improvements thereon, the sum of	\$ 5,500.00
To the owners of and parties interested in Lot 10 aforesaid, together with the improvements thereon, the sum of	\$11,250.00
To the owner of and parties interested in the E. ½ of Lot 15 aforesaid, together with the improvements thereon, the sum of	\$ 5,600.00
To the owner of and parties interested in the W. ½ of Lot 15 aforesaid, together with the improvements thereon, the sum of	\$ 6,850.00
One Dollar to each of 24 tenants, residing on said premises....	24.00
Costs of suit.....	15.00

Total

\$36,489.00
This verdict is, in our opinion, just and reasonable, and we request that your Committee recommend to the Board of Education of the City of Chicago the issuance of a proper warrant in the sum of \$36,489.00, payable to the County Treasurer of Cook County, for the use of the respondents in the case. Upon the payment of the said amount to the County Treasurer, a good title to the above described property will vest in the City of Chicago, in Trust for the Use of Schools, for the uses and purposes set forth in the petition filed in said cause.

Accompanying this report is a blue print of the survey of the property in question.

Respectfully submitted,
(Signed) A. R. Shannon,
Attorney, Board of Education.

(19930)

Board of Education of the City of Chicago:

GENTLEMEN:—

In condemnation proceeding Gen. No. 319,031 in the Circuit Court of Cook County, entitled "CITY OF CHICAGO, IN TRUST FOR THE USE OF SCHOOLS, vs. CHRISTIAN W. FINWALL, ET AL," a trial has been had and verdict rendered.

In this proceeding Lots one (1), two (2), three (3), twenty-five (25) and twenty-six (26) in S. J. Christensen's Subdivision of that part of Lot five (5) lying south of the north 233 feet thereof, in Kimbell's Subdivision of the East half of the South west quarter and the West half of the South East quarter of Section twenty-six (26) Township forty (40) North, Range thirteen (13), East of the Third Principal Meridian, (except 25 acres in the North East corner) together with the improvements thereon, in Cook County, Illinois, are condemned.

Said property has a frontage of 87 feet on Monticello Avenue and 57 feet on Lawndale Avenue, by a depth of 125.26 feet in each instance, to a 16 foot alley south of and adjoining the 16 foot alley abutting the south line of the James Monroe School. The jury awarded the respondents the following sums, to-wit:

To the owner of and parties interested in Lot 1 aforesaid, the sum of	\$ 950.00
To the owner of and parties interested in Lot 2 aforesaid, together with the improvements thereon, the sum of	3,750.00
To the owners of and parties interested in Lot 3 and 26 aforesaid, the sum of	1,900.00
To the owner of and parties interested in Lot 25 aforesaid, together with the improvements thereon, the sum of	4,750.00
Cost of suit	12.00
Total	\$11,362.00

This verdict is, in our opinion, just and reasonable, and we request that your Committee recommend to the Board of Education of the City of Chicago the issuance of a proper warrant in the sum of \$11,362.00, payable to the County Treasurer of Cook County, for the use of the respondents in the case. Upon the payment of the said amount to the County Treasurer, a good title to the above described property will vest in the City of Chicago, in Trust for the Use of Schools, for the uses and purposes set forth in the petition filed in said case.

Accompanying this report, is a blue print of the survey of the property in question.

Respectfully submitted,

(Signed)

February 13, 1913.

Committee on Buildings and Grounds,

Board of Education of the City of Chicago.

GENTLEMEN:—

In condemnation proceeding Gen. No. 316, 318 in the Circuit Court of Cook County, entitled "City of Chicago, in trust for the use of Schools, vs. Charles D. Gano, et al," a trial has been had and verdict rendered as to the following parts of said site:

In this proceeding Lots twenty-seven (27) and thirty-one (31) in Block Five (5) in Fallis & Gano's Addition to Pullman, being a Subdivision of that part East of the West 49 acres of the East half of the South East quarter of Section twenty-one (21), Township thirty-seven (37) North, Range fourteen (14), East of the Third Principal Meridian, together with other property, are condemned. The jury awarded the respondents the following sums:

To the owner of and parties interested in Lot 27 aforesaid, the sum of	\$ 600.00
To the owner of and parties interested in Lot 31 aforesaid, exclusive of the improvements thereon, the same having been purchased back by the owner for \$275.00 the sum of	1,275.00
Costs of suit	6.00

Total

This verdict is, in our opinion, just and reasonable, and we request that your Committee recommend to the Board of Education of the City of Chicago the issuance of a proper warrant in the sum of \$1,881.00, payable to the County Treasurer of Cook County, for the use of the respondents in the case. Upon the payment of the said amount to the County Treasurer, a good title to the above described property will vest in the City of Chicago, in trust for the use of Schools, for the uses and purposes set forth in the petition filed in

said cause.

Accompanying this report is a blue print of the survey of the property in question.

Respectfully submitted,

(Signed)

A. R. SHANNON.

Attorney.
